NUCLEAR REGULATORY COMMISSION

Governors' Designees Receiving Advance Notification of Transportation of Nuclear Waste

On January 6, 1982 (47 FR 596 and 47 FR 600), the U.S. Nuclear Regulatory Commission (NRC) published in the **Federal Register** final amendments to 10 CFR parts 71 and 73 (effective July 6, 1982), that require advance notification to Governors or their designees by NRC licensees prior to transportation of certain shipments of nuclear waste and spent fuel. The advance notification covered in part 73

is for spent nuclear reactor fuel shipments and the notification for part 71 is for large quantity shipments of radioactive waste (and of spent nuclear reactor fuel not covered under the final amendment to 10 CFR part 73).

The following list updates the names, addresses, and telephone numbers of those individuals in each State who are responsible for receiving information on nuclear waste shipments. The list will be published annually in the **Federal Register** on or about June 30, to reflect any changes in information. Current State contact information can also be accessed throughout the year at <http://www.hsrdo.ornl.gov/nrc/special/designee.pdf>.

Questions regarding this matter should be directed to Rosetta O. Virgilio, Office of State and Tribal Programs, U.S. Nuclear Regulatory Commission, Washington, DC 20555, by e-mail at rov@nrc.gov or by telephone at 301-415-2367.

Dated at Rockville, Maryland this 8th day of June 2006.

For the U.S. Nuclear Regulatory Commission.

Dennis K. Rathbun,

Deputy Director, Office of State and Tribal Programs.

SECURITIES AND EXCHANGE COMMISSION**[Release No. 34-54038; File No. SR-CTA/CQ-2006-01]****Consolidated Tape Association; Notice of Filing and Immediate Effectiveness of the Eighth and Ninth Substantive Amendments to the Second Restatement of the Consolidated Tape Association Plan and the Sixth Substantive Amendment to the Restated Consolidated Quotation Plan**

June 23, 2006.

Pursuant to section 11A of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 608 thereunder,² notice is hereby given that on June 16, 2006, the Consolidated Tape Association ("CTA") Plan and Consolidated Quotation ("CQ") Plan participants ("Participants")³ submitted to the Securities and Exchange Commission ("Commission") proposals to amend the CTA and CQ Plans (collectively, the "Plans").⁴ The

proposals represent the eighth substantive amendment made to the Second Restatement of the CTA Plan ("Eighth Amendment to the CTA Plan"), the ninth substantive Amendment to the Second Restatement of the CTA Plan ("Ninth Amendment to the CTA Plan") and the sixth substantive amendment to the Restated CQ Plan ("Sixth Amendment to the CQ Plan"), and reflect changes unanimously adopted by the Participants. The Eighth Amendment to the CTA Plan would modify the procedures that apply to the Processor's recommencement of dissemination of the last sale price information in a security after the security's listing market declares the end to a regulatory halt in the security. The Ninth Amendment to the CTA Plan and the Sixth Amendment to the CQ Plan would add International Securities Exchange, Inc. ("ISE") and the Nasdaq Stock Market LLC ("Nasdaq") as new Participants to the Plans. In addition, these amendments would perform a "housekeeping" function of incorporating into the text of the Plans changes to the corporate names and addresses of some Participants.

Pursuant to Rule 608(b)(3)(ii) under the Act,⁵ the Participants designated the Eighth Amendment to the CTA Plan as concerned solely with technical or ministerial matters and designated the Ninth Amendment to the CTA Plan and the Sixth Amendment to the CQ Plan as concerned solely with the administration of the Plans. As a result, all three amendments have become effective upon filing with the Commission. At any time within 60 days of the filing of the amendments, the Commission may summarily abrogate the amendments and require that such amendments be refiled in accordance with paragraph (a)(1) of Rule 608 and reviewed in accordance with paragraph (b)(2) of Rule 608, if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or the maintenance of fair and orderly markets, to remove impediments

to, and perfect the mechanisms of, a national market system or otherwise in furtherance of the purposes of the Act. The Commission is publishing this notice to solicit comments from interested persons.

I. Description and Purpose of the Proposed Amendments**A. Application of Listing Market Regulatory Halt Procedures**

The Eighth Amendment to the CTA Plan proposes to modify the procedures that apply to the Processor's recommencement of dissemination of last sale price information in a security after the security's listing market declares the end to a regulatory halt in the security.

Currently, the CTA Plan prescribes procedures for re-opening trading in a security after the end of a regulatory trading halt. The Participants propose to remove those procedures from the CTA Plan and to replace them with a cross reference to the procedures governing the reopening of a security after a regulatory halt as set forth in the rules of the listing market for the security. Therefore, the reopening procedures set forth in the rules of the security's listing market, rather than the procedures set forth in the CTA Plan, would govern the security's reopening after a regulatory halt. In the case of a security that is listed simultaneously on more than one market, the reopening procedures of the market on which the security was first listed would apply.

The Participants believe that the change is necessary because the reopening procedures of listing markets have come to diverge from one another and from those set forth in the CTA Plan. (See, e.g., NYSE Rule 123D ("Openings and Halts in Trading") and AMEX Rule 119 ("Indications, Openings and Reopenings")). The amendment removes any inconsistency between reopening procedures under the CTA Plan and reopening procedures under the rules of the listing market.

The Participants also propose to replace references to primary market in Section XI(a) of the CTA Plan with references to listed market.

¹ 15 U.S.C. 78k-1.² 17 CFR 242.608.

³ Each Participant executed the proposed amendments. The current Participants are the American Stock Exchange LLC ("Amex"); Boston Stock Exchange, Inc. ("BSE"); Chicago Board Options Exchange, Inc. ("CBOE"); Chicago Stock Exchange, Inc. ("CHX"); National Association of Securities Dealers, Inc. ("NASD"); National Stock Exchange ("NSX"); New York Stock Exchange, LLC. ("NYSE"); NYSE Arca, Inc. ("NYSE Arca"); and Philadelphia Stock Exchange, Inc. ("Phlx").

⁴ See Securities Exchange Act Release Nos. 10787 (May 10, 1974), 39 FR 17799 (order approving CTA Plan); 15009 (July 28, 1978), 43 FR 34851 (August 7, 1978) (order temporarily approving CQ Plan); and 16518 (January 22, 1980), 45 FR 6521 (order permanently approving CQ Plan). The most recent restatement of both Plans was in 1995. The CTA Plan, pursuant to which markets collect and disseminate last sale price information for listed securities, is a "transaction reporting plan" under Rule 601 under the Act, 17 CFR 240.601, and a "national market system plan" under Rule 608 under the Act, 17 CFR 240.608. The CQ Plan, pursuant to which markets collect and disseminate bid/ask quotation information for listed securities, is also a "national market system plan" under Rule 608 under the Act, 17 CFR 240.608.
