Any questions concerning this application may be directed to Matthew R. Bley, Manager, Gas Transmission Certificates, Dominion Transmission, Inc., 120 Tredegar Street, Richmond, Virginia 23219, telephone no. (804) 819-2877, facsimile no. (804) 819-2064 and e-mail: Matthew_R_Bley@dom.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, before the comment date of this notice, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

[Docket No. CP06-417-000]

National Fuel Gas Supply Corporation; Notice of Application

July 19, 2006.

Take notice that on July 10, 2006, National Fuel Gas Supply Corporation (National Fuel), 6363 Main Street, Williamsville, New York 14221, filed in Docket No. CP06-417-000, an application pursuant to section 7(c) of the Natural Gas Act (NGA) and part 157 of the Commission's Regulations, for authorization to convert two observation wells to withdrawal status and for the construction and operation of approximately 1,340 feet of 4-inch diameter pipeline located in Allegany County, New York, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

In its application, National Fuel proposes the conversion of Wells SC-517 and SC-519 from observation to withdrawal status to facilitate the recovery of gas that has migrated from National Fuel's Beech Hill Storage Field into the previously certificated Beech Hill Annex area and allow for more effective pool operation. The filing further indicates that the purpose of the construction of the 4-inch pipeline is to connect the wells to National Fuel's existing pipelines in Beech Hill. The total cost of the project is estimated to be approximately \$1.6 million.
