

station management contracts with any persons, whether or not officers, directors, or regular employees, which provide for both a percentage of profits and a sharing in losses; or any similar agreements.

(2) *The following contracts, agreements, or understandings need not be filed:* Agreements with persons regularly employed as general or station managers or salesmen; contracts with program managers or program personnel; contracts with attorneys, accountants or consulting radio engineers; contracts with performers; contracts with station representatives; contracts with labor unions; or any similar agreements.

(d)(1) *Time brokerage agreements (also known as local marketing agreements):* Time brokerage agreements involving radio stations where the licensee (including all parties under common ownership) is the brokering entity, the brokering and brokered stations are both in the same market as defined in the local radio multiple ownership rule contained in § 73.3555(a), and more than 15 percent of the time of the brokered station, on a weekly basis is brokered by that licensee; time brokerage agreements involving television stations where the licensee (including all parties under common control) is the brokering entity, the brokering and brokered stations are both licensed to the same market as defined in the local television multiple ownership rule contained in § 73.3555(b), and more than 15 percent of the time of the brokered station, on a weekly basis, is brokered by that licensee; time brokerage agreements involving radio or television stations that would be attributable to the licensee under § 73.3555 Note 2, paragraph (i). Confidential or proprietary information may be redacted where appropriate but such information shall be made available for inspection upon request by the FCC.

(2) *Joint sales agreements:* Joint sales agreements involving radio stations where the licensee (including all parties under common control) is the brokering entity, the brokering and brokered stations are both in the same market as defined in the local radio multiple ownership rule contained in § 73.3555(a), and more than 15 percent of the advertising time of the brokered station on a weekly basis is brokered by that licensee. Confidential or proprietary information may be redacted where appropriate but such information shall be made available for inspection upon request by the FCC.

(e) The following contracts, agreements or understandings need not

be filed but shall be kept at the station and made available for inspection upon request by the FCC; subchannel leasing agreements for Subsidiary Communications Authorization operation; franchise/leasing agreements for operation of telecommunications services on the television vertical blanking interval and in the visual signal; time sales contracts with the same sponsor for 4 or more hours per day, except where the length of the events (such as athletic contests, musical programs and special events) broadcast pursuant to the contract is not under control of the station; and contracts with chief operators.

In June 2003, the Commission adopted changes to 47 CFR 73.3613 and the FCC's attribution rules. As a result, radio stations located in Arbitron radio markets must now file agreements for the sale of advertising time (*i.e.*, "Joint Sales Agreements" or "JSAs") that result in attribution under the Commission's multiple ownership rules. 47 CFR 73.3613 requires licensees of television and radio broadcast stations to file with the Commission: (a) Contracts relating to ownership or control and personnel; and (b) time brokerage agreements that result in arrangements being counted under the Commission's multiple ownership rules. Television stations also must file network affiliation agreements. This section also requires certain contracts to be retained at the station and made available for inspection by the Commission upon request.

On June 24, 2004, the Court issued an *Opinion and Judgment* ("Remand Order") in which it upheld certain aspects of the new ownership rules, including the attribution of JSAs among radio stations, while requiring further explanation for certain other aspects of the new rules. The Court stated that its prior stay of the new rules would remain in effect pending the outcome of the remand proceeding. The Commission has not yet responded to the *Remand Order*, but in the meantime the Commission filed a petition for rehearing requesting that the Court lift the stay partially—*i.e.*, with respect to the radio ownership and JSA attribution rules which the Court's *Remand Order* upheld.

On September 3, 2004, the Court issued an Order ("Rehearing Order") which partially granted the Commission's petition for rehearing, thus lifting the stay of the revised radio ownership and JSA attribution rules. As a result of the *Rehearing Order*, the Commission's revised radio ownership and JSA attribution rules took effect on September 3, 2004. Implementation of

the new radio ownership and JSA attribution rules, as required by the *Rehearing Order*, triggers the requirement for certain licensees to begin filing JSAs.
