Interested parties may submit comments involving the suitability of the land for park sites. Comments on the classification are restricted to whether the land is physically suitable for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision to lease/convey under the R&PP Act, or any other factor not directly related to the suitability of the land for public park sites.

Only written comments submitted by postal service or overnight mail to the Field Manager, BLM Las Vegas Field Office will be considered properly filed. Electronic mail, facsimile, or telephone comments will not be considered properly filed.
