## INTERNATIONAL TRADE COMMISSION

[Investigation No. AGOA–07]

### Commercial Availability of Fabric and Yarns in AGOA Countries: Certain Denim

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice of determination.

*Determination:* Based on the information developed in the subject investigation, the United States International Trade Commission determines, pursuant to section 112(c)(2)(B)(ii) of the African Growth and Opportunity Act (AGOA),<sup>1</sup> (1) that denim fabric<sup>2</sup> produced in beneficiary sub-Saharan African (SSA) countries will be available in commercial quantities during the period October 1, 2007–September 30, 2008 (fiscal year 2008) for use by lesser developed beneficiary (LDB) SSA countries in the production of apparel articles receiving U.S. preferential treatment, and (2) that the quantity of such denim fabric that will be so available during fiscal year 2008 is 21,303,613 square meter equivalents.<sup>3</sup>

*Background:* Section 112(c)(2)(A) of AGOA requires the Commission, following receipt of a petition, to determine whether a fabric or yarn is available in commercial quantities for use by LDB SSA countries, and if the Commission makes an affirmative determination, section 112(c)(2)(B)(i) of AGOA requires the Commission to determine the quantity of such fabric or yarn that will be so available in the following fiscal year. Section 112(c)(2)(B)(ii) of AGOA requires the

Commission to make similar determinations for the following year and each year thereafter through 2012 with respect to whether the fabric or yarn will be available in commercial quantities and the quantity so available. Section 112(c)(2)(B)(iii) of AGOA requires the Commission to determine, after the end of each year for which an availability determination was made, the extent to which the fabric or yarn determined to be available in commercial quantities for use in LDB SSA countries was used in the production of apparel articles receiving U.S. preferential treatment. Section 112(c)(2)(C) of AGOA deemed denim fabric to be available in commercial quantities in the amount of 30 million square meter equivalents (smes) during fiscal year 2007, as if the Commission had made an affirmative determination in response to a petition.

The determinations that the Commission has made here are made under section 112(c)(2)(B)(ii) of AGOA and concern whether the subject denim fabric will be available in commercial quantities during fiscal year 2008, and the quantity that will be so available.

Notice of the institution of the Commission's investigation and of the scheduling of a public hearing in connection therewith was given by posting a copy of the notice on the Commission's Web site ([www.usitc.gov](http://www.usitc.gov)) and by publishing the notice in the **Federal Register** of April 9, 2007 (72 F.R. 17578). The hearing was held on June 5, 2007, in Washington, DC; all persons who requested the opportunity were permitted to appear in person or by counsel.

The views of the Commission are contained in USITC Publication 3950 (September 2007), entitled *Commercial Availability of Fabric and Yarns in AGOA Countries: Certain Denim*.
