SUPPLEMENTARY INFORMATION:

Need for Correction

The FAA published a document on June 14, 2006 (71 FR 34288) that issued proposed special conditions. In the document heading, the notice number "23-06-03-SC" appears. However, the correct notice number is "23-06-04-SC." This document corrects that error.

Correction of Publication

Accordingly, the preamble of the proposed special conditions is revised to remove the notice number "23-06-03-SC" and to replace it with "23-06-04-SC" wherever it appears in the document.

Comments Invited

Interested persons are invited to submit such written data, views, or arguments, as they may desire. Communications should identify the regulatory docket or notice number and be submitted in duplicate to the address specified above. All communications received on or before the closing date for comments will be considered by the Administrator. The proposed special conditions may be changed in light of the comments received. All comments received will be available in the Rules Docket for examination by interested persons, both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerning this rulemaking will be filed in the docket. Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this notice must include a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. CE248." [Docket No. NM346, Notice No. 25-06-05-SC]

Special Conditions: Airbus Model A380-800 Airplane; Reinforced Flightdeck Bulkhead

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed special conditions; correction.

SUMMARY: This document corrects an error that appeared in Docket No. NM317, Notice No. 25-05-12-SC, which was published in the **Federal Register** on April 11, 2006 (71 FR 18236). The error is in the Docket No. and the Notice No. and is being corrected herein.

DATES: *Effective Date:* The effective date of this correction is June 15, 2006.

FOR FURTHER INFORMATION CONTACT: Madeleine Kolb, FAA, Standardization Branch, ANM-113, Transport Airplane Directorate, Aircraft Certification Service, 1601 Lind Avenue, SW., Renton, WA 98055-4056; telephone (425) 227-2799; facsimile (425) 227-1149.

SUPPLEMENTARY INFORMATION: The document designated as "Docket No. NM317, Notice No. 25-05-12-SC" was published in the **Federal Register** on April 11, 2006 (71 FR 18236). The document proposed special conditions pertaining to the reinforced flightdeck bulkhead for the Airbus Model A380-800 airplane.

As published, the document contained an error in that the Docket No. was shown as NM317, and the Notice No. was shown as 25-05-12-SC; these are the numbers of a separate set of special conditions, pertaining to flotation and ditching for the Airbus Model A380-800 airplane. To avoid confusion, a new Docket No., NM346, and a new Notice No., 25-06-05-SC, have been assigned to "Special Conditions: Airbus Model A380-800 Airplane, Reinforced Flightdeck Bulkhead."

Since no other part of the regulatory information has been changed, the Notice of proposed special conditions is not being republished.

Correction

In Notice of proposed special conditions document [FR Doc. E6-5240 Filed 4-10-06; 8:45 am] and published on April 11, 2006 (71 FR 18236), make the following correction:

1. On page 18236, in the first column in the Headings section, correct "Docket No. NM317; Notice No. 25-05-12-SC" to read "Docket No. NM346; Notice No. 25-06-05-SC."

Issued in Renton, Washington on June 15, 2006.

Ali Bahrami,

Manager, Transport Airplane Directorate,
Aircraft Certification Service.
