BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8495-2]

Request for Nomination to the Farm, Ranch, and Rural Communities Advisory Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Request for Nominations.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations for membership on the Farm, Ranch and Rural Communities Advisory Committee.

The membership of this committee will include a balanced representation of interested persons with relevant experience to contribute to the functions of the committee and will be drawn from farm groups, conservation and environmental groups, agricultural processors and retailers, academia, citizen's groups and tribal governments.

Background: In order to help EPA build a more positive and proactive relationship with the agricultural industry to protect human health and the environment, the EPA is forming a Farm, Ranch and Rural Communities Federal Advisory Committee. This Committee will provide advice and recommendations to the Administrator on environmental issues and programs

that impact, or are of concern to, farms, ranches and rural communities.

The Committee expects to meet approximately two (2) times a year, or as needed and approved by the Designated Federal Officer (DFO). Meetings will be held in Washington DC and the EPA regions. Members serve on the Committee in a voluntary capacity. However, EPA may provide reimbursement for travel expenses associated with official government business. Because of the nature of the issues to be discussed, it is the intent of the Agency for the Committee to have a majority of members who are actively engaged in farming or ranching.

Members may represent farmers, ranchers, and rural communities—large and small, crop and livestock, commodity and specialty, regionally balanced—and the rural suppliers, marketers, and processors that serve farmers, ranchers and rural communities; as well as the academic/research community who do research on environmental issues impacting agriculture, tribal agriculture groups, state and local government representatives, and environmental/conservation groups. USDA and other Federal agencies, as appropriate, will be invited to nominate members to serve as regular government employees.

In selecting committee members, EPA will consider each candidate's
