

appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. Hot Spring Power Company, LP, Complainant v. Entergy Arkansas, Inc., Entergy Services, Inc., Respondents; Notice of Complaint

April 16, 2007.

Take notice that on April 13, 2007, pursuant to Section 206 of the Federal Power Act, Hot Spring Power Company, LP (complainant) filed a formal complaint against Entergy Arkansas, Inc. and Entergy Services, Inc. (respondents) alleging that the respondents are violating the Commission's Interconnection Policy, engaging in prohibited "and" pricing,

and charging unjust and unreasonable rates because the respondents have misclassified certain interconnection-related facilities in the Hot Spring-EAI Interconnection Agreement and is refusing to provide transmission credits for facilities that should properly be classified as Network Upgrades under the Commission's Interconnection Policy.

The complainant states that copies of the Complaint have been served on the respondents.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

[Docket No. CP07-8-000]

Guardian Pipeline, L.L.C.; Notice of Availability of the Draft Environmental Impact Statement for the Guardian Expansion and Extension Project

April 13, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared this draft Environmental Impact Statement (EIS) for the construction and operation of the natural gas pipeline facilities (referred to as the G-II Project or Project) as proposed by Guardian Pipeline, L.L.C. (Guardian) in the above-referenced docket.

The draft EIS was prepared to satisfy the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the G-II Project, with appropriate mitigating measures as recommended, would have limited adverse environmental impact. The draft EIS evaluates alternatives to the proposal, including system alternatives and pipeline route alternatives.

The Bureau of Indian Affairs, the U.S. Army Corps of Engineers (COE) are federal cooperating agencies for the development of this EIS. The State of Wisconsin Department of Natural Resources is also a cooperating agency. Cooperating agencies have jurisdiction by law or have special expertise with respect to any environmental impact involved with the proposal and is involved in the NEPA analysis or similar type of environmental analysis.

The purpose of the G-II Project is to provide the facilities necessary to provide about 537,200 decatherms per day of additional natural gas capacity to Guardian's existing pipeline system. The proposed additional capacity would facilitate the transport of natural gas to customers within the state of Wisconsin and provide those customers with the necessary infrastructure to support growth and competition within the natural gas marketplace. Guardian proposes to have the project constructed and operational by November 2008.

The draft EIS addresses the potential environmental effects of the construction and operation of the following natural gas pipeline facilities:

- 83.6 miles of 30-inch-diameter natural gas pipeline in Jefferson, Dodge, Fond du Lac, Calumet, Brown, and Outagamie Counties, Wisconsin;

- 25.9 miles of 20-inch-diameter natural gas pipeline in Brown and Outagamie Counties, Wisconsin;
- two new 39,000 horsepower (hp) electric motor driven compressor stations including the Sycamore Compressor Station located in the Sycamore Township in DeKalb County, Illinois and the Bluff Creek Compressor Station located in the Town of La Grange in Walworth County, Wisconsin;
- modifications to the existing Ixonia Meter Station in Jefferson County, Wisconsin and the construction of seven new meter stations in the Counties of Dodge, Fond du Lac, Calumet, Brown, and Outagamie Counties, Wisconsin;
- two new pig launcher facilities including a 30-inch launcher within Guardian's existing Ixonia Meter Station in Jefferson County, Wisconsin; a 30-inch-diameter receiver and 20-inch-diameter launcher within the proposed Fox Valley Meter Station in Brown County, Wisconsin; and a 20-inch-diameter receiver within the proposed West Green Bay Meter Station in Outagamie County Wisconsin; and
- six new mainline valves (MLV), four of which would occur along the 30-inch-diameter pipeline in the counties of Dodge, Fond du Lac, and Calumet, Wisconsin and two which would occur along the 20-inch-diameter pipeline in Brown and Outagamie Counties, Wisconsin.

Project construction would be initiated in the spring of 2008 and would be completed for a proposed in-service date in November 2008.

Comment Procedures and Public Meetings

Any person wishing to comment on the draft EIS may do so. To ensure consideration prior to a Commission decision on the proposal, it is important that we receive your comments before the date specified below. Please carefully follow these instructions to ensure that your comments are received and properly recorded:

- Send an original and two copies of your comments to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Room 1A, Washington, DC 20426.
- Label one copy of the comments for the attention of the Gas Branch 1, DG2E; and Reference Docket No. CP07-8-000 on the original and both copies.
- Mail your comments so that they will be received in Washington, DC on or before May 29, 2007.

Please note that the Commission strongly encourages electronic filing ("eFiling") of comments. Instructions on how to "eFile" can be found on the Commission's Web site at <http://www.ferc.gov>

under the "Documents and Filings" link.

In addition to or in lieu of sending written comments, we invite you to attend the public comment meeting scheduled as follows:

May 15, 2007, 7 p.m. (CST)
 Radisson Hotel and Conference Center
 of Green Bay 2040 Airport Drive
 Green Bay, WI US
 Telephone: (920) 405-6404
May 16, 2007, 7 p.m. (CST)

 Olympia Conference Center 1350
 Royale Mile Road
 Oconomowoc, WI 53066
 Telephone: (262) 369-4969

The public comment meetings will be posted on the FERC's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx>. Interested parties and individuals are encouraged to attend and present oral comments on the draft EIS. Transcripts of the meetings will be prepared.

After these comments are reviewed, any significant new issues are investigated, and modifications are made to the draft EIS, a final EIS will be published and distributed by the FERC staff. The final EIS will contain the staff's responses to timely comments received on the draft EIS.

Comments will be considered by the Commission but will not serve to make the commentor a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214). Anyone may intervene in this proceeding based on this draft EIS. You must file your request to intervene as specified above.¹ You do not need intervenor status to have your comments considered.

The draft EIS has been placed in the public files of the FERC and is available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

A limited number of hard copies and CD copies of the draft EIS are available from the Public Reference Room identified above. Copies of the draft EIS have been mailed to federal, state, and local agencies; public interest groups; individuals and affected landowners

¹ Interventions may also be filed electronically via the Internet in lieu of paper. See the previous discussion on filing comments electronically.

who requested a copy of the draft EIS or provided comments during scoping; libraries; newspapers; and parties to this proceeding.

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208-FERC or on the FERC Internet Web site (<http://www.ferc.gov>).

To access information via the FERC Web site click on the "eLibrary" link then click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. The "eLibrary" link provides access to the texts for formal documents issued by the Commission, such as orders, notices, and rulemakings.
