OCC believes that the proposed rule change is consistent with the purposes and requirements of the Act because it is designed to promote the prompt and accurate clearance and settlement of transactions in securities options, to remove impediments to and perfect the mechanism of a national system for the prompt and accurate clearance and settlement of such transactions, and, in general, to protect investors and the public interest. It accomplishes this by reducing inconsistencies in the adjustment of stock option contracts. The proposed rule change is not inconsistent with the existing By-Laws and Rules of OCC, including any rules proposed to be amended.

(B) Self-Regulatory Organization's Statement on Burden on Competition

OCC does not believe that the proposed rule change would impose any material burden on competition.
