

index strike pricing rules of other option exchanges.⁵

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transaction in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule should allow the Exchange to set strike prices at levels that would maximize pricing efficiency and trading opportunities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

No written comments were either solicited or received.

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

After careful review, the Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder, applicable to a national securities exchange.⁸ In particular, the Commission believes that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁹ which requires among other things, that the rules of the Exchange are designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transaction in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission believes that the proposed rule change should provide the Exchange with the

flexibility to efficiently price index options by allowing the Exchange to list \$2.50 strike price intervals only on certain index options delineated in this rule.

The Phlx has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**. The Commission notes that other option exchanges have similar rules permitting the listing of \$2.50 strike price intervals on certain delineated index options.¹⁰ The Commission believes that granting accelerated approval of the proposal should allow the Phlx to conform its rules to those of other option exchanges without delay. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,¹¹ for approving the proposed rule change, as amended, prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹² that the proposed rule change (SR-Phlx-2005-43) and Amendments No. 1, 2, and 3 thereto be, and hereby are, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹³

Assistant Secretary.

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to authorize the release of a portion of the airport property. The City of Oconto WI is proposing to swap 13.9 acres of existing airport land for 13.9 acres of land from an adjacent landowner. The swap will allow the airport to acquire land in fee that lies under the approach to Runway 22. Both parcels are vacant land in the northeast corner of the airport and are deemed of equal value. The acreage being released is not needed for aeronautical use as

currently identified on the Airport Layout Plan.

The acreage comprising this parcel was originally acquired under Grant No. AIP 3-55-SBGP-20-04 (Oconto AIP-06). The City of Oconto (Wisconsin), as airport owner, has concluded that the subject airport land is not needed for expansion of airport facilities. There are no impacts to the airport by allowing the airport to dispose of the property. No revenue will be derived as the parcels are of the same value. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the disposal of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.
