

processors participating in the limited access or opt-out fisheries that are subject to sideboard limits in the Central GOA Rockfish Program in the Western Regulatory Area is 864 mt. The sideboard limit is established by the 2008 and 2009 harvest specifications for groundfish of the GOA (73 FR 10562, February 27, 2008) and as posted as the 2008 Rockfish Program Catcher Processor Sideboards at <http://alaskafisheries.noaa.gov/sustainablefisheries/goarat/default.htm>.

In accordance with § 679.82(d)(7)(i)(A), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2008 Pacific ocean perch sideboard limit established for catcher processors participating in the limited access or opt-out fisheries in the Western Regulatory Area will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 614 mt, and is setting aside the remaining 250 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.82(d)(7)(ii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for the Pacific ocean perch sideboard limit established for catcher processors participating in the limited access or opt-out fisheries in the Western Regulatory Area.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of Pacific ocean perch sideboard limit for catcher processors participating in the limited access or opt-out fisheries in the Western Regulatory Area. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of July 10, 2008.

The AA also finds good cause to waive the 30-day delay in the effective

date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.82 and is exempt from review under Executive Order 12866.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

NMFS closed the directed fishery for northern rockfish in the Western Regulatory Area of the GOA on July 7, 2008 (73 FR 39626, July 10, 2008).

NMFS has determined that approximately 1,560 mt of the 2008 TAC of northern rockfish in the Western Regulatory Area of the GOA remain in the directed fishing allowance. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C), and (a)(2)(iii)(D), and to fully utilize the 2008 TAC of northern rockfish in the Western Regulatory Area of the GOA, NMFS is terminating the previous closure and is reopening directed fishing for northern rockfish in the Western Regulatory Area of the GOA. The opening is effective 1200 hrs, A.l.t., July 14, 2008, through 2400 hrs, A.l.t., December 31, 2008.

This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries

data in a timely fashion and would delay the opening of the northern rockfish fishery in the Western Regulatory Area of the GOA. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet and processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of July 10, 2008.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow the northern rockfish fishery in the Western Regulatory Area of the GOA to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until July 28, 2008.
