The proposed NDA boundary includes the municipal waters of Manchester-by-the-Sea, Beverly, Danvers, Salem, and Marblehead and extends to the boundary between state and federal waters. This area includes the islands of Bakers Island, Crowninshield Island, Cat Island, Children's Island, Great and Little Misery Islands, and House Island.

There are approximately 19 marinas, 14 yacht clubs and five public landings/piers in the proposed area. Massachusetts has certified that there are eight pumpout facilities within the proposed area available to the boating

public and two additional facilities pending. In addition, there will be a pumpout facility on the Beverly Pier once the area has been redeveloped. The majority of facilities are connected directly into the local wastewater treatment system. A list of the facilities, phone numbers, locations, and hours of operation is provided at the end of this petition.

Massachusetts has provided documentation indicating that the total vessel population is estimated to be 7,000 in the proposed area. It is estimated that 3,590 of the total vessel

population may have a Marine Sanitation Device (MSD) of some type.

The Trustees of Reservations manages three conservation properties within the area, Crowninshield Island, Misery Islands, and the Coolidge Reservation. The Salem Maritime National Historical Site is located within the area. There are forty-two beaches located within the proposed No Discharge Area. The proposed area has a variety of rich natural habitats, and supports a wide diversity of species. Both recreational and commercial fishermen use the area for fisheries for mackerel, striped bass, blue fish and flounder.

Sulfluramid; Product Cancellation Order

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellation, voluntarily requested by the registrant and accepted by the Agency, of products containing the pesticide sulfluramid, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a December 19, 2007 **Federal Register** Notice of Receipt of Request from the sulfluramid registrant to voluntarily cancel the last remaining sulfluramid manufacturing-use product (MUP) registration. In the December 19, 2007 notice, EPA indicated that it would issue an order implementing the cancellation, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrant withdrew their request within this period. The Agency did not receive any comments on the notice. Further, the registrant did not withdraw their request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellation. This cancellation order does not cancel the remaining end-use sulfluramid products currently registered for use in the United States. Any distribution, sale, or use of the sulfluramid products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective May 16, 2008.
