

disclosed under APO in accordance with 19 C.F.R. § 351.305, that continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: May 15, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Appendix – Issues in Decision Memorandum

1. Simplified Reporting and Further–Manufactured Imports
2. G&A expenses
3. Constructed Export Price (CEP) Profit Rate
4. Offsetting Dumped Sales with Non–Dumped Sales
5. Classification of JIT Deliveries as CEP Sales
6. Duty Absorption
7. Warranty Expenses
8. Clerical Errors

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Notice of Prospective Grant of Exclusive Patent License

AGENCY: National Institute of Standards and Technology, Commerce.

SUMMARY: This is a notice in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i) that the National Institute of Standards and Technology (“NIST”), U.S. Department of Commerce, is contemplating the grant of an exclusive license in the United States of America, its territories, possessions and commonwealths, to NIST’s interest in the invention embodied in U.S. Patent No. 5,620,857 (Application No. 08/473,979), titled “Optical Trap for Detection and Quantitation of Subzeptomolar Quantities of Analytes,” NIST Docket No. 94–042US to Haemonetics Corporation, having a place of business at 400 Wood Road, Braintree, Massachusetts 02184–9114. The grant of the license would be for the field of use: Chemical and biological material sensing and measurement for medical diagnostics.

FOR FURTHER INFORMATION CONTACT: J. Terry Lynch, National Institute of Standards and Technology, Office of Technology Partnerships, 100 Bureau Drive, Stop 2200, Gaithersburg, MD 20899, Phone 301–975–2691.

SUPPLEMENTARY INFORMATION: The prospective exclusive license will be royalty bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within thirty days from the date of this published Notice, NIST receives written evidence and argument which establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. The availability of the invention for licensing was published in the **Federal Register** on June 24, 2003.

U.S. Patent No. 5,620,857 is owned by the U.S. government, as represented by the Secretary of Commerce. Tightly focused beams of laser light are used as “optical tweezers” to trap and manipulate polarizable objects such as microspheres of glass or latex with diameters on the order of 4.5 .mu.m. When analytes are allowed to adhere to the microspheres, small quantities of these analytes can be manipulated, thus allowing their detection and quantitation even when amounts and concentrations of the analytes are extremely small. Illustrative examples include measuring the strength needed to break antibody-antigen bonds and the detection of DNA sequences.

Dated: May 16, 2007.

James M. Turner,

Deputy Director.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket No.: 070427102–7103–01]

Request for Technical Input—Standards in Trade Workshops

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Request for workshop recommendations.

SUMMARY: The National Institute of Standards and Technology (NIST) invites interested parties to submit recommendations for workshops covering specific sectors and targeted countries or regions of the world where training in the U.S. system of standards development, conformity assessment,

and metrology may facilitate trade. Prospective workshops will be scheduled for a one week period. This notice is not an invitation for proposals to fund grants, contracts or cooperative agreements of any kind. NIST will offer a limited number of workshops, based upon the availability of resources. Recommenders are encouraged to consider Administration priorities outlined in the 2006 National Export Strategy. NIST will consider recommendations based upon which workshops would be most useful to intended audiences.

DATES: All recommendations must be submitted no later than 5 p.m., June 21, 2007.

ADDRESSES: All recommendations must be submitted to Ellen Emard via e-mail(ellen.emard@nist.gov) or by mail to 100 Bureau Drive, Mail Stop 2100, Gaithersburg, MD 20899. The National Export Strategy is available at <http://www.ita.doc.gov/media/publications/>. Additional information about the NIST Standards in Trade Workshops, including schedules and summary reports for workshops held to date and participant information, is available at <http://ts.nist.gov/standards/global/sitdescr.cfm>.

FOR FURTHER INFORMATION CONTACT: Ellen Emard (301) 975–4038, ellen.emard@nist.gov.

SUPPLEMENTARY INFORMATION: The Standards in Trade Workshops are a major activity of the Global Standards and Information Group in the NIST Standards Services Division. The workshops are designed to provide timely information to foreign standards officials on U.S. practices in standards and conformity assessment. Participants are introduced to U.S. technology and principles in metrology, standards development and application, and conformity assessment systems and procedures.

Each workshop is a one week program offering an overview of the roles of the U.S. Government, private sector, and regional and international organizations engaged in standards development and conformity assessment practices. Specific workshop objectives are to: (1) Familiarize participants with U.S. technology and practices in metrology, standardization, and conformity assessment; (2) describe and understand the roles of the U.S. Government and the private sector in developing and implementing standards; (3) understand the structure of the standards and conformity assessment systems in the invited country or countries and the role and responsibilities of organizations

represented by the invitees; and (4) develop professional contacts as a basis for strengthening technical ties and enhancing trade.

Workshop recommendations (maximum 5 pages) must address at a minimum the following points, *in the order noted and labeled accordingly*:

1. Name and Description of the Recommending Person or Organization
Provide the primary mailing address, and the name, telephone number and e-mail address of the primary point of contact.

2. Industry Sector and Suggested Workshop Title which captures the essence of the recommendation. Consider the goals and potential benefits.

3. Proposed Workshop Objectives
Describe the intended goals to be attained, why they are important, the specific workshop objectives, and U.S. and foreign stakeholders that are likely to participate.

4. Calendar Dates Suggested for Workshop

Provide three or more suggested start dates for the workshop. The first date should be no earlier than 8 months from the publication date of this announcement.

5. Relevant NIST Organizational Link
Workshop topics must be linked to NIST activities and/or research. The appropriate NIST organizational unit, laboratory or program must be identified by the recommender and the relevance of the activity to NIST must be demonstrated. If known, identify the specific NIST staff who could serve as the NIST internal point of contact.

6. Principal Topics
Provide a list of the suggested topics for the workshop.

7. Related Site Visits and Events
Workshops can include visits to relevant business sites or events. Provide a list of suggested site visit locations, events or other areas of interest and discuss the relevance of each to the overall purpose of the proposed workshop's goals.

8. Expected Outcomes/Measures of Success
Include in this section a description of:

- The anticipated benefit of the workshop for trade and market access;
 - The anticipated economic impacts (in dollars);
 - The potential for future opportunities for collaboration and for trade as a result of the workshop;
 - The measures of success;
 - The desired results of the workshop and how the results will be measured.
- All recommendations must address each of the above ten points and be

submitted to Ellen Emard via e-mail (ellen.emard@nist.gov) or mail 100 Bureau Drive, Mail Stop 2100, Gaithersburg, MD 20899 no later than 5 p.m., June 21, 2007.

Dated: May 16, 2007.

James M. Turner,
Deputy Director.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Foreign Fishing Reporting Requirements

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before July 23, 2007.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Robert Dickinson, 301-713-2276 or Bob.Dickinson@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Foreign fishing activities can be authorized under the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*). The collection of information from permitted foreign vessels is necessary to monitor their activities and whereabouts in U.S. waters. The reports are also necessary to monitor the amounts of fish, if any, such vessels receive from U.S. vessels in joint venture operations, wherein U.S. vessels catch and transfer at-sea to permitted foreign vessels certain species for which U.S. demand is low relative to the abundance of the species.

II. Method of Collection

Activity reports are made by radio when fishing begins or ceases, to report on transfers of fish, and to file weekly reports on the catch or receipt of fish. The foreign vessels are also subject to recordkeeping requirements, recorded and maintained for three years.

III. Data

OMB Number: 0648-0075.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 6.

Estimated Time per Response: 6 minutes for a joint venture report; 30 minutes per day for joint venture recordkeeping; and 7.5 minutes per day for recordkeeping by transport vessels.

Estimated Total Annual Burden Hours: 88.

Estimated Total Annual Cost to Public: \$500.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: May 16, 2007.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.
