DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Doc. No. TB-07-01]

Request for an Extension of and Revision to a Currently Approved Information Collection

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this notice announces the Agricultural Marketing Service's (AMS) intention to request approval from the Office of Management and Budget, for an extension of and revision to the currently approved information collection in support of the Fair and Equitable Tobacco Reform Act of 2004 (U.S.C. Chapter 518), the Rural Development, Food and Drug Administrative, and Related Agencies Appropriations Act for 2002 (Appropriations Act), and the Tobacco Inspection Act and Regulations Governing the Tobacco Standards.

DATES: Comments received by June 12, 2007 will be considered.

Additional Information Or Comments: Interested persons are invited to submit written comments concerning this proposal to Kenneth E. Wall, Chief, Standardization and Review Branch, Tobacco Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1306 Annapolis Drive, Raleigh, North Carolina 27608. Comments should be submitted in triplicate. Comments may also be submitted electronically through www.regulations.gov. All comments should reference the docket number and page number of this issue of the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Kenneth E. Wall, Chief, Standardization

and Review Branch, Tobacco Programs, Agricultural Marketing Service, USDA, 1306 Annapolis Drive, Raleigh, North Carolina 27608, telephone (919) 856-4552 ext. 30 and facsimile (919) 856-4208, or e-mail at Kenneth.Wall@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Reporting and Recording Requirements for 7 CFR Part 29.

OMB Number: 0581-0056.

Expiration Date of Approval: September 30, 2007.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The Tobacco Inspection Act (7 U.S.C. 511 *et seq.*) requires that all tobacco sold at designated auction markets in the U.S. be inspected and graded. The Appropriations Act (7 U.S.C. 511s note) requires that all tobacco eligible for price support in the U.S. be inspected and graded. The Fair and Equitable Tobacco Reform Act of 2004 (7 U.S.C. 518) eliminated price supports and marketing quotas for all tobacco beginning with the 2005 crop year. Mandatory inspection and grading of domestic and imported tobacco was eliminated as well as the mandatory pesticide testing of imported tobacco and the tobacco market news program. The Tobacco Inspection Act also provides for interested parties to request inspection, pesticide testing and grading services on a permissive basis.

The information collection requirements authorized for the programs under the Tobacco Inspection Act and the Appropriations Act include: application for inspection of tobacco, application and other information used in the approval of new auction markets or the extension of services to designated tobacco markets, and the information required to be provided in connection with auction and non-auction sales.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.60 hours per response.

Respondents: Primarily tobacco companies, tobacco manufacturers, import inspectors, and small businesses or organizations.

Estimated Number of Respondents: 50
Estimated Number of Responses per Respondent: 48

Estimated Number of Responses: 2415
Estimated Total Annual Burden on Respondents: 3851

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Kenneth E. Wall, Chief, Standardization and Review Branch, Tobacco Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1306 Annapolis Drive, Raleigh, North Carolina 27608. All comments received will be available for public inspection during regular business hours at the same address.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Dated: April 9, 2007.

Lloyd C. Day,

Administrator, Agricultural Marketing Service.

SUPPLEMENTARY INFORMATION:

Title: Communicable Diseases in Horses.

OMB Number: 0579-0127.

Type of Request: Extension of approval of an information collection.

Abstract: Under the authority of the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture regulates the importation and interstate movement of animals and animal products, and conducts various other activities to protect the health of our Nation's livestock and poultry.

Equine infectious anemia (EIA) is an infectious and potentially fatal viral disease of equines. There is no vaccine or treatment for the disease. It is often difficult to differentiate from other fever-producing diseases, including anthrax, influenza, and equine encephalitis.

The regulations in 9 CFR 75.4 govern the interstate movement of equines that have tested positive to an official test for EIA (EIA reactors) and provide for the approval of laboratories, diagnostic facilities, and research facilities. The regulations require the use of an official EIA test, a certificate for the interstate movement of an EIA reactor, and proper identification of the reactor, as well as recordkeeping by accredited and State veterinarians; laboratory, diagnostic, and research facility personnel; and stockyard personnel.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning this information collection activity. These comments will help us:

- (1) Evaluate whether the information collection is necessary for the proper performance of our agency's functions, including whether the information will have practical utility;

- (2) Evaluate the accuracy of our estimate of the burden of the information collection, including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of

information is estimated to average 0.0882261 hours per response.

Respondents: Accredited and State veterinarians; laboratory, diagnostic, and research facility personnel; stockyard personnel; and owners and shippers of horses.

Estimated annual number of respondents: 10,302.

Estimated annual number of responses per respondent: 191.8076.

Estimated annual number of responses: 1,976,002.

Estimated total annual burden on respondents: 174,335 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 9th day of April 2007.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.
