Federal Aviation Administration

Noise Exposure Map Notice for Pittsburgh International Airport, Pittsburgh, PA

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its determination that the update to the noise exposure maps submitted by the Allegheny County Airport Authority for the Pittsburgh International Airport under the provisions of Title I of the Aviation Safety and Noise Abatement Act of 1979 (Pub. L. 96-193) and 14 CFR part 150 are in compliance with applicable requirements.

DATES: *Effective Date:* The effective date of the FAA's determination on the updated noise exposure maps in November 8, 2007.

FOR FURTHER INFORMATION CONTACT:

Edward S. Gabsewics, CEP, Environmental Specialist, Federal Aviation Administration, Harrisburg Airports District Office, 3905 Hartzdale Drive, Suite 508, Camp Hill, PA 17011, Telephone 717-730-2832.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA finds that the updated noise exposure maps submitted for the Pittsburgh International Airport are in compliance with applicable requirements of Part 150, effective November 8, 2007.

Under section 103 of Title I of the Aviation Safety and Noise Abatement Act of 1979 (hereinafter referred to as "the Act"), an airport operator may submit to the FAA noise exposure maps which meet applicable regulations and which depict non-compatible land uses

as of the date of submission of such maps, a description of projected aircraft operations, and the ways in which such operations will affect such maps. The Act requires such maps to be developed in consultation with interested and affected parties in the local community, governmental agencies, and persons using the Airport.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Federal Aviation Regulations (FAR) Part 150, promulgated pursuant to Title I of the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes for the reduction of existing non-compatible uses and for the prevention of the introduction of additional non-compatible uses.

The FAA has completed its review of the updated noise exposure maps and related documentation submitted by the Allegheny County Airport Authority. The documentation that constitutes the "Noise Exposure Maps" as defined in section 150.7 of Part 150 includes: Exhibit 4.3-1 "Existing (2005) Noise Exposure Contours", and Exhibit 5.3-1 "Future (2010) Noise Exposure Contours" as well as all supporting information. The FAA has determined that these maps for the Pittsburgh International Airport are in compliance with applicable requirements. This determination is effective on November 8, 2007.

FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of FAR Part 150. Such determination does not constitute approval of the applicant's data, information or plans, or a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 103 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 107 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under Part

150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator, which submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 103 of the Act. The FAA has relied on the certification by the airport operator, under section 150.21 of FAR Part 150, that the statutorily required consultation has been accomplished.

Copies of the full noise exposure map documentation and the FAA's evaluation of the updated maps for the Pittsburgh International Airport are available for examination at the following locations:

Allegheny County Airport Authority, Landside Terminal, 4th Floor Mezzanine, Pittsburgh, PA 15231-0370, Federal Aviation Administration, Harrisburg Airports District Office, 3905 Hartzdale Drive, Suite 508, Camp Hill, PA 17011.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Issued in Camp Hill, Pennsylvania, November 8, 2007.

Susan L. McDonald,

Acting Manager, Harrisburg Airports District Office.

Federal Highway Administration

[FHWA-139(l) Notice]

Notice of Final Federal Agency Actions on United States Highway 281 in Comal County, TX

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA and Other Federal Agencies.

SUMMARY: This notice announces actions taken by the FHWA and other Federal agencies that are final within the meaning of 23 U.S.C. 139(l)(1). The actions relate to a proposed highway project, United States Highway 281 (US 281), beginning at Farm-to-Market Road 311 (FM 311) and heading north to FM 306 in Comal County in the State of Texas. Those actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA is advising the public of final agency

actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before May 21, 2008. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Mr. Salvador Deocampo, District Engineer, Federal Highway Administration, 300 E. 8th Street, Rm. 826, Austin, Texas 78701; telephone: (512) 536-5950; e-mail salvador.deocampo@fhwa.dot.gov. The FHWA Texas Division Office's normal business hours are 7:45 a.m. to 4:15 p.m. You may also contact Ms. Dianna Noble, Texas Department of Transportation, 125 E. 11th Street, Austin, Texas 78701; telephone: (512) 416-2734.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the FHWA and other Federal agencies have taken final agency actions by issuing licenses, permits, and approvals for the following highway project in the State of Texas: United States Highway 281 (US 281), beginning at Farm-to-Market Road 311 (FM 311) and heading north to FM 306 in Comal County in the State of Texas. The project will be an approximately 6.8 mile long, four-lane divided roadway with intersection improvements at four (4) major intersecting roadways and temporary crossovers at six (6) locations. The proposed highway will generally follow the existing US 281 alignment. The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Environmental Assessment (EA) for the project, dated August 2007, in the FHWA Finding of No Significant Impact (FONSI) issued on October 30, 2007, and in other documents in the FHWA project records. The EA, FONSI, and other documents in the FHWA project records file are available by contacting the FHWA or the Texas Department of Transportation at the addresses provided above. This notice applies to all Federal agency decisions as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to:

National Highway Traffic Safety Administration

[Docket NHTSA-2006-25344]

Consumer Information; Rating Program for Child Restraint Systems

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice, request for comments.

SUMMARY: In response to Section 14(g) of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act, the National Highway Traffic Safety Administration established a child restraint consumer information rating program. This

program conducts a yearly assessment on the ease of using add-on child restraints and provides these ratings to the public. The program has been successful in encouraging child restraint manufacturers to improve their harness designs, labels, and manuals such that most now receive the top rating. However, some recent research, as well as a February 2007 public meeting held by the agency on the Lower Anchors and Tethers for Children (LATCH) system has indicated that some features that make child restraints easier to use are not being captured by the current program. Additionally, the agency wants to make sure that the program continues to provide useful information to the public. In an effort to further enhance the program and provide consumers with updated information we are proposing some new features and new rating criteria, and to adjust the scoring system. The agency anticipates that these program changes will result in more child restraints being used correctly by continuing to encourage manufacturers to install more features that help make the restraints easier to use.

DATES: You should submit your comments early enough to ensure that the Docket receives them not later than December 24, 2007.

ADDRESSES: Comments should refer to the docket number and be submitted by any of the following methods:
