SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56119; File No. SR-NYSEArca-2007-70]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Quarterly Options Series Pilot

Date: July 24, 2007.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 23, 2007, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II

below, which Items have been substantially prepared by the Exchange. The Exchange has designated this proposal as non-controversial under section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to extend the Quarterly Options Series pilot program ("Pilot Program") through July 10, 2008. The text of the proposed rule change is available on the Exchange's Web site (<http://www.nysearca.com>), at the Exchange's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On July 12, 2006, the Exchange filed with the Commission a proposed rule change that allowed it to establish the Pilot Program, pursuant to which the Exchange lists and trades Quarterly Options Series.⁵ The rule change was effective upon filing. The Pilot Program, which was originally due to expire on July 10, 2007, was extended for a two-week interim period through July 24, 2007, while the Exchange finalized its Pilot Program Report ("Report").⁶ The

Exchange hereby proposes to extend the Pilot Program through July 10, 2008.

In the Interim Extension Release, the Exchange stated that it would submit the Report in connection with this proposal to extend the Pilot Program through July 10, 2008. The Report provides an analysis of the Pilot Program covering the entire period for which the program was in effect. The Exchange has submitted its Report as Exhibit 3 to the Form 19b-4 filed with the Commission. The Report may be examined at the places specified in Item IV below. The Report includes: (1) Data and written analysis on the open interest and trading volume in the classes for which Quarterly Options Series were opened; (2) an assessment of the appropriateness of the option classes selected for the Pilot Program; (3) an assessment of the impact of the Pilot Program on the capacity on the Exchange, OPRA, and market data vendors (to the extent data from market data vendors is available); (4) any capacity problems or other problems that arose during the operation of the Pilot Program and how the Exchange addressed such problems; (5) any complaints that the Exchange received during the operation of the Pilot Program and how the Exchange addressed them; and (6) any additional information that would assist the Commission in assessing the operation of the Pilot Program.

The Exchange represents that the Report supports its belief that extension of the Pilot Program is proper. Among other things, the Report shows the strength of the Pilot Program as reflected by the overall volume and open interest of Quarterly Options Series traded on the both NYSE Arca and other national options exchanges. The Report shows that the Pilot Program has not created, and in the future should not create, any capacity, operational, or regulatory problems attributable to Quarterly Option Series.

Finally, NYSE Arca represents that the Exchange has the necessary system capacity to support any additional series listed as part of the Pilot Program.

2. Statutory Basis

The Exchange believes that the continuation of the Quarterly Options Series Pilot Program will stimulate customer interest in options by creating greater trading opportunities and flexibility in investment choices. The Exchange further believes that continuation of the Pilot Program will provide the ability to more closely tailor investment strategies and provide a valuable hedging tool for investors. For these reasons, the Exchange believes the

proposed rule change is consistent with the Act and the rules and regulations thereunder and, in particular, the requirements of section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change is consistent with section 6(b)(5) of the Act,⁸ which requires that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated the proposed rule change as one that: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Therefore, the foregoing rule change has become effective pursuant to section 19(b)(3)(A) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰ The Exchange has asked the Commission to waive the operative delay to permit the Pilot Program extension to become operative prior to the 30th day after filing.¹¹

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the benefits of the

Pilot Program to continue without interruption.¹² Therefore, the Commission designates the proposal operative upon filing.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate the rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

¹³ As set forth in the Exchange's original filing proposing the Pilot Program, if the Exchange were to propose an extension, an expansion, or permanent approval of the Pilot Program, the Exchange would submit, along with any filing proposing such amendments to the program, a report that would provide an analysis of the Pilot Program covering the entire period during which the Pilot Program was in effect. The report would include, at a minimum: (1) Data and written analysis on the open interest and trading volume in the classes for which Quarterly Options Series were opened; (2) an assessment of the appropriateness of the option classes selected for the Pilot Program; (3) an assessment of the impact of the Pilot Program on the capacity of the Exchange, OPRA, and market data vendors (to the extent data from market data vendors is available); (4) any capacity problems or other problems that arose during the operation of the Pilot Program and how the Exchange addressed such problems; (5) any complaints that the Exchange received during the operation of the Pilot Program and how the Exchange addressed them; and (6) any additional information that would assist in assessing the operation of the Pilot Program. The report must be submitted to the Commission at least sixty (60) days prior to the expiration date of the Pilot Program. See Form 19b-4 for File No. SR-PCX-2005-32, filed March 16, 2005.
