SUPPLEMENTARY INFORMATION:

Variable-Rate Premiums

Section 4006(a)(3)(E)(iii)(II) of the Employee Retirement Income Security

Act of 1974 (ERISA) and § 4006.4(b)(1) of the PBGC's regulation on Premium Rates (29 CFR part 4006) prescribe use of an assumed interest rate (the "required interest rate") in determining a single-employer plan's variable-rate premium. Pursuant to the Pension Protection Act of 2006, for premium payment years beginning in 2006 or 2007, the required interest rate is the "applicable percentage" (currently 85 percent) of the annual rate of interest determined by the Secretary of the Treasury on amounts invested conservatively in long-term investment grade corporate bonds for the month preceding the beginning of the plan year for which premiums are being paid (the "premium payment year"). Thus, the required interest rate to be used in determining variable-rate premiums for premium payment years beginning in January 2007 is 4.89 percent (*i.e.*, 85 percent of the 5.75 percent composite corporate bond rate for December 2006 as determined by the Treasury).

On December 2, 2005, the Internal Revenue Service published proposed regulations containing updated mortality tables for determining current liability under section 412(l)(7) of the Code and section 302(d)(7) of ERISA for plan years beginning on or after January 1, 2007, <http://www.irs.gov/pub/irs-reg-12498805.pdf>. If these regulations are finalized and effective for plan years beginning on or after January 1, 2007, the required interest rate to be used in determining variable-rate premiums would be 100 percent (instead of 85 percent) of the composite corporate bond rate. If the required interest rate for premium payment years beginning in January 2007 changes, the PBGC will promptly publish a **Federal Register** notice with the new rate.

The following table lists the required interest rates to be used in determining variable-rate premiums for premium payment years beginning between February 2006 and January 2007.

For premium payment years beginning in:	The required interest rate is:
February 2006	4.80
March 2006	4.87

Late Premium Payments; Underpayments and Overpayments of Single-Employer Plan Termination Liability

Section 4007(b) of ERISA and § 4007.7(a) of the PBGC's regulation on Payment of Premiums (29 CFR part 4007) require the payment of interest on late premium payments at the rate established under section 6601 of the Internal Revenue Code. Similarly, § 4062.7 of the PBGC's regulation on Liability for Termination of Single-Employer Plans (29 CFR part 4062) requires that interest be charged or credited at the section 6601 rate on underpayments and overpayments of employer liability under section 4062 of ERISA. The section 6601 rate is established periodically (currently quarterly) by the Internal Revenue Service. The rate applicable to the first quarter (January through March) of 2007, as announced by the IRS, is 8 percent.

The following table lists the late payment interest rates for premiums and employer liability for the specified time periods:

Underpayments and Overpayments of Multiemployer Withdrawal Liability

Section 4219.32(b) of the PBGC's regulation on Notice, Collection, and Redetermination of Withdrawal Liability (29 CFR part 4219) specifies the rate at which a multiemployer plan is to charge or credit interest on underpayments and overpayments of withdrawal liability under section 4219 of ERISA unless an applicable plan provision provides otherwise. For interest accruing during any calendar quarter, the specified rate is the average quoted prime rate on short-term commercial loans for the fifteenth day (or the next business day if the fifteenth day is not a business day) of the month preceding the beginning of the quarter, as reported by the Board of Governors of the Federal Reserve System in Statistical Release H.15 ("Selected Interest Rates"). The rate for the first

quarter (January through March) of 2007 (i.e., the rate reported for December 15, 2006) is 8.25 percent.

The following table lists the withdrawal liability underpayment and overpayment interest rates for the specified time periods:

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: U.S. Securities and Exchange Commission, Office of Filing and Information Services, Washington, DC 20549.

Extension:

Rule 35d-1; SEC File No. 270-491; OMB Control No. 3235-0548.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("Act") the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Rule 35d-1 (17 CFR 270.35d-1) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) generally requires that investment companies with certain names invest at least 80% of their assets according to what their names suggests. The rule provides that an affected investment company must either adopt this 80% requirement as a fundamental policy or adopt a policy to provide notice to shareholders at least 60 days prior to any change in its 80% investment policy. This preparation and delivery of the notice to existing shareholders is a collection of information within the meaning of the Act.

The Commission estimates that there are 7,200 open-end and closed-end management investment companies and series that have descriptive names that are governed by the rule. The Commission estimates that of these 7,200 investment companies, approximately 24 provide prior notice to their shareholders of a change in their investment policies per year. The Commission estimates that the annual burden associated with the notice requirement of the rule is 20 hours per affected investment company or series. The total burden hours for Rule 35d-1 is 480 per year in the aggregate (24 responses x 20 hours per response). Estimates of average burden hours are made solely for the purposes of the Act, and are not derived from a comprehensive or even a representative survey or study of the costs of Commission rules and forms.

The collection of information under Rule 35d-1 is mandatory. The information provided under Rule 35d-1 is not kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a
