Copies of the OMB 83-Is and supporting statements and approved collection of information instruments are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Proposal to approve under OMB delegated authority the extension for three years, without revision, of the following report:

Report title: Domestic Branch Notification

Agency form number: FR 4001

OMB control number: 7100-0097

Frequency: On occasion

Reporters: State member banks

Annual reporting hours: 2,244 hours

Estimated average hours per response: 30 minutes for expedited notifications;

1 hour for nonexpedited notifications

Number of respondents: 382

expedited; 2,053 nonexpedited

General description of report: This information collection is mandatory per Section 9(3) of the Federal Reserve Act (12 U.S.C. § 321) and is not given confidential treatment.

Abstract: The Federal Reserve Act and Regulation H require a state member bank to seek prior approval of the Federal Reserve System before establishing or acquiring a domestic branch. Such requests for approval must be filed as notifications at the appropriate Reserve Bank for the state member bank. Due to the limited information that a state member bank generally has to provide for branch proposals, there is no formal reporting form for a domestic branch notification.
