On December 11, 2007, Petitioners filed a joint petition for declaratory ruling, asking the Commission to clarify the regulatory status of text messaging services, including short-code-based services sent from and received by mobile phones, and declare that these services are governed by the anti-discrimination provisions of Title II of the Communications Act. On January 25, 2008, CTIA-The Wireless Association (CTIA) filed a motion for an extension of time to file comments and replies. CTIA requested a 30-day extension of the deadline for filing comments and a corresponding 30-day extension of the deadline to file reply comments. CTIA stated that “additional time is necessary for parties to consider the important issues raised by the Petition and to fully prepare submissions enabling the Commission to make an informed decision based on a fully developed record.”

On February 1, 2008, the Wireless Bureau issued an Order granting CTIA's motion for an extension of time to file comments and replies based on its finding that additional time would be beneficial to the development of a complete record on the issues. As a result of the Order, comments on the petition are due by March 14, 2008, and reply comments are due by April 14, 2008.

Pursuant to sections 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments and reply comments on or before the dates indicated on the first
