

Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Industry and Security (BIS).

Title: Competitive Enhancement Needs Assessment Survey Program.
OMB Control Number: 0694-0083.

Form Number(s): None.

Type of Request: Regular submission.

Burden Hours: 2,400.

Number of Respondents: 2,400.

Average Hours per Response: 1.

Needs and Uses: The Defense

Production Act of 1950, as amended, and Executive Order 12919, authorizes the Secretary of Commerce to assess the capabilities of the defense industrial base to support the national defense and to develop policy alternatives to improve the international competitiveness of specific domestic industries and their abilities to meet defense program needs. The information collected from this voluntary survey will be used to assist small and medium-sized firms in defense transition and in gaining access to advanced technologies and manufacturing processes available from Federal Laboratories. The goal is to improve regions of the country adversely affected by cutbacks in defense spending and military base closures. While the previous survey focused primarily on those small businesses that were impacted by defense downsizing, it became apparent that non-defense dependent firms could also benefit from the variety of services offered. Therefore, the latest survey includes firms who manufacture products for non-defense end-uses, including NASA programs.

Affected Public: Business and other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

SUPPLEMENTARY INFORMATION:**I. Abstract**

The "Survey of International Air Travelers" program, administered by the Office of Travel and Tourism Industries (OTTI) of the International Trade Administration provides the sole source data required to: (1) Estimate international travel and passenger fare exports, imports and the trade balance for the United States; (2) support the U.S. Department of Commerce (DOC), Bureau of Economic Analysis' (BEA) mandate to collect, analyze and report information used to calculate the Gross Domestic Product (GDP) and (3) Travel and Tourism Satellite Account for the United States.

The Survey program contains the core data that is analyzed and communicated by OTTI with other government agencies, associations and businesses that share the same objective of increasing U.S. international travel exports. The Survey assists OTTI in assessing the economic impact of international travel on state and local economies, providing visitation estimates, and identifying traveler and trip characteristics. The DOC assists travel industry enterprises to increase international travel and passenger fare exports for the country as well as outbound travel on U.S. carriers. The Survey program provides the only available estimates of nonresident visitation to the states and cities within the U.S., as well as U.S. resident travel abroad. U.S. and foreign flag airlines that voluntarily participate in the Survey program enable the collection.

II. Method of Collection

The survey will be collected by: (1) the flight attendant during the flight, or (2) the sub-contractor "interviewer" in the pre-flight departure gate area. International passengers will be prompted to complete/submit the survey after making flight arrangements via a booking engine (i.e., Worldspan) or an airline Internet site.
