CenterPoint Energy Gas Transmission Company; Notice of Application

May 28, 2008.

Take notice that on May 22, 2008, CenterPoint Energy Gas Transmission Company (CEGT), 1111 Louisiana Street, Houston, Texas 77002-5231, filed with the Commission an application under section 7(b) of the Natural Gas Act (NGA) for authorization to abandon, in place and by sale, to CenterPoint Energy Field Services, Inc. (CEFS) a 4.6 mile segment of Line 2-C-2 located in the State of Oklahoma. In conjunction with the abandonment, CEGT seeks determination that the facilities, once conveyed to CEFS, will be a gathering facility exempt from the Commission's jurisdiction under NGA section 1(b). This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding the petition should be directed to Lawrence O. Thomas, Director—Rates & Regulatory, CenterPoint Energy Gas Transmission Company, P.O. Box 21734, Shreveport, LA 71151, and Tel: (318) 429-2804 or Fax (318) 429-3133, or e-mail larry.thomas@centerpointenergy.com, or contact Mark C. Schroeder, Vice-President & General Counsel, CenterPoint Energy Gas Transmission Company, P.O. Box 1700, Houston, TX 77210, and Tel: (713) 207-3395 or Fax: (713) 207-0711 or mark.schroeder@centerpointenergy.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal

Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy

Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9,

within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Transcontinental Gas Pipe Line Corporation; Notice of Application

May 28, 2008.

Take notice that on April 15, 2008, Transcontinental Gas Pipe Line Corporation (Transco), P.O. Box 1396, Houston, Texas 77251, filed in Docket No. CP08-153-000 an application pursuant to section 7(b) of the Natural

Gas Act (NGA) for permission and approval to abandon in place an approximately 17.2-mile long, 20-inch diameter supply lateral in South Marsh Island Block 23 and Eugene Island Block 129, offshore Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Transco proposes to abandon in place an approximately 17.2-mile long, 20-inch diameter supply lateral that extends between South Marsh Island Block 23 and Eugene Island Block 129, offshore Louisiana. Transco states that the line ruptured on March 11, 2006, in the Eugene Island Block 135 area. Transco determined that the line was originally damaged in 2005 during Hurricane Rita by a drilling rig set adrift while dragging its anchors. Transco also states that it isolated the line, blew it down, and took it out of service. Upon approval of Transco's request to abandon the lateral, Transco would clean the line, then plug it and bury the ends. Transco also states that its proposed abandonment would not involve the physical removal of any facilities. Transco estimates its abandonment cost at \$5,360,000.

Any questions regarding this application should be directed to Ingrid Germany, Certificates & Tariffs, Transcontinental Gas Pipe Line Corporation, P.O. Box 1396, Houston, Texas 77251 or telephone 713-215-4015.
