SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Rule 15c3-4; SEC File No. 270-441; OMB Control No. 3235-0497.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 15c3-4 (17 CFR 240.15c3-4) (the "Rule") under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (the "Exchange Act") requires certain broker-dealers that are registered with the Commission as OTC Derivatives Dealers to establish, document, and maintain a system of internal risk management controls. The Rule sets forth the basic elements for an OTC Derivatives Dealer to consider and include when establishing, documenting, and reviewing its internal risk management control system, which are designed to, among other things, ensure the integrity of an OTC Derivatives Dealer's risk measurement, monitoring, and management process, to clarify accountability at the appropriate organizational level, and to define the permitted scope of the dealer's activities and level of risk. The Rule also requires that management of an OTC Derivatives Dealer must periodically review, in accordance with written procedures, the OTC Derivatives Dealer's business activities for consistency with its risk management guidelines.

The staff estimates that the average amount of time an OTC Derivatives Dealer will spend

implementing its risk management control system is 2,000 hours and that, on average, an OTC Derivatives Dealer will spend approximately 200 hours each year reviewing and updating its risk management control system. Currently, five firms are registered with the Commission as an OTC Derivatives Dealer. The staff estimates that approximately one additional OTC Derivatives Dealer may become registered within the next three years. Accordingly, the staff estimates the total hour burden for six OTC Derivatives Dealers to be 1,200 hours annually.

The staff believes that the cost of complying with Rule 15c3-4 will be approximately \$205 per hour.¹ This per hour cost is based upon an annual average hourly salary for a compliance manager who would be responsible for ensuring compliance with the requirements of Rule 15c3-4. The total annual cost for all affected OTC Derivatives Dealers is estimated to be \$246,000, based on 1,200 hours at \$205 per hour.

The records required to be made by OTC Derivatives Dealers pursuant to the Rule and the results of the periodic reviews conducted under paragraph (d) of Rule 15c3-4 must be preserved under Rule 17a-4 of the Exchange Act (17 CFR 240.17a-4) for a period of not less than three years, the first two years in an accessible place. The Commission will not generally publish or make available to any person notice or reports received pursuant to the Rule. The statutory basis for the Commission's refusal to disclose such information to the public is the exemption contained in Section (b)(4) of the Freedom of Information Act, 5 U.S.C. 552, which essentially provides that the requirement of public dissemination does not apply to commercial or financial information which is privileged or confidential.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Comments should be directed to (i) the Desk Officer for the SEC, Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503 or by sending an e-mail to: David_Rostker@omb.eop.gov;

¹ Based on the average annual salary for a Compliance Manager based inside New York City of about \$69,000, as reflected in SIA Management and Professional Earnings for 2005, modified to account for an 1,800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead.
