

alternative is accordingly not further considered.

Conclusion

The NRC staff has concluded that the proposed action is consistent with the NRC's unrestricted release criteria specified in 10 CFR 20.1402. Because the proposed action will not significantly impact the quality of the human environment, the NRC staff concludes that the proposed action is the preferred alternative.

Agencies and Persons Consulted

NRC provided a draft of this Environmental Assessment to the North Carolina Department of Environment and Natural Resources, Radioactive Materials Branch for review on February 13, 2008. On February 14, 2008, the North Carolina Department of Environment and Natural Resources responded by e-mail. The State agreed with the conclusions of the EA, and otherwise had no comments.

The NRC staff has determined that the proposed action is of a procedural nature, and will not affect listed species or critical habitat. Therefore, no further consultation is required under Section 7 of the Endangered Species Act. The NRC staff has also determined that the proposed action is not the type of activity that has the potential to cause effects on historic properties. Therefore, no further consultation is required under Section 106 of the National Historic Preservation Act.

III. Finding of No Significant Impact

The NRC staff has prepared this EA in support of the proposed action. On the basis of this EA, the NRC finds that there are no significant environmental impacts from the proposed action, and that preparation of an environmental impact statement is not warranted. Accordingly, the NRC has determined that a Finding of No Significant Impact is appropriate.

2008 Annual GSP Review

The GSP regulations (15 CFR part 2007) provide the timetable for conducting an annual review, unless otherwise specified by **Federal Register** notice. Notice is hereby given that, in order to be considered in the 2008 Annual GSP Product and Country Eligibility Practices Review, all petitions to modify the list of articles eligible for duty-free treatment under GSP or to review the GSP status of any beneficiary developing country, with the exception of petitions requesting CNL waivers, must be received by the GSP Subcommittee of the Trade Policy Staff Committee no later than 5 p.m. on Wednesday, June 18, 2008. Petitions requesting CNL waivers must be received by the GSP Subcommittee of the Trade Policy Staff Committee no later than 5 p.m. on Thursday, November 13, 2008, in order to be considered in the 2008 Annual Review. Petitions submitted after the respective deadlines will not be considered for review.

Interested parties, including foreign governments, may submit petitions to:

- (1) Designate additional articles as eligible for GSP benefits, including to designate articles as eligible for GSP benefits only for countries designated as least-developed beneficiary developing countries, or only for countries designated as beneficiary sub-Saharan African countries under the African Growth and Opportunity Act (AGOA);
- (2) withdraw, suspend or limit the application of duty-free treatment accorded under the GSP with respect to any article, either for all beneficiary developing countries, least-developed beneficiary developing countries or beneficiary sub-Saharan African countries, or for any of these countries individually;
- (3) waive the "competitive need limitations" for individual beneficiary developing countries with respect to specific GSP-eligible articles (these limits do not apply to either least-developed beneficiary developing countries or AGOA beneficiary sub-Saharan African countries); and
- (4) otherwise modify GSP coverage.

As specified in 15 CFR 2007.1, all product petitions must include a detailed description of the product and the 8-digit subheading of the Harmonized Tariff Schedule of the United States (HTSUS) under which the product is classified.

Further, product petitions requesting CNL waivers for GSP-eligible articles from beneficiary developing countries that exceed the CNLs in 2008 must be

filed in the 2008 Annual Review. In order to allow petitioners an opportunity to review additional 2008 U.S. import statistics, these petitions may be filed after Wednesday, June 18, 2008, but must be received on or before the Thursday, November 13, 2008, deadline described above in order to be considered in the 2008 Annual Review. Copies will be made available for public inspection after the November 13, 2008, deadline.

Any person may also submit petitions to review the designation of any beneficiary developing country, including any least-developed beneficiary developing country, with respect to any of the designation criteria listed in sections 502(b) or 502(c) of the Trade Act (19 U.S.C. 2462(b) and (c)) (petitions to review the designation of beneficiary sub-Saharan African countries are considered in the Annual Review of the AGOA, a separate administrative process not governed by the GSP regulations). Such petitions must comply with the requirements of 15 CFR 2007.0(b).

Requirements for Submissions

All such submissions must conform to the GSP regulations set forth at 15 CFR part 2007, except as modified below. These regulations are reprinted in the "U.S. Generalized System of Preferences Guidebook" ("GSP Guidebook"), available at http://www.ustr.gov/assets/Trade_Development/Preference_Programs/GSP/asset_upload_file666_8359.pdf.

Any person or party making a submission is strongly advised to review the GSP regulations. Submissions that do not provide the information required by sections 2007.0 and 2007.1 of the GSP regulations will not be accepted for review, except upon a detailed showing in the submission that the petitioner made a good faith effort to obtain the information required. Petitions with respect to waivers of the "competitive need limitations" must meet the information requirements for product addition requests in section 2007.1(c) of the GSP regulations. A model petition format is available from the GSP Subcommittee and is included in the GSP Guidebook. Petitioners are requested to use this model petition format so as to ensure that all information requirements are met.
