Brake Rotors from the People's Republic of China: Notice of Rescission of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (the Department) is rescinding the new shipper review of

the antidumping duty order on brake rotors from the People's Republic of China (PRC) with respect to Longkou Zhongkai Automobile Parts Co., Ltd. (Longkou Zhongkai), an exporter of the subject merchandise from the PRC. The period of review (POR) covers April 1, 2007, through March 31, 2008. This order was revoked as a result of a sunset proceeding and the effective date of revocation is prior to the date of the U.S. entry made by Longkou Zhongkai, the subject of this new shipper review.

EFFECTIVE DATE: July 25, 2008.

FOR FURTHER INFORMATION CONTACT:

Brian Smith or Terre Keaton Stefanova, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-1766 and (202) 482-1280, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On May 22, 2008, the Department initiated a new shipper review for Longkou Zhonghai and indicated that the POR for this new shipper review was April 1, 2007, through March 31, 2008. *See Brake Rotors From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review*, 73 FR 31065 (May 30, 2008).

On May 29, 2008, the International Trade Commission (ITC) determined, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), that revocation of the antidumping duty order on brake rotors from the PRC would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. The ITC notified the Department of its decision on June 12, 2008, and published its decision on June 18, 2008.¹ Based on the ITC's decision, the Department subsequently revoked the antidumping duty order on brake rotors from the PRC, effective August 14, 2007.²

On July 14, 2008, Longkou Zhongkai withdrew its new shipper review request.

Rescission of Review

Longkou Zhongkai's POR U.S. entry occurred after the effective date of revocation of the order, which is August

14, 2007. The Department has already issued its revocation instructions to U.S. Customs and Border Protection (CBP), which will liquidate this entry without regard to antidumping duties (*i.e.*, release all bonds and refund all cash deposits, with interest). *See Revocation Notice*. Because Longkou Zhongkai has no additional U.S. entries to review during the POR, we are rescinding this new shipper review. Furthermore, Longkou Zhongkai has withdrawn its review request in a timely manner. In addition, because this order is now revoked, no cash deposit instructions are necessary.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is published in accordance with section 777(i) of the Act and 19 CFR 351.214(f)(3).

Dated: July 21, 2008.

Deputy Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Abstract

National Marine Fisheries Service (NMFS) Northeast Region manages the Atlantic surfclam and ocean quahog fisheries of the Exclusive Economic Zone (EEZ) of the Northeastern United States through the Atlantic Surfclam and Ocean Quahog Fishery Management Plan (FMP). The Mid-Atlantic Fishery Management Council prepared the FMP pursuant to the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The regulations implementing the FMP are specified at 50 CFR 648.70.

The recordkeeping and reporting requirements at § 648.70 and § 648.74 form the basis for this collection of information. NMFS Northeast Region requests information from Atlantic surfclam and ocean quahog individual transferable quota (ITQ) allocation holders in order to process and track requests from the allocation holders to transfer quota allocation to another entity. NMFS Northeast Region also requests information from Atlantic surfclam and ocean quahog permit holders in order to track and properly account for Atlantic surfclam and ocean quahog harvest that is shucked at-sea. Because there is not a standard conversion factor for estimating unshucked product from shucked product, NMFS requires vessels that choose to shuck product at-sea to carry on board the vessel a NMFS-approved observer to certify the amount of Atlantic surfclam and ocean quahog harvested. This information, upon receipt, results in an increasingly more efficient and accurate database for management and monitoring of fisheries of the Northeastern U.S. EEZ.

II. Method of Collection

Paper applications are used to process requests.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (Secretary) to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) if certain findings are made and regulations are issued or, if the taking is limited to harassment, notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings may be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for certain subsistence uses, and that the permissible methods of taking and
