DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5186-N-29]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Kathy Ezzell, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v.*

Veterans Administration, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Rita, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should

call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: ARMY: Ms. Veronica Rines, Headquarters, Department of the Army, Office of the Assistant Chief of Staff for Installation Management, 2511 Jefferson Davis Hwy, Arlington, VA 22202; (703) 601-2545; COAST GUARD: Commandant (G-SEC), USCG, Attn: Melissa Evans, 1900 Half St., SW., CG-431, Washington, DC 20593; (202) 475-5628; GSA: Mr. John Smith, Deputy Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th & F Streets, NW., Washington, DC 20405; (202) 501-0084; NAVY: Mrs. Mary Arndt, Acting Director, Department of the Navy, Real Estate Services, Naval Facilities Engineering Command, Washington Navy Yard, 1322 Patterson Ave., SE., Suite 1000, Washington, DC 20374-5065; (202) 685-9305; (These are not toll-free numbers).

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we continue the CCP
process for Mattamuskeet National
Wildlife Refuge. We started the process
through a notice in the **Federal Register**
on February 7, 2001 (66 FR 9353).

Mattamuskeet National Wildlife
Refuge is located at the southern end of
a broad, swampy peninsula in
northeastern North Carolina. It was
established in 1934 to protect and
conserve migratory birds and other
wildlife resources through the
protection of wetlands, particularly the

40,000-acre Lake Mattamuskeet itself.
This water body, the largest natural lake
in the state, comprises almost 80
percent of the 50,180-acre refuge. While
the lake averages only two feet in depth,
it is 18 miles long and five to six miles
wide. In addition to Lake Mattamuskeet,
the refuge's other main habitats are wet
pine flatwoods, moist-soil units, natural
lake shoreline, and cypress-gum swamp.

Mattamuskeet National Wildlife
Refuge is exceptionally important for
wintering waterfowl, particularly tundra
swan, the Atlantic population of Canada
geese, northern pintail, green-winged
teal, gadwall, widgeon, mallard, and
black duck.

Background

The CCP Process

The National Wildlife Refuge System
Improvement Act of 1997 (16 U.S.C.
668dd-668ee), which amended the
National Wildlife Refuge System
Administration Act of 1966, requires us
to develop a CCP for each national
wildlife refuge. The purpose in
developing a CCP is to provide refuge
managers with a 15-year plan for
achieving refuge purposes and
contributing toward the mission of the
National Wildlife Refuge System,
consistent with sound principles of fish
and wildlife management, conservation,
legal mandates, and our policies. In
addition to outlining broad management
direction on conserving wildlife and
their habitats, CCPs identify wildlife-
dependent recreational opportunities
available to the public, including
opportunities for hunting, fishing,
wildlife observation, wildlife
photography, and environmental
education and interpretation. We will
review and update the CCP at least
every 15 years in accordance with the
Improvement Act and NEPA.

Significant issues addressed in the
Draft CCP/EA include: Waterfowl
conservation; shorebirds; threatened
and endangered species; habitat
protection; neotropical migratory birds;
conservation of open water habitat in
Lake Mattamuskeet; visitor services
(e.g., hunting, fishing, wildlife
observation, wildlife photography, and
environmental education and
interpretation); funding and staffing;
cultural resources; land acquisition; and
invasive species management.

CCP Alternatives, Including Our Proposed Alternative

We developed three alternatives for
managing the refuge and chose
Alternative B as the proposed
alternative. A full description of each
