SUMMARY: This **Federal Register** publication is providing notice that EPA will hold an informal public hearing on June 19, 2008, in Port Arthur, Texas, on the proposed rule entitled, Polychlorinated Biphenyls (PCBs): Manufacturing (Import) Exemption for Veolia ES Technical Solutions, L.L.C. published on March 6, 2008 (73 FR 12053). On November 14, 2006, Veolia ES Technical Solutions, L.L.C., (Veolia)

SUPPLEMENTARY INFORMATION: EPA is granting a request from the public to

hold an informal public hearing to receive oral comments on the proposed regulation described in the **SUMMARY** above. As required by 40 CFR 750.18(a), the hearing will begin no sooner than seven (7) days after the close of the comment period.

The procedures for rulemaking under section 6 of the Toxic Substances Control Act (TSCA) are found at 40 CFR part 750. Specific procedures for manufacturing (import) exemptions are identified in 40 CFR part 750, subpart B, and the procedures for participation in and the conduct of informal hearings are found at 40 CFR 750.18-750.21. The remainder of this **Federal Register** publication summarizes the procedures and logistics for this informal hearing, which is being held pursuant to the regulations cited above. Participants and/or commenters are advised to see 40 CFR part 750 for additional details.

Each person or organization desiring to participate in the informal hearing must file a written request to participate with the Hearing Clerk identified above. (Participation in this context means providing oral comments or a presentation at the hearing.) This request must be received on or before June 12, 2008. The request must include: (1) A brief statement of the interest of the person or organization in the proceeding; (2) a brief outline of the points to be addressed; (3) an estimate of the time required; and (4) if the request comes from an organization, a nonbinding list of the persons to take part in the presentation. An organization that has not filed comments on the rulemaking will not be allowed to participate in the hearing, unless a waiver of this requirement is granted by the Hearing Clerk. Persons or organizations requesting a waiver must submit this request to the Hearing Clerk at the address listed above. The Hearing Clerk must receive the waiver request no later than June 12, 2008.

No later than three days prior to the hearing (June 16), the Hearing Clerk will make a hearing schedule publicly available on our Web site at <http://www.epa.gov/pcb/pubs/veolia.htm> and mail or deliver it to each of the persons who requested to appear at the hearing. We believe the most efficient and reliable means of delivery is by electronic mail, so we encourage all participants to provide their e-mail address. If correspondence through

regular mail is requested, the Hearing Clerk will mail the hearing schedule at least three days prior to the hearing, although due to delivery time, we can not be sure that the schedule will reach the participant prior to the hearing date. The schedule is subject to change during the hearing.

A panel of EPA employees will be present at the hearing, and one panel member will act as the Hearing Officer, who will conduct the hearing. Hearing participants may be asked to answer questions submitted by the audience (in writing, at the hearing), at EPA's discretion (40 CFR 750.19). Participants in the hearing may also submit additional material for the record. EPA will provide a verbatim transcript of the hearing.

After the close of the hearing, any participant in the hearing may submit written comments and questions concerning the factual nature of another hearing participant's presentation and/or ask questions of the participants. The submission should include information detailed under 40 CFR 750.8(1). The request must be provided to the Hearing Clerk using one of the methods identified in the **ADDRESSES** section for submitting requests to participate in the hearing. The request must be received by EPA no later than one week after a full transcript of the hearing is posted to the docket. EPA estimates that within two weeks of the hearing date, the transcript will be posted to the docket (around July 3, 2008). After the Hearing Clerk compiles all of the written questions, the Hearing Panel will review and decide which questions will be forwarded for the requested participants to answer. Any participant receiving question(s) will have one week to provide the Hearing Clerk with an answer.

Interested persons may file reply comments. Reply comments must be received no later than one week after the close of all informal hearings, which includes the question and answer procedure described in the previous paragraph. Reply comments should be restricted to comments on: (1) Other comments; (2) material in the hearing record; and (3) material which was not and could not reasonably have been available to the commenting party a sufficient time before comments were due on June 5, 2008 (40 CFR 750.4, as modified by 750.15).

SUPPLEMENTARY INFORMATION:

Executive Order 12866, "Regulatory Planning and Review"

It has been determined that 48 CFR part 5432 is not a significant regulatory action. The rule does not:

(1) Have an annual effect to the economy of \$100 million or more or adversely affect in a material way the economy; a section of the economy; productivity; competition; jobs; the environment; public health or safety; or State, local, or tribal governments or communities;

(2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another Agency;

(3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs, or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive Order.

Section 202, Public Law 104-4, "Unfunded Mandates Reform Act"

It has been certified that this rule does not contain a Federal mandate that may result in the expenditure by State, local and tribal governments, in aggregate, or by the private sector, of \$100 million or more in any one year.

Public Law 96-354, "Regulatory Flexibility Act" (5 U.S.C. 601)

It has been certified that this rule is not subject to the Regulatory Flexibility Act (5 U.S.C. 601) because it would not, if promulgated, have a significant economic impact on a substantial number of small entities.

The implementation of this rule will facilitate the receipt documentation process and enhance the accountability of DLA-provided goods, as well as provide a basis for more efficient and expeditious payments to affected contractors. In this process, contractors input copies of signed delivery documents provided by the transporter of the supplies into the Wide Area Workflow system. Contractor use of the Wide Area Workflow (WAWF) system is being implemented throughout the Department of Defense for submission of invoices. Approximately 1 hour is needed to learn the new system. Use of the WAWF system does not require any additional reporting, recordkeeping, or compliance records from small entities. Therefore no additional capability or resource expenditure will be required and no significant impact is anticipated.

Public Law 96-511, "Paperwork Reduction Act" (44 U.S.C. Chapter 35)

It has been certified that this rule does impose reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995.
