

Committee stands by its statement in the Regulatory Flexibility Act certification questioned by the two manufacturers.

This addition to the Procurement List merely raises the Committee's share of the cap in question from 25 percent of the Government requirement to 50 percent. It does not foreclose bidding by the two manufacturers on the remaining 50 percent of the requirement. In light of the fact that the Committee is only required to assess impact on the current contractors for a product being considered for addition to the Procurement List, the limitation of the Committee's share of the cap requirement shows that the Committee is sensitive to the industry impact concerns raised by the two manufacturers.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and impact of the additions on the current or most recent contractors, the Committee has determined that the products listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products to the Government.

2. The action will result in authorizing small entities to furnish the products to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the products proposed for addition to the Procurement List.

End of Certification

Accordingly, the following products are added to the Procurement List:

Agency Approval Number: 0607-0795.

Type of Request: Emergency submission.

Burden: 3,909,829 hours.

Number of Respondents: 19,780.

Average Hours per Response: 198.

Needs and Uses: The LUCA Program was developed by the U.S. Census Bureau to meet the requirements of the Census Address List Improvement Act of 1994, Public Law 103-430. Under the voluntary LUCA Program, participating governments may review the Census Bureau's confidential list of individual living quarters addresses and provide to the Census Bureau address additions, corrections, deletions, and/or the identification of corrected address counts for census blocks; street and

street attribute updates; and legal boundary updates. Governments electing to participate in the LUCA program also provide program contact information, certification of their agreement to maintain the confidentiality of the Census Bureau address information, responses regarding their physical and information technology security capabilities, program option and product media preference information, shipment inventory information, and certification of their return/destruction of materials containing confidential data. The program will be available to tribal, state, and local governments, and the District of Columbia and Puerto Rico (or their designated representatives) in areas for which the Census Bureau performs a precensus address canvassing operation (excluded are sparsely settled areas in the states of Alaska and Maine). The LUCA program includes federally recognized American Indian tribes with reservations and/or off-reservation trust lands, states, and general-purpose local governments, such as cities and townships, for which the Census Bureau reports data. This information collection will occur between August 2007 and April 2008.

The information to be collected in the LUCA Program is essential to the mission of the Census Bureau and will directly contribute to the successful outcome of Census 2010. The Census Bureau will use the LUCA program to help develop the housing unit and group quarters (e.g., college dormitory, nursing home, correctional facility, etc.) address information that it will need to conduct the 2010 Decennial Census. Because tribal, state, and local governments have current knowledge of and data about where housing growth and change are occurring in their jurisdictions, their input into the overall development of the address list for the census makes a vital contribution.

The Census Bureau requests expedited OMB approval of the LUCA Program by July 15, 2007.

Affected Public: State, local and Tribal governments.

Frequency: One-time.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Section 16.

OMB Desk Officer: Brian Harris-Kojetin, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington,

DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent by July 15, 2007 to Brian Harris-Kojetin, OMB Desk Officer either by fax (202-395-7245) or e-mail (bharrisk@omb.eop.gov).

Dated: June 12, 2007.

Stainless Steel Bar from Germany: Notice of Correction of Preliminary Results of the New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 15, 2007.

FOR FURTHER INFORMATION CONTACT: Damian Felton or Brandon Farlander, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone (202) 482-0133 or (202) 482-0182, respectively.

Correction:

On March 19, 2007, the Department of Commerce ("the Department") published the preliminary results of the new shipper review for stainless steel bar from Germany. *See Stainless Steel Bar from Germany: Preliminary Results of New Shipper Review*, 72 FR 12765 (March 19, 2007) ("Preliminary Results"). Subsequent to publication of the *Preliminary Results*, we identified an inadvertent error in the number of days specified for the issuance of the final results of this new shipper review.

On page 12767, in the first column, under the heading "Preliminary Results of Review," on the 36th line, the following sentence should read, "The Department will issue final results of this new shipper review, including the results of our analysis of the issues raised in any such written comments or at a hearing, within 120 days of publication of these preliminary results."

Conclusion

This notice serves solely to correct the number of days specified for the

issuance of the final results of this new shipper review as it was listed in the *Preliminary Results* (90 to 120 days). The Department's findings in the *Preliminary Results* remain unchanged. This notice is issued and published in accordance with section 777(i) of the Tariff Act of 1930, as amended.

Dated: June 11, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.
