Applicants' Representations

1. The Funds are registered closed-end investment companies.¹ The common stock issued by each Fund is listed on the New York Stock Exchange. Some of the Funds have issued preferred stock; such preferred stock is not listed on any exchange. Applicants believe that the stockholders of each Fund are generally conservative, dividend-sensitive investors who desire current income periodically and may favor a fixed distribution policy.

2. The Adviser is registered under the Investment Advisers Act of 1940 and is

¹ Applicants request that any order issued granting the relief requested in the application also apply to any closed-end investment company that in the future: (a) Is advised by the Adviser (including any successor in interest) or by any entity controlling, controlled by, or under common control (within the meaning of section 2(a)(9) of the Act) with the Adviser; and (b) complies with the terms and conditions of the requested order. A successor in interest is limited to entities that result from a reorganization into another jurisdiction or a change in the type of business organization.

responsible for the overall management of each Fund. The Adviser is a wholly-owned subsidiary of Cohen & Steers, Inc., a publicly traded company whose common stock is listed on the New York Stock Exchange under the symbol "CNS."

3. Applicants represent that in connection with a meeting on March 7, 2007, the Boards of Directors (the "Boards") of each Fund, including a majority of the members of each of the Boards who are not "interested persons" of each Fund as defined in section 2(a)(19) of the Act (the "Independent Directors"), reviewed information regarding, among other things, the purpose and terms of a proposed distribution policy and the relationship between a Fund's distribution rate on its common stock under the policy and such Fund's total return on net asset value ("NAV") per share. Applicants state that the Independent Directors of each Fund also considered what conflicts of interest the Adviser and the affiliated persons of the Adviser and each Fund might have with respect to the adoption or implementation of such policy. Applicants further state that after considering such information the Board, including the Independent Directors, of each Fund approved a distribution policy with respect to its common stock (the "Plan") and determined that such Plan is in the best interests of such Fund and its common stockholders.

4. Applicants state that the purpose of each Plan is to make fixed periodic distributions to provide steady cash flow to Fund common stockholders. Applicants represent that each Fund would distribute to its respective common stockholders periodic, level distributions as frequently as monthly, based on a fixed amount per share, a fixed percentage of market price or a fixed percentage of the Fund's NAV per common share, any of which may be adjusted from time to time. Applicants state that the minimum annual distribution rate with respect to a Fund's common stock under each Plan would be independent of the Fund's performance during any particular period but would be expected to correlate with the Fund's performance over time. Applicants explain that each distribution on the common stock would be at the stated rate then in effect, except for extraordinary distributions and potential increases or decreases in the final dividend periods in light of the Fund's performance for the entire calendar year and to enable the Fund to comply with the distribution requirements of subchapter

M of the Internal Revenue Code of 1986 (the "Code") for the calendar year.

5. Applicants state that prior to relying on the requested order each Fund's Board, including a majority of its Independent Directors, will adopt policies and procedures under rule 38a-1 under the Act that (a) are reasonably designed to ensure that all notices required to be sent to the Fund's stockholders pursuant to section 19(a) of the Act, rule 19a-1 thereunder and condition IV. below ("Notices") include the disclosure required by rule 19a-1 and by condition II.A below, and that all other written communications by the Fund or its agents described in condition III.A below about the distributions under the Plan include the disclosure required by condition III.A below and (b) require each Fund to keep records that demonstrate its compliance with all of the conditions of the requested order and that are necessary for such Fund to form the basis for, or demonstrate the calculation of, the amounts disclosed in its Notices.²

Applicants' Legal Analysis

1. Section 19(b) generally makes it unlawful for any registered investment company to make long-term capital gains distributions more than once each year. Rule 19b-1 limits the number of capital gains dividends, as defined in section 852(b)(3)(C) of the Code ("distributions"), that a fund may make with respect to any one taxable year to one, plus one additional capital gain dividend made in whole or in part to avoid the excise tax under section 4982 of the Code, plus a supplemental "clean up" distribution made pursuant to section 855 of the Code not exceeding 10% of the total amount distributed for the year.

2. Section 6(c) provides that the Commission may exempt any person or transaction from any provision of the Act to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

3. Applicants state that the common stock of closed-end funds that invest primarily in equity securities often trade in the market at a discount to their NAV. Applicants believe that this discount may be reduced if the Funds are permitted to pay relatively frequent distributions on their common stock at

a consistent rate, whether or not those distributions include an element of long-term capital gains.

4. Applicants state that the one of the concerns underlying section 19(b) and rule 19b-1 is that stockholders might be unable to distinguish between frequent distributions of capital gains and distributions from investment income. Applicants state, however, that rule 19a-1 effectively addresses this concern by requiring that a separate statement showing the sources of a distribution (e.g., estimated net income, net short-term capital gains, net long-term capital gains and/or return of capital) accompany any distributions (or the confirmation of the reinvestment of distributions) estimated to be sourced in part from capital gains or capital. Applicants state that the same information also is included in each Fund's annual reports to stockholders and on its IRS Form 1099-DIV, which is sent to each common and preferred stockholder who received distributions during the year.

5. Applicants further state that each of the Funds will make the additional disclosures required by the conditions set forth below and will adopt compliance policies and procedures in accordance with rule 38a-1 prior to relying on the requested order to ensure that all required Notices and disclosures are sent to stockholders. Applicants argue that rule 19a-1, the Plans and the compliance policies will ensure that each Fund's stockholders would be provided sufficient information to understand that their periodic distributions are not tied to the Fund's net investment income (which for this purpose is the Fund's taxable income other than from capital gains) and realized capital gains to date, and may not represent yield or investment return. Accordingly, applicants assert that continuing to subject the Funds to section 19(b) and rule 19b-1 would afford stockholders no extra protection.

6. Applicants assert that the application of rule 19b-1 to a Plan actually could have an inappropriate influence on portfolio management decisions. Applicants state that, in the absence of an exemption from rule 19b-1, the adoption of a Plan imposes pressure on management (i) not to realize any net long-term capital gains until the point in the year that the Fund can pay all of its remaining distributions in accordance with rule 19b-1, and (ii) not to realize any long-term capital gains during any particular year in excess of the amount of the aggregate pay-out for the year (since as a practical matter excess gains must be distributed and accordingly would not be available

² Applicants state that a future fund that relies on the requested order will satisfy each of the representations in the application except that such representations will be made in respect of actions by the board of directors of such future fund and will be made at a future time.

to satisfy pay-out requirements in following years), notwithstanding that purely investment considerations might favor realization of long-term gains at different times or in different amounts. Applicants thus assert that no purpose is served by the distortion in the normal operation of a periodic distribution plan required in order to comply with rule 19b-1, and that the order requested by the applicants would minimize the anomalous effects of rule 19b-1 by enabling the Funds to realize long-term capital gains as often as investment considerations dictate without fear of violating rule 19b-1.

7. Applicants note that section 19(b) and rule 19b-1 also were intended to prevent certain improper sales practices, including, in particular, the practice of urging an investor to purchase shares of a fund on the basis of an upcoming capital gains dividend ("selling the dividend"), where the dividend would result in an immediate corresponding reduction in NAV and would be in effect a taxable return of the investor's capital. Applicants assert that this concern should not apply to closed-end investment companies, such as the Funds, which do not continuously distribute shares. According to applicants, if the underlying concern extends to secondary market purchases of stock of closed-end funds that are subject to a large upcoming capital gains dividend, adoption of a Plan actually helps minimize the concern by avoiding, through periodic distributions, any buildup of large end of the year distributions.

8. In addition, applicants assert that rule 19b-1 may force the fixed regular periodic distributions under a Plan to be funded with returns of capital³ (to the extent net investment income and realized short-term capital gains are insufficient to fund the distribution), even though realized net long-term capital gains otherwise could be available. To distribute all of a fund's long-term capital gains within the limits in rule 19b-1, a fund may be required to make total distributions in excess of the annual amount called for by its Plan, or to retain and pay taxes on the excess amount. Applicants believe that the application of rule 19b-1 to a fund's periodic distribution plan may create pressure to limit the realization of long-term capital gains based on considerations unrelated to investment goals.

9. Applicants state that Revenue Ruling 89-81 under the Code requires

that a fund that has both common stock and preferred stock outstanding designate the types of income, e.g., investment income and capital gains, in the same proportion as the total distributions distributed to each class for the tax year. To satisfy the proportionate designation requirements of Revenue Ruling 89-81, whenever a fund has realized a long-term capital gain with respect to a given tax year, the fund must designate the required proportionate share of such capital gain to be included in common and preferred stock dividends. Applicants state that although rule 19b-1 allows a fund some flexibility with respect to the frequency of capital gains distributions, a fund might use all of the exceptions available under the rule for a tax year and still need to distribute additional capital gains allocated to the preferred stock to comply with Revenue Ruling 89-81.

10. Applicants assert that the potential abuses addressed by section 19(b) and rule 19b-1 do not arise with respect to preferred stock issued by a closed-end fund. Applicants assert that such distributions are fixed or determined in periodic auctions by reference to short-term interest rates rather than by reference to performance of the issuer, and Revenue Ruling 89-81 determines the proportion of such distributions that are comprised of the long-term capital gains.

11. Applicants also submit that the "selling the dividend" concern is not applicable to preferred stock, which entitles a holder to no more than a periodic dividend at a fixed rate or the rate determined by the market, and, like a debt security, is priced based upon its liquidation value, dividend rate, credit quality, and frequency of payment. Applicants state that investors buy preferred shares for the purpose of receiving payments at the frequency bargained for, and do not expect the liquidation value of their shares to change.

12. Applicants request an order under section 6(c) granting an exemption from section 19(b) and rule 19b-1 to permit each Fund's common stock to distribute periodic capital gains dividends (as defined in section 852(b)(3)(C) of the Code) as often as monthly in any one taxable year in respect of its common stock and as often as specified by or determined in accordance with the terms thereof in respect of its preferred stock.

Applicants' Conditions

Applicants agree that, with respect to each Fund seeking to rely on the order, the order will be subject to the following conditions:

I. Compliance Review and Reporting: The Fund's chief compliance officer will: (a) Report to the Fund Board, no less frequently than once every three months or at the next regularly scheduled quarterly board meeting, whether (i) the Fund and the Adviser have complied with the conditions to the requested order, and (ii) a Material Compliance Matter, as defined in rule 38a-1(e)(2), has occurred with respect to compliance with such conditions; and (b) review the adequacy of the policies and procedures adopted by the Fund no less frequently than annually.

II. Disclosures to Fund Stockholders:

A. Each Notice to the holders of the Fund's common stock, in addition to the information required by section 19(a) and rule 19a-1:

1. Will provide, in a tabular or graphical format:

(a) The amount of the distribution, on a per common share basis, together with the amounts of such distribution amount, on a per common share basis and as a percentage of such distribution amount, from estimated: (A) Net investment income; (B) net realized short-term capital gains; (C) net realized long-term capital gains; and (D) return of capital or other capital source;

(b) The fiscal year-to-date cumulative amount of distributions, on a per common share basis, together with the amounts of such cumulative amount, on a per common share basis and as a percentage of such cumulative amount of distributions, from estimated: (A) Net investment income; (B) net realized short-term capital gains; (C) net realized long-term capital gains; and (D) return of capital or other capital source;

(c) The average annual total return in relation to the change in NAV for the 5-year period (or, if the Fund's history of operations is less than five years, the time period commencing immediately following the Fund's first public offering) ending on the last day of the month prior to the most recent distribution declaration date compared to the current fiscal period's annualized distribution rate expressed as a percentage of NAV as of the last day of the month prior to the most recent distribution declaration date; and

(d) The cumulative total return in relation to the change in NAV from the last completed fiscal year to the last day of the month prior to the most recent distribution declaration date compared to the fiscal year-to-date cumulative distribution rate expressed as a percentage of NAV as of the last day of the month prior to the most recent distribution declaration date.

Such disclosure shall be made in a type size at least as large and as

³ Return of capital as used in the application means return of capital for financial accounting purposes and not for tax accounting purposes.

prominent as the estimate of the sources of the current distribution; and

2. Will include the following disclosure:

(a) "You should not draw any conclusions about the Fund's investment performance from the amount of this distribution or from the terms of the Fund's Plan";

(b) "The fund estimates that it has distributed more than its income and net realized capital gains; therefore, a portion of your distribution may be a return of capital. A return of capital may occur for example, when some or all of the money that you invested in the Fund is paid back to you. A return of capital distribution does not necessarily reflect the Fund's investment performance and should not be confused with 'yield' or 'income'"; and

(c) "The amounts and sources of distributions reported in this Notice are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for [accounting and] tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes."

Such disclosure shall be made in a type size at least as large as and as prominent as any other information in the Notice and placed on the same page in close proximity to the amount and the sources of the distribution.

B. On the inside front cover of each report to shareholders under rule 30e-1 under the Act, the Fund will:

1. Describe the terms of the Plan (including the fixed amount or fixed percentage of the distributions and the frequency of the distributions);

2. Include the disclosure required by condition II.A.2.a above;

3. State, if applicable, that the Plan provides that the Board may amend or terminate the Plan at any time without prior notice to Fund shareholders; and

4. Describe any reasonably foreseeable circumstances that might cause the Fund to terminate the Plan and any reasonably foreseeable consequences of such termination.

C. Each report provided to stockholders under rule 30e-1 and in each prospectus filed with the Commission on Form N-2 under the Act, will provide the Fund's total return in relation to changes in NAV in the financial highlights table and in any discussion about the Fund's total return.

III. *Disclosure to Stockholders, Prospective Stockholders and Third Parties:*

A. The Fund will include the information contained in the relevant Notice, including the disclosure required by condition II.A.2 above, in any written communication (other than a Form 1099) about the Plan or distributions under the Plan by the Fund, or agents that the Fund has authorized to make such communication on the Fund's behalf, to any Fund common stockholder, prospective common stockholder or third-party information provider;

B. The Fund will issue, contemporaneously with the issuance of any Notice, a press release containing the information in the Notice and will file with the Commission the information contained in such Notice, including the disclosure required by condition II.A.2 above, as an exhibit to its next filed Form N-CSR; and

C. The Fund will post prominently a statement on its (or its adviser's) Web site containing the information in each Notice, including the disclosure required by condition II.A.2 above, and will maintain such information on such Web site for at least 24 months.

IV. *Delivery of 19(a) Notices to Beneficial Owners:* If a broker, dealer, bank or other person ("financial intermediary") holds common stock issued by the Fund in nominee name, or otherwise, on behalf of a beneficial owner, the Fund: (a) Will request that the financial intermediary, or its agent, forward the Notice to all beneficial owners of the fund's stock held through such financial intermediary; (b) will provide, in a timely manner, to the financial intermediary, or its agent, enough copies of the Notice assembled in the form and at the place that the financial intermediary, or its agent, reasonably requests to facilitate the financial intermediary's sending of the Notice to each beneficial owner of the fund's stock; and (c) upon the request of any financial intermediary, or its agent, that receives copies of the Notice, will pay the financial intermediary, or its agent, the reasonable expenses of sending the Notice to such beneficial owners.

V. *Additional Board Determinations for Funds Whose Stock Trades at a Premium:* If:

A. The Fund's common stock has traded on the exchange that it primarily trades on at the time in question at an average premium to NAV equal to or greater than 10%, as determined on the basis of the average of the discount or premium to NAV of the Fund's common stock as of the close of each trading day

over a 12-week rolling period (each such 12-week rolling period ending on the last trading day of each week); and

B. The Fund's annualized distribution rate for such 12-week rolling period, expressed as a percentage of NAV as of the ending date of such 12-week rolling period, is greater than the Fund's average annual total return in relation to the change in NAV over the 2-year period ending on the last day of such 12-week rolling period; then:

1. At the earlier of the next regularly scheduled meeting or within four months of the last day of such 12-week rolling period, the Board including a majority of the Independent Directors:

(a) Will request and evaluate, and the Adviser will furnish, such information as may be reasonably necessary to make an informed determination of whether the Plan should be continued or continued after amendment;

(b) Will determine whether continuation, or continuation after amendment, of the Plan is consistent with the Fund's investment objective(s) and policies and in the best interests of the Fund and its stockholders, after considering the information in condition V.B.1.a above; including, without limitation:

(1) Whether the Plan is accomplishing its purpose(s);

(2) The reasonably foreseeable effects of the Plan on the Fund's long-term total return in relation to the market price and NAV of the Fund's common shares; and

(3) The Fund's current distribution rate, as described in condition V.B above, compared to with the Fund's average annual total return over the 2-year period, as described in condition V.B, or such longer period as the Board deems appropriate; and

(c) Based upon that determination, will approve or disapprove the continuation, or continuation after amendment, of the Plan; and

2. The Board will record the information considered by it and the basis for its approval or disapproval of the continuation, or continuation after amendment, of the Plan in its meeting minutes, which must be made and preserved for a period of not less than six years from the date of such meeting, the first two years in an easily accessible place.

VI. *Public Offerings:* The Fund will not make a public offering of the Fund's common stock other than:

A. A rights offering below net asset value to holders of the Fund's common stock;

B. An offering in connection with a dividend reinvestment plan, merger,

consolidation, acquisition, spin-off or reorganization of the Fund; or

C. An offering other than an offering described in conditions VI.A and VI.B above, unless, with respect to such other offering:

1. The Fund's average annual distribution rate for the six months ending on the last day of the month ended immediately prior to the most recent distribution declaration date⁴, expressed as a percentage of NAV per share as of such date, is no more than 1 percentage point greater than the Fund's average annual total return for the 5-year period ending on such date⁵; and

2. The transmittal letter accompanying any registration statement filed with the Commission in connection with such offering discloses that the Fund has received an order under section 19(b) to permit it to make periodic distributions of long-term capital gains with respect to its common stock as frequently as twelve times each year, and as frequently as distributions are specified in accordance with the terms of any outstanding preferred stock that such Fund may issue.

VII. *Amendments to Rule 19b-1*: The requested relief will expire on the effective date of any amendment to rule 19b-1 that provides relief permitting certain closed-end investment companies to make periodic distributions of long-term capital gains with respect to their outstanding common stock as frequently as twelve times each year.

For the Commission, by the Division of Investment Management, under delegated authority.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-58226; File No. SR-FINRA-2008-037]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendments to NASD Rule 11890 (Clearly Erroneous Transactions)

July 25, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 8, 2008, Financial Industry Regulatory Authority, Inc. ("FINRA") (f/k/a National Association of Securities Dealers, Inc. ("NASD")) filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. FINRA designated the proposed rule change as "non-controversial" under Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to amend NASD Rule 11890 (Clearly Erroneous Transactions) to: (1) Extend the time limit that FINRA has to take action on a transaction under the rule; and (2) clarify the circumstances under which FINRA initiates a review of a transaction. The text of the proposed rule change is available at FINRA, the Commission's Public Reference Room, and <http://www.finra.org>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASD Rule 11890 provides that, in the event of a disruption or malfunction in the use or operation of any quotation, communication, or trade reporting system owned or operated by FINRA, or under extraordinary market conditions, officers of FINRA can review an over-the-counter ("OTC") transaction arising out of or reported through any such quotation, communication, or trade reporting system, and may declare the transaction null and void or modify the terms if any such officer determines that the transaction is clearly erroneous or such action is necessary for the maintenance of a fair and orderly market or the protection of investors and the public interest. Rule 11890 requires a FINRA officer acting pursuant to the rule to cancel or adjust an erroneous transaction to do so "within thirty (30) minutes of detection of the transaction," except in the case of extraordinary circumstances, in which case the FINRA officer has until 3 p.m., Eastern Time (ET), on the next trading day after the date of the transaction at issue.
