Editor's Note: This excerpt of the amendment is published for the convenience of the reader. The official text is published at 21 U.S.C. 952(a) and (d)(1).

On December 27, 2007, a notice was published in the **Federal Register** which established the assessment of annual needs for the List I chemicals ephedrine, pseudoephedrine, and phenylpropanolamine (72 FR 73361). Pursuant to 21 CFR 1315, the Deputy Administrator of the DEA will, in early 2008, adjust the assessment of annual needs and individual importing and manufacturing quotas allocated for the year based upon 2007 year-end inventory and 2007 disposition data supplied by quota recipients for ephedrine, pseudoephedrine, and phenylpropanolamine, and other information available to the DEA.

The proposed revised 2008 assessment of annual needs represents those quantities of ephedrine, pseudoephedrine, and phenylpropanolamine which may be manufactured domestically and/or imported into the United States to provide adequate supplies of each substance for: The estimated medical, scientific, research, and industrial needs of the United States; lawful export requirements; and the establishment and maintenance of reserve stocks.

Therefore, under the authority vested in the Attorney General by Section 306 of the CSA (21 U.S.C. 826), and delegated to the Administrator of the DEA by 28 CFR 0.100, and redelegated to the Deputy Administrator pursuant to 28 CFR 0.104, the Deputy Administrator hereby proposes the following revised 2008 assessment of annual needs for the List I chemicals ephedrine, pseudoephedrine, and phenylpropanolamine for 2008, expressed in grams of anhydrous base:

List I chemicals	Previously established initial 2008 assessment/ (kg)	Proposed revised 2008 assessment/ (kg)
Ephedrine (for sale)	11,500	11,500
Ephedrine (for conversion)	128,760	128,760
Pseudoephedrine (for sale)	511,100	511,100
Phenylpropanolamine (for sale)	5,545	5,545
Phenylpropanolamine (for conversion)	85,470	85,470

All interested persons are invited to submit their comments in writing or electronically regarding this proposal

following the procedures in the **ADDRESSES** section of this document. A person may object to or comment on the

proposal relating to any of the above-mentioned substances without filing comments or objections regarding the

others. If a person believes that one or more of these issues warrant a hearing, the individual should so state and summarize the reasons for this belief. Persons wishing to request a hearing should note that such requests must be written and manually signed; requests for a hearing will not be accepted via electronic means. In the event that comments or objections to this proposal raise one or more issues which the Deputy Administrator finds warrant a hearing, the Deputy Administrator shall order a public hearing by notice in the **Federal Register**, summarizing the issues to be heard and setting the time for the hearing as per 21 CFR 1315.13(e).

Regulatory Flexibility Act

The Deputy Administrator hereby certifies that this action will not have a significant economic impact upon small entities whose interests must be considered under the Regulatory Flexibility Act, 5 U.S.C. 601–612. The establishment of the assessment of annual needs for ephedrine, pseudoephedrine and phenylpropanolamine is mandated by law. The assessments are necessary to provide for the estimated medical, scientific, research and industrial needs of the United States, for lawful export requirements, and the establishment and maintenance of reserve stocks. Accordingly, the Deputy Administrator has determined that this action does not require a regulatory flexibility analysis.

The Office of Management and Budget has determined that notices of assessment of annual needs are not subject to centralized review under Executive Order 12866.

Executive Order 13132

This action does not preempt or modify any provision of state law; nor does it impose enforcement responsibilities on any state; nor does it diminish the power of any state to enforce its own laws. Accordingly, this action does not have federalism implications warranting the application of Executive Order 13132.

Executive Order 12988

This action meets the applicable standards set forth in Sections 3(a) and 3(b)(2) of Executive Order 12988 Civil Justice Reform.

Unfunded Mandates Reform Act of 1995

This action will not result in the expenditure by state, local, and tribal governments, in the aggregate, or by the private sector, of \$120,000,000 or more

in any one year, and will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Congressional Review Act

This action is not a major rule as defined by Section 804 of the Small Business Regulatory Enforcement Fairness Act of 1996. This action will not result in an annual effect on the economy of \$100,000,000 or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.
