SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-57646; File No. SR-CBOE-2008-37]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 6.20A To Permit Sponsored Users Access to the CBOE Stock Exchange Facility

April 10, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 28, 2008, Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared substantially by CBOE. CBOE filed the proposed rule change as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)

of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to amend CBOE Rule 6.20A to permit Sponsored User access to the CBOE Stock Exchange ("CBSX") facility. The text of the proposed rule change is available at CBOE, the Commission's Public Reference Room, and <http://www.cboe.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of, and basis for, the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 6.20A (Sponsored Users) which governs electronic access for the entry and execution of orders by Sponsored Users with authorized access and the applicable requirements that Sponsored Users and Sponsoring Members must satisfy in order to engage in a Sponsoring Member/Sponsored User relationship. Under the current Rule, the Sponsored User program is only applicable to CBOE's FLEX Hybrid Trading System ("FLEX"). Accordingly, a "Sponsored User" is defined as a person or entity that has entered into a sponsorship arrangement with a Sponsoring Member for purposes of receiving electronic access to FLEX. CBOE is proposing to expand the rule to permit electronic access for the entry and execution of orders by Sponsored Users with authorized access to the CBSX facility.

Under the proposal, Rule 6.20A will apply to Sponsored Users with authorized access to CBSX in the same manner as it applies to Sponsored Users with authorized access to FLEX. Sponsored User access to CBSX will

also be conditioned on the same requirements that currently apply to Sponsored Users on FLEX.

2. Statutory Basis

The proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and with Section 6(b)(5) of the Act,⁶ in particular, in that the proposal is designed to remove impediments to and perfect the mechanisms of a free and open market and a national market system, and, in general, protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.⁹ However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. The Commission

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. CBOE has complied with this requirement.

believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest.¹¹ The Commission hereby grants the Exchange's request and designates the proposal as operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-57647; File No. SR-DTC-2007-10]

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing of Amended Proposed Rule Change to Implement the New Issue Information Dissemination Service for Municipal Securities

April 10, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder² notice is hereby given that on August 16, 2007, The Depository Trust Company ("DTC") filed with the Securities and Exchange Commission ("Commission") and on September 12, 2007, March 3, 2008, and April 9, 2008, amended the proposed rule change described in Items I, II, and III below, which items have been prepared primarily by DTC. The Commission previously published notice of the proposed rule change on October 3, 2007 and March 24, 2008.³ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested parties.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change seeks approval to implement the New Issue

Information Dissemination System ("NIIDS") for municipal securities. NIIDS is an automated system developed by DTC at the request of the Securities Industry and Financial Markets Association ("SIFMA")⁴ in order to improve the mechanism for disseminating new issue information regarding municipal securities.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.⁵

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Currently, Municipal Securities Rulemaking Board ("MSRB") Rule G-14 generally requires municipal securities dealers to report municipal securities transactions to the MSRB within 15 minutes of the time of the trade.⁶ Inter-dealer trades eligible for comparison by a clearing agency are required to be submitted through NSCC's Real Time Trade Matching System ("RTTM") within the time frame in Rule G-14. These trades are subsequently reported to the MSRB by NSCC. NSCC requires certain securities information in order to process and report transactions involving those securities. Therefore, it is necessary that dealers trading newly issued municipal securities have the securities information needed for trade submission by the time the trade reporting is required.

Pursuant to current practice in the municipal securities market, each information vendor works separately to obtain information from offering documents and underwriters. Each information vendor's success depends in large part upon the voluntary cooperation of the underwriters. It is not unusual for information vendors to have inconsistent information or for some information vendors to receive information before others.

⁴ The request originated from The Bond Market Association ("BMA"), which has since merged with the Securities Industry Association to form SIFMA.
