

SUMMARY: This notice announces a meeting of the National Task Force to Develop Model Contingency Plans to Deal with Lengthy Airline On-Board Ground Delays.

DATES: The Task Force meeting is scheduled for August 25, 2008, from 8:30 a.m. to 5 p.m., Eastern Time.

ADDRESSES: The Task Force meeting will be held at the U.S. Department of Transportation (U.S. DOT), 1200 New Jersey Avenue, SE., Washington, DC, in the Oklahoma City Conference Room on the lobby level of the West Building.

FOR FURTHER INFORMATION CONTACT: Livaughn Chapman, Jr., or Kathleen Blank-Riether, Office of the General Counsel, U.S. Department of Transportation, 1200 New Jersey Ave., SE., W-96-429, Washington, DC 20590-0001; *Phone:* (202) 366-9342; *Fax:* (202) 366-7152; *e-mail:*

Livaughn.Chapman@dot.gov, or *Kathleen.Blankriether@dot.gov*.

SUPPLEMENTARY INFORMATION: In accordance with the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, and the General Services Administration regulations covering management of Federal advisory committees, 41 CFR Parts 102-3, this notice announces a meeting of the National Task Force to Develop Model Contingency Plans to Deal with Lengthy Airline On-Board Ground Delays. The meeting will be held on August 25, 2008, between 8:30 a.m. and 5 p.m. at the U.S. Department of Transportation (U.S. DOT), 1200 New Jersey Avenue, SE., Washington, DC, in the Oklahoma City Conference Room on the lobby level of the West Building.

DOT's Office of Inspector General recommended, in its audit report, entitled "Actions Needed to Minimize Long, On-Board Flight Delays," issued on September 25, 2007, that the Secretary of Transportation establish a national task force of airlines, airports, and the Federal Aviation Administration (FAA) to coordinate and develop contingency plans to deal with lengthy delays, such as working with carriers and airports to share facilities and make gates available in an emergency. To effectuate this recommendation, on January 3, 2008, the Department, consistent with the requirements of the FACA, established the National Task Force to Develop Model Contingency Plans to Deal with Lengthy Airline On-Board Ground Delays. The first meeting of the Task Force took place on February 26, 2008. This will be the fifth meeting of the task force.

The agenda topics for the August 25, 2008, meeting will include the

following: (1) A final review and discussion of a draft model contingency plan for dealing with lengthy tarmac delays, developed by the Contingency Plan Working Group, the working group that is tasked with reviewing existing airline and airport contingency plans for extended tarmac delays for best practices and developing a model contingency plan; and (2) one or more presentations on recent tarmac delay events and efforts to avoid them.

Attendance is open to the public, and time will be provided for comments by members of the public. Since access to the U.S. DOT headquarters building is controlled for security purposes, any member of the general public who plans to attend this meeting must notify the Department contact noted above no later than ten (10) calendar days prior to the meeting. Attendance will be necessarily limited by the size of the meeting room.

Members of the public may present written comments at any time and, at the discretion of the Chairman and time permitting, oral comments at the meeting. Any oral comments permitted must be limited to agenda items and will be limited to five (5) minutes per person. Members of the public who wish to present oral comments must notify the Department contact noted above via e-mail that they wish to attend and present oral comments at least ten (10) calendar days prior to the meeting. For the August 25, 2008, meeting, no more than one hour will be set aside for oral comments. Although written material may be filed in the docket at any time, comments regarding upcoming meeting topics should be sent to the Task Force docket, (10) calendar days prior to the meeting. Members of the public may also contact the Department contact noted above to be placed on the Task Force mailing list.

Persons with a disability requiring special accommodations, such as an interpreter for the hearing impaired, should get in touch with the Department contact noted above at least seven (7) calendar days prior to the meeting.

Notice of this meeting is provided in accordance with the FACA and the General Services Administration regulations covering management of Federal advisory committees.

Issued on: July 30, 2008.

Samuel Podberesky,

Assistant General Counsel for Aviation Enforcement & Proceedings, U.S. Department of Transportation.

Federal Motor Carrier Safety Administration

[FMCSA-2008-0232]

Commercial Driver's License: Commonwealth of Virginia, Department of Motor Vehicles; Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA has received an application from the Commonwealth of Virginia Department of Motor Vehicles (Virginia DMV) for an exemption from provisions of the Agency's commercial driver's license (CDL) requirement that each CDL issued by the State contain a color photograph of the driver. Virginia DMV proposes that it be allowed to use a black and white, laser-engraved

photograph in lieu of a color photograph. Virginia DMV believes that the issuance of CDLs with laser-engraved black and white photographs would enhance the security of the credential and assist law enforcement officials with the identification of the CDL holder. The FMCSA requests public comment on Virginia DMV's application for exemption.

DATES: Comments must be submitted on or before September 4, 2008.

ADDRESSES: You may submit comments identified by Federal Docket Management System Number [FMCSA-2008-0232] by any of the following methods:
