

portion of these revenues based exclusively on its trading performance in any month. Specialist firms' trading performance will be measured by the liquidity enhancing behavior that each specialist firm provides to the Exchange. In order to measure the liquidity enhancing behavior provided by the specialist firms, the Exchange will calculate each specialist firm's executed volume in four categories: (1) Price improvement; (2) size improvement; (3) providing liquidity from posting bids or offers on the book; and (4) matching better bids or offers published by other market centers to reduce client routing costs. Specialist trading activity that does not provide liquidity, for example Hit Bid/Take Offer, will not be valued in the allocation process. A specialist firm's allocation will increase if its performance as a liquidity provider improves relative to the other specialist firms. The allocation formula will weight specialist liquidity in a given security by a 0.75 exponential calculation and will then re-weight the resultant number for each security by multiplying it by the percentage representing the Exchange's regular-hours market share in that security. As with the Commission's use of a square root calculation (0.50 exponential) in connection with the Revenue Allocation Formula, the 0.75 exponential calculation will provide additional weighting to less liquid stocks, but to a lesser degree than the square root weighting.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of section 6 of the Act⁹ in general and furthers the objectives of section 6(b)(4) of the Act¹⁰ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

II. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is effective upon filing pursuant to section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(2)¹² thereunder because it establishes or changes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
