

(USAREC) is authorized by 10 U.S.C. 513 to organize and administer DEP.

§ 571.2 Basic qualifications for enlistment.

(a) Age requirements for non-prior service and prior service personnel are defined in AR 601–210.

(b) Applicants must meet citizenship requirements as defined in AR 601–210.

(c) Non-prior and prior service applicants must meet medical fitness standards prescribed in AR 40–501. Height and weight standards for non-prior service personnel AR 40–501 and in AR 600–9 for prior service personnel.

(d) Education standards, dependency criteria, and trainability requirements are prescribed in AR 601–210.

§ 571.3 Waiver enlistment criteria.

(a) *Waiver criteria—*

(1) All persons who process applicants for enlistment in the Army use the utmost care to procure qualified personnel. Eligibility of personnel for enlistment will be based upon their ability to meet all requirements, including procurement of prescribed waivers.

(2) Applicants applying for moral or medical waivers will document their waiver requests, as prescribed by AR 601–210 or AR 40–501.

(3) The approval authorities for various types of waiver requests are set forth in AR 601–210. Commanders at levels below the approval authority may disapprove waivers for applicants who do not meet prescribed standards and who do not substantiate a meritorious case.

(4) Unless otherwise stated in AR 601–210, waivers are valid for 6 months.

(b) Nonwaiver medical, moral, and administrative disqualifications are defined in AR 601–210.

§ 571.4 Periods of enlistment.

Enlistments are authorized for periods of 2, 3, 4, 5, 6, 7, or 8 years.

§ 571.5 Enlistment options.

Personnel who enlist in the Regular Army for 2 or more years may select certain initial assignments or classifications, provided they meet the criteria set forth in AR 601–210 and valid Army requirements exist for the assignments and skills.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket No. CGD13–07–025]

RIN 1625–AA08

Special Local Regulations, Seattle Seafair, Lake Washington, WA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary special local regulations (SLR) for the Seattle Seafair, Lake Washington, Washington. These special local regulations limit the movement of non-participating vessels in the regulated race area and provide for a viewing area for spectator craft. This rule is needed to provide for the safety of life on navigable waters during Seafair. The rule adds four hours to the effective time period each day of enforcement of the existing SLR to accommodate the addition of a fireworks display in this year's Seafair and to promote safety for spectators and participants through consistency in enforcement periods.

DATES: This rule is effective from 8 p.m. until 11:59 p.m. on August 2–5, 2007 unless sooner cancelled by the Captain of the Port.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD13–07–025 and are available for inspection or copying at the Waterways Management Division, Coast Guard Sector Seattle, 1519 Alaskan Way South, Seattle, WA 98134, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Lieutenant Steve Kee, c/o Captain of the Port Puget Sound, 1519 Alaskan Way South, Seattle, Washington 98134, (206) 217–6002.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B) and 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for not publishing a NPRM and for making this rule effective less than 30 days after publication in the **Federal Register**. Publishing a NPRM would be contrary to public interest since immediate action is necessary to ensure the safety of commercial and recreational vessels in the vicinity of the events on the date

and times this rule will be in effect. If normal notice and comment procedures were followed, this rule would not become effective until after the date of the event.

On July 2, 2001, the Coast Guard published a final rule (66 FR 34822) modifying the regulations in 33 CFR 100.1301 for the safe execution of the Seattle Seafair Unlimited Hydroplane races on the waters of Lake Washington. This special local regulation (SLR) provides for a regulated area to protect spectators while providing unobstructed vessel traffic lanes to ensure timely arrival of emergency response craft. Movements are regulated for all vessels in the area as described under 33 CFR 100.1301 or unless otherwise regulated by the COTP or his designee. This temporary final rule is required to increase the length of time affected by the regulation.

Background and Purpose

For more than 50 years Seafair on Lake Washington has been a Pacific Northwest tradition, entertaining millions of people over that period. However, this entertaining event involves risks to both spectators and participants. During Seafair, the marine congestion associated with the number of boats, swimmers, and spectators on shore challenges even the most experienced seaman. These conditions necessitate the maintenance of a regulated area to protect spectators while providing unobstructed vessel traffic lanes to ensure timely arrival of emergency response craft.

The Coast Guard is establishing this regulation to protect vessels and persons from the hazards associated with the fallout of burning embers that will be generated by the fireworks display in this year's Seafair and to promote safety for spectators and participants through consistency in enforcement periods. The regulated area is also intended to protect boaters from the hazards associated with excessive vessel congestion associated with Seafair's activities.

Discussion of Rule

This rule will control the movement of all vessels in a regulated area on Lake Washington as indicated in section 2 of this Temporary Final Rule. This rule adds four hours to the effective time period each day of enforcement of the existing SLR to accommodate the addition of a fireworks display for this year's Seafair and to promote safety for spectators and participants through consistency in enforcement periods.

The Coast Guard, through this action, intends to promote the safety of personnel and vessels in the area. The

regulated areas will be enforced by the U.S. Coast Guard. The Captain of the Port may be assisted in the enforcement of the regulations by other federal, state, or local agencies.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary. This change slightly modifies existing safety regulations and should not effect the economic activities of any Seafair participant or spectator. The regulation is established for the benefit and safety of the recreational boating public, and any negative recreational boating impact is offset by the benefits of allowing the fireworks event to occur. This rule is effective from 8 p.m. until 11:59 p.m. on August 2–5, 2007. For the above reasons, the Coast Guard does not anticipate any significant economic impact.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), the Coast Guard considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit this portion of Lake Washington during the time this regulation is in effect. The regulations will not have a significant economic impact due to its short duration and small area. Because the impacts of this rule are expected to be so minimal, the Coast Guard certifies under 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) that this temporary rule will not have a significant economic impact on a substantial number of small entities.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule so that they can

better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action by the Coast Guard.

Collection of Information

This rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government’s having first provided the funds to pay those costs. This rule would not impose an unfunded mandate.

Taking of Private Property

This rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This Temporary Final Rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, and Department of Homeland Security Management Directive 5100.1, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are not factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule.

List of Subjects in 33 CFR Part 100

Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends part 100 of Title 33, Code of Federal Regulations, as follows:

PART 100—MARINE EVENTS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

■ 2. From 8 p.m. through 11:59 p.m. on August 2–5, 2007, a temporary § 100.T13–020 is added to read as follows:

§ 100.T13–020 Special Local Regulations, Seattle Seafair, Lake Washington, WA.

(a) This section is in effect from 8 p.m. until 11:59 p.m. on August 2–5, 2007 unless sooner cancelled by the Captain of the Port.

(b) The area where the Coast Guard will restrict general navigation by this regulation during the hours it is in effect is: The waters of Lake Washington bounded by the Interstate 90 (Mercer Island/Lacey V. Murrow) Bridge, the western shore of Lake Washington, and the east/west line drawn tangent to Bailey Peninsula and along the shoreline of Mercer Island.

(c) The area described in paragraph (b) of this section has been divided into two zones. The zones are separated by a line perpendicular from the I–90 Bridge to the northwest corner of the East log boom and a line extending from the southeast corner of the East log

boom to the southeast corner of the hydroplane race course and then to the northerly tip of Ohlers Island in Andrews Bay. The western zone is designated Zone I, the eastern zone, Zone II. (Refer to NOAA Chart 18447).

(d) The Coast Guard will maintain a patrol consisting of Coast Guard vessels, assisted by Auxiliary Coast Guard vessels, in Zone II. The Coast Guard patrol of this area is under the direction of the Coast Guard Patrol Commander (the “Patrol Commander”). The Patrol Commander is empowered to control the movement of vessels on the racecourse and in the adjoining waters during the period this regulation is in effect. The Patrol Commander may be assisted by other federal, state and local law enforcement agencies.

(e) Only authorized vessels may be allowed to enter Zone I during the hours this regulation is in effect. Vessels in the vicinity of Zone I shall maneuver and anchor as directed by Coast Guard Officers or Petty Officers.

(f) During the times in which the regulation is in effect, swimming, wading, or otherwise entering the water in Zone I by any person is prohibited.

(g) During the times in which the regulation is in effect, any person swimming or otherwise entering the water in Zone II shall remain within ten (10) feet of a vessel.

(h) During the times this regulation is in effect, rafting to a log boom will be limited to groups of three vessels.

(i) During the times this regulation is in effect, up to six (6) vessels may raft together in Zone II if none of the vessels are secured to a log boom.

(j) During the times this regulation is in effect, only vessels authorized by the Patrol Commander, other law enforcement agencies or event sponsors shall be permitted to tow other watercraft or inflatable devices.

(k) Vessels permitted to proceed through either Zone I or Zone II during the hours this regulation is in effect shall do so only at speeds which will create minimum wake, seven (07) miles per hour or less. This maximum speed may be reduced at the discretion of the Patrol Commander.

(l) Upon completion of the daily activities, all vessels leaving either Zone I or Zone II shall proceed at speeds of seven (07) miles per hour or less. The maximum speed may be reduced at the discretion of the Patrol Commander.

(m) A succession of sharp, short signals by whistle or horn from vessels patrolling the areas under the direction of the Patrol Commander shall serve as signal to stop. Vessels signaled shall stop and shall comply with the orders of the patrol vessel; failure to do so may

result in expulsion from the area, citation for failure to comply, or both. The Coast Guard may be assisted by other federal, state and local law enforcement agencies, as well as official Seafair event craft.

Dated: July 23, 2007.

R.R. Houck,

Rear Admiral, U.S. Coast Guard, Commander, Thirteenth Coast Guard District.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 3

[EPA–HQ–OEI–2003–0001; FRL–8449–8]

RIN 2025–AA07

Extension of Cross-Media Electronic Reporting Rule Deadline for Authorized Programs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: EPA is taking direct final action to amend the Final Cross-Media Electronic Reporting Rule (CROMERR) deadline for authorized programs (states, tribes, or local governments) with existing electronic document receiving systems to submit an application for EPA approval to revise or modify their authorized programs. This action will extend the current October 13, 2007, deadline until October 13, 2008.

DATES: This rule is effective on October 2, 2007 without further notice, unless EPA receives relevant adverse comment by September 4, 2007. If EPA receives relevant adverse comment, the Agency will publish a timely withdrawal in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OEI–2003–0001, by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

- *E-mail:* oei.docket@epa.gov.

- *Mail:* CROMERR Docket,

Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460. Hand Delivery: EPA Docket Room, EPA West, Room 3334, 1301 Constitution Avenue, Washington, DC, 20460. Such deliveries are only accepted during the Docket’s normal hours of operation, and special arrangements should be made for deliveries of boxed information.
