

and other Federal agencies to comment on the following information collection(s). Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before August 1, 2008. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: You may submit all PRA comments by e-mail or U.S. post mail. To submit your comments by e-mail, send them to PRA@fcc.gov. To submit your comments by U.S. mail, mark them to the attention of Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th Street, SW., Washington, DC 20554.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0706.
Title: Cable Act Reform, 47 CFR Sections 76.952 and 76.990.

Form Number: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; State, Local or Tribal Government.

Number of Respondents and Responses: 70 respondents; 70 responses.

Estimated Time per Response: 1 hour-8 hours.

Frequency of Response: On occasion reporting requirement; Third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection of

information is contained in the Telecommunications Act of 1996, Public Law No. 104-104, Sections 301 and 302.

Total Annual Burden: 210 hours.

Total Annual Cost: None.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality:

There is no need for confidentiality.

Needs and Uses: 47 CFR Section 76.952 states that all cable operators must provide to the subscribers on monthly bills the name, mailing address and phone number of the franchising authority, unless the franchising authority in writing requests that the cable operator omits such information. The cable operator must also provide subscribers with the FCC community unit identifier for the cable system in their communities.

47 CFR Section 76.990(b)(1) requires that a small cable operator, may certify in writing to its franchise authority at any time that it meets all criteria necessary to qualify as a small operator. Upon request of the local franchising authority, the operator shall identify in writing all of its affiliates that provide cable service, the total subscriber base of itself and each affiliate, and the aggregate gross revenues of its cable and non-cable affiliates. Within 90 days of receiving the original certification, the local franchising authority shall determine whether the operator qualifies for deregulation and shall notify the operator in writing of its decision, although this 90-day period shall be tolled for so long as it takes the operator to respond to a proper request for information by the local franchising authority. An operator may appeal to the Commission a local franchise authority's information request if the operator seeks to challenge the information request as unduly or unreasonably burdensome. If the local franchising authority finds that the operator does not qualify for deregulation, its notice shall state the grounds for that decision. The operator may appeal the local franchising authority's decision to the Commission within 30 days. 47 CFR Section 76.990(b)(3) requires that within 30 days of being served with a local franchising authority's notice that the local franchising authority intends to file a cable programming services tier rate complaint, an operator may certify to the local franchising authority that it meets the criteria for qualification as a small cable operator. This certification shall be filed in accordance with the cable programming services rate complaint procedure set forth in § 76.1402. Absent a cable programming

services rate complaint, the operator may request a declaration of CPST rate deregulation from the Commission pursuant to § 76.7.

On March 26, 1999, the Commission released a *Report and Order*, FCC 99-12, CS Docket 98-132, that among other things removed the requirements of 76.1404. With this submission we have removed the associated burdens.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Approved by the Office of Management and Budget

May 23, 2008.

SUMMARY: The Federal Communications Commission has received Office of Management and Budget (OMB) approval for the following public information collection(s) pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. sections 3501-3520). An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number, and no person is required to respond to a collection of information unless it displays a currently valid OMB control number. Comments concerning the accuracy of the burden estimate(s) and any suggestions for reducing the burden should be directed to the person listed in the **FOR FURTHER INFORMATION CONTACT** section below.

FOR FURTHER INFORMATION CONTACT: For additional information, please contact Cathy Williams, Cathy.Williams@fcc.gov, or on (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0027.

OMB Approval Date: 05/14/08.

Expiration Date: 05/31/2011.

Title: Application for Construction Permit for Commercial Broadcast Station.

Form Number: FCC Form 301.

Estimated Annual Burden: 4,278 responses; 2 to 4 hours per response; 10,513 hours total per year.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in 154, 303 and 308 of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: Congress has mandated that after February 17, 2009, full-power television broadcast stations must transmit only in digital signals, and may no longer transmit analog signals. On December 22, 2007, the Commission adopted a Report and Order in the matter of the Third Periodic Review of the Commission's Rules and Policies Affecting the Conversion to Digital Television, MB Docket No. 07-91, FCC 07-228, to establish the rules, policies and procedures necessary to complete the nation's transition to DTV. With the DTV transition deadline less than 14 months away, the Commission must ensure that broadcasters meet their statutory responsibilities and complete construction of, and begin operations on, the facility on their final, post-transition (digital) channel that will reach viewers in their authorized service areas by the statutory transition deadline, when they must cease broadcasting in analog. The Commission wants to ensure that no consumers are left behind in the DTV transition. Specifically, the Report and Order requires full-power commercial television stations to use revised FCC Form 301 to obtain the necessary Commission approvals (i.e., construction permits and licenses) in time to build their post-transition facility.

Applications for post-transition facilities. Full-power commercial television stations without a construction permit for their final, post-transition (DTV) facility must file an application to construct or modify that facility using FCC Form 301.

Requests to transition early to post-transition channel. Full-power commercial television stations may request authority to transition early to their post-transition channel using FCC Form 301.

Revisions to FCC Form 301. FCC Form 301 was revised to accommodate the filing of post-transition applications.

OMB Control Number: 3060-0029.

OMB Approval Date: 05/14/08.

Expiration Date: 05/31/2011.

Title: Application for TV Broadcast Station License, FCC Form 302 TV; Application for DTV Broadcast Station License, FCC Form 302-DTV; Application for Construction Permit for Reserved Channel Noncommercial Educational Broadcast Station, FCC Form 340; Application for Authority to Construct or Make Changes in an FM Translator or FM Booster Station, FCC Form 349.

Form Number(s): FCC Form 302-TV; FCC Form 302-DTV; FCC Form 340; FCC Form 349.

Estimated Annual Burden: 4,325 responses; 1 to 4 hours per response; 12,150 hours total per year.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in 154(i), 303 and 308 of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: Congress has mandated that after February 17, 2009, full-power television broadcast stations must transmit only in digital signals, and may no longer transmit analog signals. On December 22, 2007, the Commission adopted a Report and Order in the matter of the Third Periodic Review of the Commission's Rules and Policies Affecting the Conversion to Digital Television, MB Docket No. 07-91, FCC 07-228, to establish the rules, policies and procedures necessary to complete the nation's transition to DTV. The Commission wants to ensure that no consumers are left behind in the DTV transition. Specifically, the Report and Order requires Noncommercial Educational ("NCE") television stations to use revised FCC Form 340 to obtain the necessary Commission approvals (i.e., construction permits and licenses) in time to build their post-transition facility.

Applications for post-transition facilities. NCE television stations without a construction permit for their final, post-transition (DTV) facility must file an application to construct or modify that facility using FCC Forms 340.

Requests to transition early to post-transition channel. NCE television stations may request authority to transition early to their post-transition channel using FCC Form 340.

Revisions to FCC Form 340. FCC Form 340 was revised to accommodate the filing of post-transition applications.

In addition, the Report and Order requires that stations that have applied to construct or modify post-transition facilities must use the Form 302-DTV to obtain a new or modified station license to cover those post-transition facilities.

OMB Control Number: 3060-0216.

OMB Approval Date: 02/28/08.

Expiration Date: 02/28/2011.

Title: Informal Requests to Discontinue Only One Service and Informal Requests to Flash Cut; Section 73.3538, Application To Make Changes in an Existing Station, Section 73.1690(e) Modification of Transmission Systems.

Form Number: Not applicable.

Estimated Annual Burden: 700 responses; 0.50-3 hours per response; 1,125 hours total per year.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in 154(i), 303(r), 308, 309(j) and 337(e) of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: Congress has mandated that after February 17, 2009, full-power television broadcast stations must transmit only digital signals and may no longer transmit analog signals. On December 31, 2007, the Commission released a Report and Order, In the Matter of the Third Periodic Review of the Commission's Rules and Policies Affecting the Conversion to Digital Television, MB Docket No. 07-91, FCC 07-228. In this Report and Order, among other things, the Commission requires stations to request Commission approval to return their currently assigned, pre-transition-only DTV channel (i.e., a DTV channel that is not their final, post-transition channel) and flash cut at or before the transition deadline from their current analog channel to their final, post-transition channel. This process will be accomplished by permitting broadcasters to file an informal letter to the Video Division of the Media Bureau and send an e-mail to analog@fcc.gov in lieu of a formal construction permit application (FCC Forms 301 and 340). 47 CFR 73.1690(e) requires AM, FM, and TV station licensees to prepare an informal statement or diagram describing any electrical and mechanical modification to authorized transmitting equipment that can be made without prior Commission approval provided that equipment performance measurements are made to ensure compliance with FCC rules. This informal statement or diagram must be retained at the transmitter site as long as the equipment is in use. 47 CFR 73.3538 requires broadcast stations to file an informal application to modify or discontinue the obstruction marking or lighting of an antenna supporting structure.

OMB Control Number: 3060-0386.

OMB Approval Date: 05/08/2008.

Expiration Date: 11/30/2008.

Title: Special Temporary

Authorization (STA) Requests, 47 CFR 73.1635; Notifications, 47 CFR 73.1615; and Informal Filings (47 CFR part 73).

Form Number: Not applicable.

Estimated Annual Burden: 3,710 responses; 30 minutes to 4 hours per response; 4,020 hours total per year.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in 1, 4(i) and (j), 7, 301, 302, 303, 307, 308, 309, 312, 316, 318, 319, 324, 325, 336 and 337 of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: Congress has mandated that after February 17, 2009, full-power television broadcast stations must transmit only in digital signals, and may no longer transmit analog signals. On December 31, 2007, the Commission released a Report and Order, In the Matter of the Third Periodic Review of the Commission's Rules and Policies Affecting the Conversion to Digital Television, MB Docket No. 07-91, FCC 07-228. In the Report and Order, the Commission adopted rules to ensure that, by the February 17, 2009, transition date, all full-power television broadcast stations (1) cease analog broadcasting and (2) complete construction of, and begin operations on, their final, full-authorized post-transition (DTV) facility. The Commission recognized that broadcasters may need regulatory flexibility in order to achieve these goals. Accordingly, the Commission authorized the following "DTV Transition-related" filings, which must be made electronically via the FCC's Consolidated Database System ("CDBS"), to permit broadcasters to request and obtain regulatory flexibility from the Commission, if necessary, to meet their DTV construction deadlines:

STA for Phased Transition and Continued Interim Operations. Stations may file a request for Special Temporary Authorization (STA) approval to temporarily remain on their in-core, pre-transition DTV channel after the transition date through the CDBS using the Informal Application Filing Form.

STA for Phased Transition/Build-Out. Stations may file a request for STA approval to build less than full, authorized post-transition facilities by the transition date through the CDBS using the Informal Application Filing Form.

STA for Permanent Service Reduction or Termination. Stations may file a request for STA approval to

permanently reduce or terminate analog or pre-transition DTV service where necessary to facilitate construction of final, post-transition facilities through the CDBS using the Informal Application Filing Form.

Notification/Informal Letter of Temporary Service Disruption. Stations may file a notification or informal letter pursuant to Section 73.1615 to temporarily reduce or cease existing analog or pre-transition DTV service where necessary to facilitate construction of final, post-transition facilities through the CDBS using the Informal Application Filing Form.

Notification of Service Reduction or Termination. Stations may file a notification to permanently reduce or terminate analog or pre-transition DTV service within 90 days of the transition date through the CDBS using the Informal Application Filing Form.

Informal Filings. Stations claiming a "unique technical challenge" warranting a February 17, 2009, construction deadline may file a notification to document their status through the CDBS using the Informal Application Filing Form.

47 CFR 73.1635 states that broadcast stations (licensees or permittees) may file a request for Special Temporary Authority (STA) approval to permit a station to operate a broadcast facility for a limited period at a specified variance from the terms of the station's authorization or requirements of the FCC rules. Stations may file a request for STA approval for a variety of reasons. The request must describe the operating modes and facilities to be used.

OMB Control Number: 3060-1117.

OMB Approval Date: 05/08/2008.

Expiration Date: 11/30/2008.

Title: Viewer Notification

Requirements in Third DTV Periodic Report and Order, FCC 07-228.

Form Number: Not applicable.

Estimated Annual Burden: 174,000 responses; 0.01-0.33 hours per response; 12,015 hours total per year.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in 154(i) of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: Congress has mandated that after February 17, 2009, full-power television broadcast stations must transmit only in digital signals, and may no longer transmit analog signals. On December 22, 2007, the Commission adopted a Report and Order, In the Matter of the Third

Periodic Review of the Commission's Rules and Policies Affecting the Conversion to Digital Television, MB Docket No. 07-91, FCC 07-228 ("Third DTV Periodic Report and Order") to establish the rules, policies and procedures necessary to complete the nation's transition to DTV. In the Report and Order, the Commission adopted rules to ensure that, by the February 17, 2009, transition date, all full-power television broadcast stations (1) cease analog broadcasting and (2) complete construction of, and begin operations on, their final, full-authorized post-transition (DTV) facility. The Commission recognized that broadcasters may need regulatory flexibility in order to achieve these goals. Accordingly, the Commission affords broadcasters the opportunity for regulatory flexibility, if necessary, to meet their DTV construction deadlines. The Commission, however, must also ensure that no consumers are left behind in the DTV transition. Therefore, the Commission requires broadcasters that choose to reduce or terminate TV service to comply with viewer notification requirements.

Specifically, as a result of the Third DTV Periodic Report and Order, stations must comply with a viewer notification requirement (i.e., stations must notify viewers about their planned service reduction or termination) if:

(1) The station will permanently reduce or terminate analog or pre-transition digital service before the transition date; or

(2) The station will not serve at least the same population that receives their current analog TV and DTV service after the transition date.

Viewer notifications must occur every day on-air at least four times a day including at least once in primetime for the 30-days prior to the station's termination of full, authorized analog service. These notifications must include: (1) The station's call sign and community of license; (2) the fact that the station must delay the construction and operation of its post-transition (DTV) service or the fact that the station is planning to or has reduced or terminated its analog or digital operations before the transition date; (3) information about the nature, scope, and anticipated duration of the station's post-transition service limitations; (4) what viewers can do to continue to receive the station, i.e., how and when the station's digital signal can be received; (5) information about the availability of digital-to-analog converter boxes in their service area; and (6) the street address, e-mail address (if available), and phone

number of the station where viewers may register comments or request information.

GENERAL SERVICES ADMINISTRATION

Privacy Act of 1974; Notice of Updated Systems of Records

AGENCY: General Services Administration.

ACTION: Notice.

SUMMARY: GSA reviewed its Privacy Act systems to ensure that they are relevant, necessary, accurate, up-to-date, covered by the appropriate legal or regulatory authority, and in response to OMB M-07-16. This notice is a compilation of updated Privacy Act system of record notices.

DATES: Effective July 2, 2008.

FOR FURTHER INFORMATION CONTACT: Call or e-mail the GSA Privacy Act Officer: telephone 202-208-1317; e-mail gsa.privacyact@gsa.gov.

ADDRESSES: GSA Privacy Act Officer (CIB), General Services Administration, 1800 F Street, NW., Washington, DC 20405.

SUPPLEMENTARY INFORMATION: GSA undertook and completed an agency wide review of its Privacy Act systems of records. As a result of the review GSA is publishing updated Privacy Act systems of records notices. Rather than make numerous piecemeal revisions, GSA is republishing updated notices for one of its systems. Nothing in the revised system notices indicates a change in authorities or practices regarding the collection and maintenance of information. Nor do the changes impact individuals' rights to access or amend their records in the systems of records. The updated system notices also includes the new requirement from OMB Memorandum M-07-16 regarding a new routine use that allows agencies to disclose information in connection with a response and remedial efforts in the event of a data breach.

Dated: May 21, 2008.
