

confidential commercial or financial information and that disclosure of such information would likely cause substantial harm to the competitive position of the entity filing the Worksheet. If the Commission receives a request for or proposes to disclose the information, the respondent would be required to make the full showing pursuant to the Commission's rules for withholding from public inspection information submitted to the Commission.

Needs and Uses: The Commission will submit this extension (no change in the reporting requirements, recordkeeping requirements, or third party disclosure requirements) to the OMB after this 60-day comment period

to obtain the full three-year clearance from them.

The Federal Communications Commission (Commission) requires telecommunications carriers and other providers of telecommunications to contribute to the Universal Service Fund (USF) and other funds. Contribution revenue data, as well as other information, are reported by carriers and other providers of telecommunications on FCC Forms 499-A and 499-Q. Accompanying these forms are instructions on how to report revenue. This extension is necessary to keep the OMB approval from lapsing and will go into effect with the November 1, 2007 quarterly filing of FCC Form 499-Q.

SUPPLEMENTARY INFORMATION:

1. *Title:* Application for Consent to Exercise Trust Powers.

OMB Number: 3064-0025.

Form Number: FDIC 6200/09.

Frequency of Response: On occasion.

Affected Public: Insured state nonmember banks wishing to exercise trust powers.

Estimated Number of Respondents:

18.

Estimated Time per Response for Eligible Depository Institutions: 8 hours.

Estimated Time per Response for Institutions that do not Qualify as Eligible Institutions: 24 hours.

Total Annual Burden: 208 hours.

General Description of Collection:

FDIC regulations (12 CFR 333.2) prohibit any insured state nonmember bank from changing the general character of its business without the prior written consent of the FDIC. The exercise of trust powers by a bank is usually considered to be a change in the general character of a bank's business if the bank did not exercise those powers previously. Therefore, unless a bank is currently exercising trust powers, it must file a formal application to obtain the FDIC's written consent to exercise trust powers. State banking authorities, not the FDIC, grant trust powers to their banks. The FDIC merely consents to the exercise of such powers. Applicants use form FDIC 6200/09 to obtain FDIC's consent.

2. *Title:* Interagency Guidance on Asset Securitization Activities.

OMB Number: 3064-0137.

Form Number: None.

Frequency of Response: On occasion.

Affected Public: Insured state nonmember banks involved in asset securitization activities.

Estimated Number of Responses: 20.

Estimated Time per Response: 7.45 hours.

Total Annual Burden: 149 hours.

General Description of Collection:

This collection applies to institutions engaged in asset securitization and consists in recordkeeping requirements associated with developing or upgrading a written asset securitization policy, documenting fair value of retained interests, and a management information system to monitor securitization activities. Bank managements use this information as the basis for the safe and sound operation of their asset securitization activities and to ensure that they minimize operational risk in these activities. The FDIC uses the information to evaluate the quality of an institution's risk management practices, and to assist institutions without proper internal supervision of their asset securitization activities to implement corrective action to conduct these activities in a safe and sound manner.

3. *Title:* Consumer Protections for Depository Institution Sales of Insurance.

OMB Number: 3064-0140.

Form Number: None.

Frequency of Response: On occasion.

Affected Public: Insured state nonmember banks that sell insurance products; persons who sell insurance products in or on behalf of insured state nonmember banks.

Estimated Number of Respondents: 3,740.

Estimated Time per Response: 5 hours.

Total Annual Burden: 18,700 hours.

General Description of Collection:

Respondents must prepare and provide certain disclosures to consumers (e.g., that insurance products and annuities are not FDIC-insured) and obtain consumer acknowledgments, at two different times: (1) before the completion of the initial sale of an insurance product or annuity to a consumer; and (2) at the time of application for the extension of credit (if insurance products or annuities are sold, solicited, advertised, or offered in connection with an extension of credit).
