SUPPLEMENTARY INFORMATION:Summaries for each FAR rule follow.
For the actual revisions and/or
amendments to these FAR cases, refer to
the specific item number and subject set
forth in the documents following these
item summaries.FAC 2005–22 amends the FAR as
specified below:**Item I—Implementation of Section 104
of the Energy Policy Act of 2005 (FAR
Case 2006–008)**This final rule implements Section
104 of the Energy Policy Act of 2005.
Section 104 requires that all
acquisitions of energy consuming-
products and all contracts that involve
the furnishing of energy-consuming
products require acquisition of ENERGYSTAR® or Federal Energy Management
Program (FEMP) designated products.
The final rule provides a clause for the
Contracting Officer to insert in
solicitations and contracts to ensure that
suppliers and service and construction
contractors recognize when energy-
consuming products must be ENERGY
STAR® or FEMP-designated.**Item II—Contractor Code of Business
Ethics and Conduct (FAR Case 2006–
007)**This final rule amends Federal
Acquisition Regulation (FAR) Parts 2, 3,
and 52 to address the requirements for
a contractor code of business ethics and
conduct and the display of Federal
agency Office of the Inspector General
(OIG) Fraud Hotline Posters. In responseto public comments, this final rule
reduces the burden on small entities by
making the requirements for a formal
training program and internal control
system inapplicable to small businesses.
If a small business subsequently finds
itself in trouble ethically during the
performance of a contract, the need for
a training program and internal controls
will likely be addressed by the Federal
Government at that time, during a
criminal or civil lawsuit or debarment
or suspension.
