DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PF08-18-000]

Weaver's Cove Energy, LLC.; Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Weaver's Cove Offshore Berth Project, Request for Comments on Environmental Issues, and Notice of Public Meetings

June 4, 2008.

The Federal Energy Regulatory Commission (FERC or Commission) and the U.S. Department of Homeland Security, U.S. Coast Guard (Coast Guard) are in the process of evaluating the Offshore Berth Project planned by Weaver's Cove Energy, LLC (Weaver's Cove). The project would amend the Weaver's Cove LNG Terminal, which was authorized by the FERC on July 15, 2005, and consists of a liquefied natural gas (LNG) import terminal in Fall River, Massachusetts, in Docket No. CP04-36-000. The planned project amendment involves the construction and operation of an offshore LNG import berth (Offshore Berth) in Mount Hope Bay in Massachusetts waters and buried submarine LNG transfer pipelines to the authorized Weaver's Cove LNG Terminal.

As part of this evaluation, the FERC staff will prepare an environmental impact statement (EIS) that will address the environmental impacts of the project. This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the proposed project. Your input will help determine which issues need to be evaluated in the EIS. Please note that the scoping period will close on July 7, 2008.

Comments regarding this project may be submitted in written form or verbally. Further details on how to submit written comments are provided in the Public Participation section of this notice. In lieu of or in addition to sending written comments, we invite you to attend the public scoping meetings scheduled as follows:

Date and Time	Location
Tuesday, June 24, 2008, 7:00 p.m. to 9:00 p.m. (EST).	Mount Hope High School Auditorium, 199 Chestnut Street, Bristol, RI 02809.
Wednesday, June 25, 2008, 7:00 p.m. to 9:00 p.m. (EST).	Venus De Milo Restaurant, 75 Grand Army of the Republic Hwy, (Route 6), Swansea, MA 02777.

The Commission will use the EIS in its decision-making process to determine whether or not to authorize the project. The Coast Guard will assess the safety and security of the Offshore Berth Project and issue a Letter of Recommendation. As described above, the FERC staff and the Coast Guard will hold public scoping meetings to allow the public to provide input on these assessments. This notice explains the scoping process that will be used to gather information on the project from public and interested agencies, and summarizes the process that the Coast Guard will use. Your input will help identify the issues that need to be evaluated in the EIS and in the Coast Guard's safety and security assessment.

The FERC will be the lead federal agency for the preparation of the EIS. The Coast Guard will serve as a cooperating agency during preparation of the EIS. The document will satisfy the requirements of the National Environmental Policy Act of 1969 (NEPA). In addition, with this notice, we¹ are asking other federal, state, and local agencies with jurisdiction and/or special expertise with respect to environmental issues to cooperate with us in the preparation of the EIS. These agencies may choose to participate once they have evaluated Weaver's Cove's proposal relative to their responsibilities. Agencies that would like to request cooperating status should follow the instructions for filing comments described later in this notice. Consultations have already been initiated with the U.S. Army Corps of Engineers, and other state and/or federal agencies. Consultations with these and other agencies will continue throughout the project review and permitting period.

The Massachusetts Energy Facilities Siting Board (MEFSB) is an independent board that licenses major energy facilities in Massachusetts and is charged with ensuring a reliable energy supply for the Commonwealth with a
