

called trap-vaccinate-release (TVR) is analyzed in the 2007 decision document, as it was not analyzed as part of the proposed action in the 2004 supplemental EA. Analysis of TVR in the 2007 decision document does not involve any substantially new information and does not raise or create any new substantive issues or circumstances, thus APHIS-WS has determined that there is no need to supplement the 2004 EA with that analysis. The new 2007 decision/FONSI will serve to update and replace the previous decision/FONSI, dated September 9, 2004, for the 2004 supplemental EA.

The proposed decision/FONSI that is the subject of this notice, as well as the documents cited above that preceded it, have been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500-1508), (3) USDA regulations implementing NEPA (7 CFR part 1), and (4) APHIS's NEPA Implementing Procedures (7 CFR part 372).

The decision/FONSI may be viewed on the Regulations.gov Web site or in

our reading room. (Instructions for accessing Regulations.gov and information on the location and hours of the reading room are provided under the heading **ADDRESSES** at the beginning of this notice.) In addition, copies may be obtained by calling or writing to the individual listed under **FOR FURTHER INFORMATION CONTACT**.
