**Notice of Availability of Richfield Field Office Proposed Resource Management Plan and Final Environmental Impact Statement (PRMP/FEIS)**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Availability.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969 and the Federal Land Policy and Management Act of 1976, the Bureau of Land Management (BLM) has prepared a Proposed Resource Management Plan/ Final Environmental Impact Statement

(PRMP/FEIS) for the Richfield Field Office.

**DATES:** The BLM planning regulations (43 CFR 1610.5-2) state that any person who meets the conditions as described in the regulations may protest the BLM's PRMP/FEIS. A person who meets the conditions and files a protest must file the protest within 30 days of the date that the Environmental Protection Agency publishes this notice in the **Federal Register**.

**ADDRESSES:** Copies of the Richfield Field Office PRMP/FEIS were sent to affected Federal, state, and local government agencies and to interested parties. **SUPPLEMENTARY INFORMATION:** The Richfield RMP planning area is located in central Utah. The BLM administers approximately 2.1 million acres of surface estate and 3.0 million acres of Federal mineral estate within the planning area.

The Richfield RMP will provide future broad-scale management direction for land use allocations and allowable uses on public lands within the planning area. Implementation of the decisions of the PRMP/FEIS would apply only to BLM-administered public lands and Federal mineral estate. In the Draft RMP/EIS (DRMP/DEIS), which was released for public review and comment in October 2007, five alternatives were analyzed, including a No Action alternative. These alternatives were developed through issue identification during the scoping process. Such issues included: visual resources, non-WSA lands with wilderness characteristics, livestock grazing, recreation, travel management (OHVs), minerals and energy resources, and special designations (ACECs and WSRs).

The PRMP/FEIS would designate one new Area of Critical Environmental Concern (ACEC), and the continuation of one existing ACEC, totaling 2,530 acres. Resource use limitations that apply to the proposed ACECs include a range of different prescriptions as described in Table 1 below.

TABLE 1—EVALUATION OF AREAS OF CRITICAL ENVIRONMENTAL CONCERN

Area name	Values of concern	Resource use limitations	Acres
North Caineville Mesa .....	Relict vegetation .....	No surface occupancy for oil and gas, recommend withdrawal from mineral entry, unsuitable for surface coal mining, unavailable for livestock grazing, closed to OHV use.	2,200
Old Woman Front .....	Relict vegetation .....	No wildlife habitat manipulation; prohibit introduction or spread of exotic animal species; no logging or harvest of woodland products, fuelwood gathering, or Christmas tree cutting; unavailable for livestock grazing; no range improvements; no special recreation permits; closed to OHV use; no new roads, trails, or physical improvements; no surface occupancy for oil and gas; recommend withdrawal from mineral entry.	330

Comments on the Richfield Field Office DRMP/DEIS received from the public and internal BLM review were considered and incorporated as appropriate into the PRMP/FEIS. Public comments resulted in the addition of clarifying text, but did not significantly change proposed land use plan decisions.

Instructions for filing a protest with the Director of the BLM regarding the

PRMP/FEIS may be found in the Dear Reader Letter of the Richfield Field Office PRMP/FEIS and at 43 CFR 1610.5-2.

E-mail and faxed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under these conditions, the BLM will consider the e-

mail or faxed protest as an advance copy and it will receive full consideration. If you wish to provide the BLM with such advance notification, please direct faxed protests to the attention of the BLM protest coordinator at 202-452-5112, and e-mails to [Brenda\\_Hudgens-Williams@blm.gov](mailto:Brenda_Hudgens-Williams@blm.gov). All protests, including the follow-up letter (if e-mailing or faxing) must be in writing and mailed to the appropriate address,

as set forth in the **ADDRESSES** section above.

Before including your phone number, e-mail address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. **SUPPLEMENTARY INFORMATION:** The planning area covers approximately 143,830 acres of public lands within the following Idaho Counties: Latah, Clearwater, Nez Perce, Lewis, Idaho and Adams. The Cottonwood RMP, when completed, will provide management guidance for use and protection of the resources managed by the Cottonwood Field Office.
