

conditions of an approved herd plan have been effectively implemented, and the Veterinarian in Charge or official designated by him has conducted a site visit to attest that the herd owner is in compliance with the approved herd plan.

We are soliciting comments from the public (as well as affected agencies) concerning our proposed information collection and recordkeeping requirements. These comments will help us:

(1) Evaluate whether the proposed information collection is necessary for the proper performance of our agency's functions, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond (such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses).

Estimate of burden: Public reporting burden for this collection of information is estimated to average 25 hours per response.

Respondents: Bovine herd owners and State animal health officials.

Estimated annual number of respondents: 20.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 20.

Estimated total annual burden on respondents: 500 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

Copies of this information collection can be obtained from Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

E-Government Act Compliance

The Animal and Plant Health Inspection Service is committed to compliance with the E-Government Act to promote the use of the Internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-Government Act compliance related to this proposed rule, please contact

Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

Animal diseases, Bison, Cattle, Hogs, Indemnity payments, Reporting and recordkeeping requirements, Tuberculosis.

Accordingly, we propose to amend 9 CFR part 50 as follows:

PART 50—ANIMALS DESTROYED BECAUSE OF TUBERCULOSIS

1. The authority citation for part 50 continues to read as follows:

Authority: 7 U.S.C. 8301-8317; 7 CFR 2.22, 2.80, and 371.4.

2. Section 50.3 is amended by adding a new paragraph (c) to read as follows:

§ 50.3 Payment to owners for animals destroyed.

* * * * *

(c) In each case, the herd owner must cooperate with a State representative or an APHIS representative in the development of an approved herd plan in order for the owner to be eligible to receive indemnity for livestock destroyed because of tuberculosis. Once a herd plan is approved, the herd owner will be eligible for a payment of 90 percent of the gross indemnity amount. The Department will withhold the remaining 10 percent of the gross indemnity amount until the Veterinarian in Charge or official designated by him has conducted a site visit¹ and has found that the herd owner has implemented the approved herd plan.

3. In § 50.12, the third sentence is revised to read as follows:

§ 50.12 Claims for indemnity.

* * * Payment will be made only if the APHIS indemnity claim form has been approved by a proper State official, if payment of the claim has been recommended by the appropriate Veterinarian in Charge or official designated by him, and if a herd plan has been jointly approved by the herd owner(s) and/or their representative(s) and a State or Federal veterinarian as required under § 50.3(c). * * *

4. Section 50.14 is amended by adding paragraphs (h) and (i) to read as follows:

§ 50.14 Claims not allowed.

* * * * *

¹ A herd owner may request a site visit conducted by the Veterinarian in Charge. The location of the Veterinarian in Charge may be obtained by writing to National Center for Animal Health Program, VS, APHIS, 4700 River Road Unit 43, Riverdale, MD 20737, or by referring to the local telephone book.

(h) The claimant does not have an approved herd plan in place that has been jointly approved by the herd owner(s) and/or their representative(s) and a State or Federal veterinarian as required under § 50.3(c).

(i) The herd or replacement herd has become reinfected with or exposed to tuberculosis because the claimant has failed to follow the provisions of an approved herd plan or has otherwise violated the conditions of an approved herd plan.

§ 50.20 [Amended]

5. Section 50.20 is amended by redesignating footnote 3 as footnote 2.

[Docket No. RM07-21-002]

Order Requesting Supplemental Comments

Issued July 17, 2008.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Order Requesting Supplemental Comments.

SUMMARY: The Federal Energy Regulatory Commission (Commission) requests supplemental comments on the scope and form of the reporting requirements under the expanded blanket authorization established in Order No. 708-A, which amends section 33.1(c)(12) of the Commission's regulations.

DATES: Comments are due September 22, 2008.

SUPPLEMENTARY INFORMATION:

Before Commissioners: Joseph T. Kelliher, Chairman; Suedeen G. Kelly, Marc Spitzer, Philip D. Moeller, and Jon Wellinghoff.

1. In this order, the Federal Energy Regulatory Commission (Commission) seeks supplemental comments on the narrow issue of the scope and form of reporting requirements that would apply to the expanded blanket authorization under section 33.1(c)(12) of the Commission's regulations,¹ adopted in Order No. 708-A² issued concurrently with this order and as discussed below.

I. Background

2. In Order No. 708, the Commission amended its regulations under section 203 of the Federal Power Act (FPA) to provide for five additional blanket authorizations under FPA section 203(a)(1).³ The Commission found that the blanket authorizations would facilitate investment in the electric utility industry and, at the same time, ensure that public utility customers are adequately protected from any adverse effects of such transactions. One of the additional blanket authorizations provided that a public utility could transfer its outstanding voting securities to any holding company granted blanket authorizations in paragraph (c)(2)(ii) of FPA section 203, if after the transfer, the holding company and any of its associate or affiliate companies in aggregate would own less than 10 percent of the outstanding voting interests of such public utility. In adopting proposed regulation section 33.1(c)(12), the Commission rejected requests to extend the blanket authorization to "any person," on the grounds that without increased reporting requirements, any such extension under section 33.1(c)(12) would best be made on a case-by-case basis.⁴ The Commission also rejected requests to expand the reporting requirements applicable to the

Commission's blanket authorizations under section 33.1 of the Commission's regulations.

3. In Order No. 708-A, the Commission granted, in part, and denied, in part, the requests for rehearing of Order No. 708. Among other things, the Commission expanded the blanket authorization under section 33.1(c)(12) to authorize a public utility to transfer its outstanding voting securities to "any person" other than a holding company if, after the transfer, such person and any of its associate or affiliate companies will own less than 10 percent of the outstanding voting interests of such public utility. The Commission stated that it would also adopt a reporting requirement for entities transacting under that blanket authorization. In order to properly tailor additional reporting requirements, the Commission also stated that it would issue a request for supplemental comments on the narrow issue of the scope and form of the reporting requirements under the expanded blanket authorizations under section 33.1(c)(12).

II. Discussion

4. As the Commission stated in Order No. 708, in order to extend the blanket authorization under section 33.1(c)(12) to include "any person," the Commission would need to establish appropriate reporting requirements so that we could monitor transfers to non-holding companies. The Commission explained that, although there is a *presumption* that less than 10 percent of a utility's shares will not result in a change of control, this presumption is rebuttable. In some instances, the transfer of less than 10 percent of voting shares may constitute a transfer of control.⁵ The Commission stated that it recognized that it could reduce regulatory burdens and encourage investment to allow transfers of securities not only to holding companies but to other "persons," and that such transfers would not harm competition or customers as long as there was a sufficient ability to monitor possible changes in control of public utilities.

5. In Order No. 708-A, the Commission granted Financial Institutions Energy Group's (Financial Group) request to extend the blanket authorization under section 33.1(c)(12) to cover public utility dispositions to non-holding companies, subject to the

same "in aggregate" limitations imposed on transfers to holding companies. The Commission denied American Public Power Association's and the National Rural Electric Cooperative Association's (APPA/NRECA) general request for additional reporting requirements. Nevertheless, the Commission explained that, in order to properly tailor additional reporting requirements for the expanded blanket authorization under section 33.1(c)(12), it would issue a concurrent request for supplemental comments that would seek comments on the narrow issue of the scope and form of the reporting requirements under the expanded blanket authorization.

6. In support of its argument that the Commission should have extended the blanket authorization under section 33.1(c)(12) to cover public utility dispositions to non-holding companies, Financial Group proposed reporting requirements for transactions involving non-holding companies that it argues should be at least as helpful to the Commission as the preexisting reporting requirements applicable to holding companies. Because commenters did not have the opportunity to comment on the specific reporting requirements proposed by Financial Group, we are requesting supplemental comments on this narrow reporting issue.

7. Financial Group proposes that within a specified time following consummation of the transaction (e.g., 30 days), the following information be reported: (1) Names of all parties to the transaction; (2) identification of both the pre-transaction and post-transaction voting security holdings (and the percentage ownership) in the public utility held by the acquirer and its associates or affiliate companies; (3) the date the transaction was consummated; (4) identification of any public utility or holding company affiliates of the parties to the transaction; and (5) the same type of statement currently required under section 33.2(j)(1),⁶ which describes Exhibit M to an FPA section 203 filing.

8. As we have granted the blanket authorization under section 33.1(c)(12) to include "any person," we seek supplemental comments on the narrow issue of the scope and form of the reporting requirements under the expanded blanket authorization. For example, we seek comment on whether Financial Group's proposed reporting requirement should be adopted, as proposed or modified. If commenters do not believe that Financial Group's proposal as to reporting requirements is appropriate, they should explain why

and propose alternative reporting requirements. We also seek comment as to whether reports should be filed with the Commission on a quarterly basis or on some other basis. We note that the expanded blanket authorization will not become effective until the Commission's order on reporting requirements becomes effective.

III. Information Collection Statement

9. The Office of Management and Budget (OMB) regulations require that OMB approve certain reporting and record keeping (information collections)

imposed by agency rules.⁷ Therefore, the Commission is submitting a proposed information collection to OMB for review and approval in accordance with section 3507(d) of the Paperwork Reduction Act of 1995.⁸ Here, the Commission has expanded a blanket authorization to additional entities under section 33.1(c)(12), and now requests supplemental comments on the scope and form of the reporting requirements for entities that transact under the expanded blanket authorization.

10. Comments are solicited on the Commission's need for this information, whether the information will have practical utility, the accuracy of provided burden estimates, ways to enhance the quality, utility, and clarity of the information to be collected, and any suggested methods for minimizing respondents' burden, including the use of automated information techniques.

Burden Estimate: The public reporting burden for the proposed reporting requirements and the records retention requirement is as follows.

Data collection FERC-519	Number of respondents	Number of responses	Hours per response	Total
Reporting	20	1	1	20
Total	20	1	1	20

Information Collection Costs: The Commission seeks comments on the cost to provide this information to the Commission. It has projected the average annualized cost of all respondents to be the following: 20 hours (reporting) @ \$66 per hour = \$1,320 for respondents. No capital costs are estimated to be incurred by respondents.

Title: FERC-519, "Application Under the Federal Power Act, Section 203".

Action: Revised Collection.

OMB Control No: 1902-0082.

The applicant will not be penalized for failure to respond to this information collection unless the information collection displays a valid OMB control number or the Commission has provided justification as to why the control number should not be displayed.

Respondents: Businesses or other for profit.

Frequency of Responses: On occasion.

Necessity of the Information: This order requesting supplemental comments proposes codification of a limited reporting requirement for entities taking advantage of a blanket authorization under FPA section 203(a)(1), which in turn provides for a category of jurisdictional transactions under section 203(a)(1) for which the Commission would not require applications seeking before-the-fact approval. The information will enable the Commission and the public to

monitor transactions that occur under the 18 CFR 33.1(c)(12) blanket authorization, as extended in Order No. 708-A.

Internal Review: The Commission has conducted an internal review of the public reporting burden associated with the collection of information and assured itself, by means of internal review, that there is specific, objective support for its information burden estimate.

11. Interested persons may obtain information on the reporting requirements by contacting: Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426 [Attention: Michael Miller, Office of the Executive Director, Phone (202) 502-8415, fax (202) 273-0873, e-mail: michael.miller@ferc.gov]. Comments on the requirements of the order requesting supplemental comment may also be sent to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503 [Attention: Desk Officer for the Federal Energy Regulatory Commission, fax (202) 395-7285, e-mail oira_submission@omb.eop.gov].

IV. Environmental Analysis

12. Commission regulations require that an environmental assessment or an environmental impact statement be prepared for any Commission action that may have a significant adverse effect on the human environment.⁹ No

environmental consideration is necessary for Commission action that involves information gathering, analysis, and dissemination.¹⁰ This request for supplemental comments seeks comments on the scope and form of the reporting requirements under the expanded blanket authorization under section 33.1(c)(12). Consequently, neither an environmental impact statement nor an environmental assessment is required.

V. Regulatory Flexibility Act

13. The Regulatory Flexibility Act of 1980 (RFA)¹¹ generally requires either a description and analysis of a rule that will have a significant economic impact on a substantial number of small entities or a certification that the rule will not have a significant economic impact on a substantial number of small entities. Most utilities to which this reporting requirement applies would not fall within the RFA's definition of small entity.¹² Consequently, the Commission certifies that this reporting requirement will not have a significant economic impact on a substantial number of small entities.

[Docket No. USCG-2008-0648]

RIN 1625-AA09

Drawbridge Operation Regulation; Islais Creek, San Francisco, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to change the operating regulation for the Illinois Street drawbridge, mile 0.3, and the 3rd Street drawbridge, mile 0.4, over Islais Creek to open on signal if at least 72 hours notice is given. This action is proposed due to the minimal amount of vessels requiring drawbridge openings on the waterway.

DATES: Comments and related material must reach the Coast Guard on or before September 22, 2008.

ADDRESSES: You may submit comments identified by Coast Guard docket number USCG-2008-0648 to the Docket

Management Facility at the U.S. Department of Transportation. To avoid duplication, please use only one of the following methods:

Background and Purpose

The Port of San Francisco (POSF) Illinois Street drawbridge, mile 0.3, over Islais Creek, in the City and County of San Francisco, CA, is required to open on signal per 33 CFR 117.5. The drawbridge provides 5 feet of vertical clearance for vessels above Mean High Water (MHW) in the closed-to-navigation position and unlimited vertical clearance when open.
