Foreign-Trade Zones Board

[Docket 39-2007]

Foreign-Trade Zone 201 Holyoke, Massachusetts, Application for Subzone, Mastex Industries, Inc. (Airbag Fabric for Export), Holyoke, Massachusetts

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Holyoke Economic Development and Industrial Corporation, grantee of FTZ 201, requesting special-purpose subzone status for the manufacture of airbag fabric for export only at the facility of Mastex Industries, Inc. (Mastex), located in Holyoke, Massachusetts. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on August 16, 2007.

The Mastex facility (60 employees, 6 acres, 30 million yard capacity) is located on Cabot and Bigelow Streets, in Holyoke, Massachusetts. The facility will be used for the water jet weaving of fabric for automotive airbags (HTS duty rate 13.6%) using imported high-tenacity nylon yarn (duty rate 8.8%). The yarn would be admitted to the subzone in privileged foreign status (i.e., duty rate could not change under FTZ procedures).

FTZ procedures would exempt Mastex from customs duty payments on the foreign components used in export

production to non-NAFTA countries, approximately 50 percent of the plant's shipments. On sales to NAFTA markets, Mastex would be able to defer the duty on the imported yarn. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 23, 2007. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to November 7, 2007.

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce Export Assistance Center, JFK Federal Building, 55 New Sudbury Street Suite 1826A, Boston, MA 02203.

Carbazole Violet Pigment 23 from the People's Republic of China: Notice of Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 24, 2007.

FOR FURTHER INFORMATION CONTACT: Marin Weaver or Charles Riggle, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2336 or (202) 482-0650, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2007, the Department of Commerce ("the Department") initiated an administrative review of the antidumping duty order on carbazole violet pigment 23 ("CVP-23") from the People's Republic of China ("PRC"). See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 72 FR 5005 (February 2, 2007). This period of review ("POR") covers the period December 1, 2005, through November 30, 2006. The preliminary results of review are currently due no later than September 2, 2007.

Extension of Time Limit for Preliminary Results of Review

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to up to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

The Department finds that it is not practicable to complete the preliminary results of the administrative review of CVP-23 from the PRC within this time limit because we need additional time in order to determine the appropriate surrogate values with which to value factors of production. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by 100 days until December 11, 2007. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: August 17, 2007.

Gary Taverman,

Acting Deputy Assistant Secretary for Import Administration.
