Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed Project:

Title: Evaluation of the Community Healthy Marriage Initiative Implementation Study.

OMB No.: 0970-0283.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is conducting a demonstration and evaluation called the Community Healthy Marriage Initiative (CHMI). Demonstration programs have been funded through Child Support Enforcement waivers authorized under section 1115 of the Social Security Act to support healthy marriage, improve child well-being and increase the financial security of children. The objectives of the evaluation are to (1) assess the implementation of community interventions designed to provide marriage education by examining the way the projects operate and by examining child support outcomes among low-income families in the community, and (2) evaluate the community impacts of these interventions on marital stability and satisfaction, child well-being and child support outcomes among low-income families.

The purpose of this information collection is to continue collecting implementation data under the protocols previously approved by the Office of Management and Budget (OMB) (i.e., Control No. 0970-0283). Primary data for the implementation evaluation will come from observations, interviews, focus groups and records. One-on-one and small group interviews

with project staff and marriage education service providers in the community will provide a detailed understanding of the administration and operation of the demonstrations. Focus group discussions will provide insights into participants' perspectives on marriage education and their experiences with the CHMI interventions.

In addition to the implementation information collected under this

request, an impact evaluation will be integrated with the implementation study and will assess the effects of healthy marriage initiatives by comparing family and child well-being outcomes in the CHMI communities with similar outcomes in comparison communities that are well-matched to the project sites. Data from the implementation studies will provide the basis for the instrumental variable

models of CHMI impacts to help determine direct or indirect exposure to marriage-related services. Baseline data collected under the impact evaluation has been approved by OMB (i.e., Control No. 0970-0322).

Respondents: Lead Project Staff; Service Provider Organization Staff; Key Community, Civic Stakeholders; and Program Participants.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Average number of responses per respondent	Average burden hours per response	Total burden hours
Administrative Interviews	200	2	1	400
Small Group Interviews	25	1	1.6	40
Estimated Total Annual Burden Hours				440

In compliance with the requirements of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. E-mail address: OPREinfo@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: March 31, 2008.

Brendan C. Kelly,

OPRE Reports Clearance Officer.

Proposed Project

Title: Generic Clearance to Conduct Qualitative Data Collections.

OMB No.: New Collection.

Description: The Office of Planning, Research and Evaluation (OPRE), Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), intends to request approval from the Office of Management and Budget (OMB) for a generic clearance that will allow OPRE to conduct a variety of qualitative data collections. Over the next three years, OPRE anticipates undertaking a variety of new research

projects in the fields of cash welfare, employment and self-sufficiency, Head Start, child care, healthy marriage and responsible fatherhood, and child welfare. In order to inform the development of OPRE research, to maintain a research agenda that is rigorous and relevant, and to ensure that research products are as current as possible, OPRE will engage in a variety of qualitative data collections in concert with researchers and practitioners throughout the field. OPRE envisions using a variety of techniques including semi-structured discussions, focus groups, telephone interviews, and in-person observations and site visits, in order to integrate the perspectives of program operators, policy officials and members of the research community.

Following standard OMB requirements, OPRE will submit a change request to OMB individually for every group of data collection activities undertaken under this generic clearance. OPRE will provide OMB with a copy of the individual instruments or questionnaires (if one is used), as well as other materials describing the project.

Respondents: Administrators or staff of State and local agencies or programs in the relevant fields; academic researchers; and policymakers at various levels of government.
