

FEDERAL MARITIME COMMISSION**Ocean Transportation Intermediary License Applicants**

Notice is hereby given that the following applicants have filed with the Federal Maritime Commission an application for license as a Non-Vessel Operating Common Carrier and Ocean Freight Forwarder—Ocean Transportation Intermediary pursuant to section 19 of the Shipping Act of 1984 as amended (46 U.S.C. Chapter 409 and 46 CFR part 515).

Persons knowing of any reason why the following applicants should not receive a license are requested to contact the Office of Transportation Intermediaries, Federal Maritime Commission, Washington, DC 20573.

Non-Vessel Operating Common Carrier Ocean Transportation Intermediary Applicants

Martinez Cargo Express, Corp., 8026 Sunport Drive, Unit 301, 302, Orlando, FL 32809. Officer: Jose R. Martinez, President (Qualifying Individual).

Universal Concord, Inc., 141 South Ave., Ste. 202, Fanwood, NJ 07023. Officer: Minmin Wang, President (Qualifying Individual).

Fax Cargo Corporation, 10913 NW 30 Street, Ste. 107, Doral, FL 33172. Officer: Yudith B. Perez, Traffic and Operations (Qualifying Individual).

Non-Vessel Operating Common Carrier and Ocean Freight Forwarder Transportation Intermediary Applicants

FedEx Trade Networks Transport & Brokerage, Inc., 128 Dearborn Street, Buffalo, NY 14207. Officer: Leman G. Brown, Jr., Asst. Secretary (Qualifying Individual).

Continental Shipping Inc., 11950 New Kings Road, Jacksonville, FL 32219. Officer: Bina P. Desai, Vice President (Qualifying Individual).

A. Naimoli Freight Forwarding, Inc. dba ARJE Logistics, 105–08 93rd Street, Ozone Park, NY 11417. Officer: Anthony Naimoli, President (Qualifying Individual).

Dated: July 11, 2008.

Karen V. Gregory,

Assistant Secretary.

BILLING CODE 6730–01–P

FEDERAL RESERVE SYSTEM**Notice of Proposals to Engage in Permissible Nonbanking Activities or to Acquire Companies that are Engaged in Permissible Nonbanking Activities**

The companies listed in this notice have given notice under section 4 of the Bank Holding Company Act (12 U.S.C. 1843) (BHC Act) and Regulation Y (12 CFR Part 225) to engage *de novo*, or to acquire or control voting securities or assets of a company, including the companies listed below, that engages either directly or through a subsidiary or other company, in a nonbanking activity that is listed in § 225.28 of Regulation Y (12 CFR 225.28) or that the Board has determined by Order to be closely related to banking and permissible for bank holding companies. Unless otherwise noted, these activities will be conducted throughout the United States.

Each notice is available for inspection at the Federal Reserve Bank indicated. The notice also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the question whether the proposal complies with the standards of section 4 of the BHC Act. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding the applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than July 31, 2008.

A. Federal Reserve Bank of Chicago (Burl Thornton, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690-1414:

1. *Northern Trust Corporation, Chicago, Illinois*; to acquire all of the assets and liabilities of Lakepoint Investment Partners LLC, Cleveland, Ohio, and thereby engage in financial and investment advisory activities pursuant to section 225.28(b)(6)(i) of Regulation Y.

Board of Governors of the Federal Reserve System, July 11, 2008.

Robert deV. Frierson,

Deputy Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Disease Control and Prevention**

[60Day–08–08BH]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404–639–5960 and send comments to Maryam I. Daneshvar, CDC Reports Clearance Officer, 1600 Clifton Road, MS–D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

Health survey of former Marines, dependents, and employees potentially exposed to contaminated drinking water at USMC Camp Lejeune—New—Agency for Toxic Substances and Disease Registry (ATSDR), Coordinating Center for Environmental Health and Injury Prevention (CCEHIP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

On January 28, 2008, President Bush signed H.R. 4986: National Defense Authorization Act for Fiscal Year 2008 which requires ATSDR to develop a health survey of individuals possibly exposed to contaminated drinking water at Camp Lejeune. The survey will collect personal health information that may provide a basis for further reliable scientific studies of potentially adverse

health impacts of exposure to contaminated water at Camp Lejeune. The Act requires the survey to be developed within 120 days of enactment and to be conducted within one year of enactment.

Additionally, in 2005, a panel of independent scientists convened by ATSDR to explore opportunities for conducting additional health studies at Camp Lejeune recommended that the agency:

- Identify cohorts of individuals with potential exposure, including adults who lived on base; adults who resided off base, but worked on base; children who lived on base; and those who may have been exposed while in utero; and
- Conduct a feasibility assessment to address the issues involved in planning future studies of mortality, cancer incidence, and other health outcomes of interest at the base.

In response, ATSDR prepared a report on the feasibility of conducting future epidemiological studies at the base. ATSDR determined that available databases could be used to identify adults who lived at the base or civilians who worked at the base during the period when drinking water was contaminated with volatile organic compounds (VOCs).

In addition to questions on cancers, the health survey will include questions

on non-fatal diseases that can be confirmed by medical records and are known or suspected of being associated with solvent exposures.

This project proposes to examine the relationship between medically confirmed cancers and trichloroethylene—(TCE) or perchloroethylene—(PCE) contaminated drinking water by mathematically modeling the exposure to contaminated drinking water while living or working at Camp Lejeune.

The relationship between the following non-fatal diseases that can be confirmed by medical records and TCE- or PCE-contaminated drinking water will also be examined: Parkinson's disease, kidney failure and other severe kidney diseases, severe liver diseases, lupus, aplastic anemia, TCE-related skin disorders, and scleroderma. In addition, the health survey will include questions on miscarriages occurring to women who were pregnant while residing or working on base.

The health survey will request information about the type of cancer or non-fatal, non-cancer disease, date of diagnosis, hospital of diagnosis, and doctor who diagnosed the disease to facilitate the acquisition of medical record confirmation. Because medical records are usually unavailable for

miscarriages, the survey will not request information to facilitate medical record confirmation of this adverse outcome. For cancers, state of diagnosis will also be obtained to facilitate acquisition of cancer registry data. Self-reported cancers and other diseases will be confirmed by medical records or cancer registrations. To facilitate medical record confirmation, the participant will be asked to provide a copy of the medical record to ATSDR or to sign a medical records release form allowing ATSDR to gain access to the medical record. The survey will also collect information on residential history on base, occupational history, and information on several risk factors (e.g., socio-economic status, demographics, smoking, alcohol consumption, etc). A space will also be provided so that the respondent can report other disease conditions. The collected information will be used to assign exposure status and to assess potential confounding.

To improve the credibility of the study, it is necessary to include an external, unexposed comparison group, similar in all respects to the Marines and civilian workers at Camp Lejeune except for exposure to VOC-contaminated drinking water.

There are no costs to the respondents other than their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondents	No. of respondents	No. of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
Former active duty marines and navy personnel—Camp Lejeune	136,500	1	45/60	102,375
Former civilian workers—Camp Lejeune	5,200	1	45/60	3,900
Former dependents (now all adults)—Camp Lejeune	14,300	1	45/60	10,725
Former active duty marines and navy personnel—Camp Pendleton (comparison group)	32,500	1	45/60	24,375
Former civilian workers—Camp Pendleton (comparison group)	6,500	1	45/60	4,875
Total	146,250

Dated: July 1, 2008.

Maryam I. Daneshvar,

Reports Clearance Officer, Centers for Disease Control and Prevention.
