

it meets this requirement because it deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

The Commission further believes that the proposal is consistent with Section 11A(a)(1)(C)(iii) of the Act,<sup>21</sup> which sets forth Congress' finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. Quotations for and last sale information regarding the Shares are publicly available on the Web site of the Funds and Amex. Such Web sites also disseminate information about the current and most recent NAV per Share, the Bid-Ask Price of the Shares, and discount and premium information of the Bid-Ask Price against the NAV. The Index Sponsor calculates and publishes through the facilities of the CT and major market data vendors the intra-day values of each Index at least every 15 seconds during regular trading hours and the closing levels of each Index. In addition, Amex disseminates through the CT for each of the Funds on a per-Share basis an updated Indicative Fund Value, which generally reflects the cash required for creations and redemptions of Shares, at least every 15 seconds during the trading day. The Administrator calculates and simultaneously disseminates once each business day to all market participants the NAV per Share and publishes the most recent Cash Deposit Amount on a per-Share basis. Also, the daily settlement prices of and other applicable information regarding the DX Contracts, including futures quotes and last sale information, are publicly available on NYBOT's Web site and on the Web sites of various market data vendors, automated quotation systems, and other financial information services.

The Commission notes that, if the Shares should be delisted by the listing exchange, the Exchange would no longer have authority to trade the Shares pursuant to this order.

In support of this proposal, the Exchange has made the following representations:

(1) The Exchange's surveillance procedures are adequate to address any concerns associated with the trading of the Shares on a UTP basis.

(2) The Exchange would inform its members in an Information Circular of

the special characteristics and risks associated with trading the Shares, including suitability recommendation requirements.

(3) The Exchange would require its members to deliver a prospectus to investors purchasing Shares prior to or concurrently with a transaction in such Shares and will note this prospectus delivery requirement in the Information Circular.

This approval order is conditioned on the Exchange's adherence to the foregoing representations.

The Commission finds good cause for approving this proposal before the thirtieth day after the publication of notice thereof in the **Federal Register**. As noted above, the Commission previously found that the listing and trading of the Shares on Amex is consistent with the Act. The Commission presently is not aware of any regulatory issue that should cause it to revisit that finding or would preclude the trading of the Shares on the Exchange pursuant to UTP. Therefore, accelerating approval of this proposal should benefit investors by creating, without undue delay, additional competition in the market for such Shares.

## V. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>22</sup> that the proposed rule change (SR-NASDAQ-2007-023) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>23</sup>

## SECURITIES AND EXCHANGE COMMISSION

**[Release No. 34-55490; File No. SR-NSCC-2007-02]**

### **Self-Regulatory Organizations; National Securities Clearing Corporation; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees Charged to the CDS Clearing and Depository Services, Inc.**

March 19, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> notice is hereby given that on

January 26, 2007, the National Securities Clearing Corporation ("NSCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared primarily by NSCC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

### **I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The proposed rule change would permit NSCC, effective February 1, 2007, to cease to charge fees for "Covered Services" in "Omnibus Accounts" (as each term is defined below) to the CDS Clearing and Depository Services, Inc. ("CDS"), formerly the Canadian Depository for Securities Ltd., in exchange for CDS agreeing not to charge NSCC for such services.<sup>2</sup>

### **II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, NSCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NSCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.<sup>3</sup>

#### *(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

The purpose of the proposed rule change is to facilitate the efficient processing of cross-border securities transactions between the U.S. and Canada. CDS is a participant in both NSCC and DTC. CDS holds securities in the name of Cede & Co., DTC's nominee name, in one or more omnibus accounts at DTC, and also has a clearance account at NSCC (collectively the "CDS Omnibus Accounts").<sup>4</sup>

<sup>2</sup> The Depository Trust Company ("DTC") has submitted a similar proposed rule change (File No. SR-DTC-2007-02).

<sup>3</sup> The Commission has modified parts of these statements.

<sup>4</sup> For purposes of this rule filing, the term "CDS Omnibus Accounts" shall not include CDS's additional accounts established pursuant to the Multiple Account Number Agreement, dated October 27, 2006 between CDS and NSCC and the Additional Account Agreement, dated October 27, 2006 between DTC and CDS.

<sup>21</sup> 15 U.S.C. 78k-1(a)(1)(C)(iii).

<sup>22</sup> 15 U.S.C. 78s(b)(2).

<sup>23</sup> 17 CFR 200.30-3(a)(12).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

CDS operates the New York Link Service, which enables CDS Participants to clear and settle transactions with DTC Participants through sponsored accounts maintained by CDS with DTC and NSCC. Through such sponsored accounts, CDS Participants may clear and settle transactions on a trade for trade basis or on a continuous net settlement basis through the facilities of DTC and NSCC. DTC operates the Canadian-Link Service, which enables DTC Participants to clear and settle transactions with CDS Participants through an omnibus account maintained by DTC at CDS.<sup>5</sup>

In order to more efficiently facilitate cross-border clearance and settlement DTC, NSCC, and CDS have agreed not to charge each other for Covered Services<sup>6</sup> in Omnibus Accounts.

Currently, DTC, NSCC, and CDS charge fees in accordance with their respective standard fee schedules for securities clearing, settlement, and asset servicing in their respective Omnibus Accounts. The proposed rule change would provide that instead of invoicing each other each month for services in the Omnibus Accounts, DTC and NSCC will no longer charge CDS for Covered Services in Omnibus Accounts in exchange for CDS no longer charging DTC and NSCC for similar services. As most of the activity processed in each of the Omnibus Accounts relates to reciprocal services which are charged to DTC, NSCC, and CDS at different rates (e.g., DTC would be charged in accordance with the standard CDS fee schedule and vice versa) not charging each other for Covered Services will ensure that the fees of NSCC and CDS are more equitably aligned.

DTC, NSCC, and CDS will continue to charge their respective participants for activity in the Omnibus Accounts.

This proposed rule change is consistent with the requirements Section 17A of the Act and the rules and regulations thereunder because it recognizes that most of the activity in the Omnibus Accounts represents the processing of reciprocal activity in similar services used by each of the

entities which are charged to DTC, NSCC, and CDS at different rates. As such, it provides for a more equitable allocation of fees charged by DTC and NSCC.

*(B) Self-Regulatory Organization's Statement on Burden on Competition*

NSCC does not believe that the proposed rule change would have any impact or impose any burden on competition.

*(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

Written comments relating to the proposed rule change have not yet been solicited or received. NSCC will notify the Commission of any written comments received by NSCC.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing rule change changes fees charged clearing members by NSCC, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>7</sup> and Rule 19b-4(f)(2)<sup>8</sup> thereunder. At any time within sixty days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

**IV. Solicitation of Comments**
