

**DEPARTMENT OF TRANSPORTATION****14 CFR Part 97**

[Docket No. 30625; Amdt. No. 3285]

**Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments****AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.

**SUMMARY:** This rule establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

**DATES:** This rule is effective September 11, 2008. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the **Federal Register** as of September 11, 2008.

**ADDRESSES:** Availability of matter incorporated by reference in the amendment is as follows:

*For Examination—*

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA). *Availability—*All SIAPs are available online free of charge. Visit <http://nfdc.faa.gov> to register. Additionally,

individual SIAP and Takeoff Minimums and ODP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

Hodges, Flight Procedure Standards Branch (AFS-420) Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125) telephone: (405) 954-4164.

**SUPPLEMENTARY INFORMATION:** This rule amends Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) by amending the referenced SIAPs. The complete regulatory description of each SIAP is listed on the appropriate FAA Form 8260, as modified by the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), and is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of Title 14 of the Code of Federal Regulations.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAP and the corresponding effective dates. This amendment also identifies the airport and its location, the procedure and the amendment number.

**The Rule**

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures

(TERPS). In developing these changes to SIAPs, the TERPS criteria were applied only to specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

**Conclusion**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under DOT Regulatory Order 12866; (2) is not a “significant rule” under DOT regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The text of the temporary regulations also serves as the text of the proposed regulations set forth in the notice of proposed rulemaking on this subject in the Proposed Rules section of this issue of the **Federal Register**.

**SUPPLEMENTARY INFORMATION:**

**Background**

This document contains amendments to 26 CFR part 301 under section 6707A of the Code. Section 6707A was added to the Code by section 811 of the American Jobs Creation Act of 2004, Public Law 108-357 (118 Stat. 1418) (AJCA), enacted on October 22, 2004. Section 6707A provides a monetary penalty for the failure to include on any return or statement any information required to be disclosed under section 6011 with respect to a reportable transaction. The penalty applies to returns and statements the due date for which is after October 22, 2004, and which were not filed before that date.

The amount of the section 6707A penalty for failure to include information required under section 6011 with respect to a reportable transaction, other than a listed transaction, is \$10,000 in the case of an individual, and \$50,000 in any other case. If the failure is with respect to a listed transaction, the penalty is increased to \$100,000 in the case of an individual, and \$200,000 in any other case.

Section 6707A(d)(1) grants the Commissioner authority to rescind all or a portion of any penalty imposed under section 6707A if (1) the violation relates to a reportable transaction that is not a listed transaction and (2) rescission of the penalty would promote compliance with the requirements of the Code and effective tax administration. Section 6707A(d)(2) provides that the Commissioner's determination whether to rescind the penalty may not be reviewed in any judicial proceeding. Rev. Proc. 2007-21, 2007-1 CB 613, provides the procedures to follow to request rescission of all or any portion of a penalty assessed under section 6707A with respect to a reportable

transaction other than a listed transaction.

Section 6707A(e) requires a person that is required to file periodic reports under section 13 or 15(d) of the Securities Exchange Act of 1934, or consolidated reports with another person, to disclose in those reports for the periods specified by the Secretary, the requirement to pay the penalties set forth in section 6707A(e)(2) (for example, certain penalties under section 6662(h) and penalties under sections 6662A(c), 6707A(b)(2), or 6707A(e)). Rev. Proc. 2005-51, 2005-2 CB 296, which was amplified by Rev. Proc. 2007-25, 2007-1 CB 761, describes the reports on which the disclosures must be made, the information that must be disclosed, and the deadlines by which persons must make the disclosures on the reports to avoid additional penalties under section 6707A(e). If the person fails to disclose the requirement to pay the penalties, then section 6707A(e) requires that the failure be treated as a failure to disclose a listed transaction to which an additional section 6707A penalty applies. Because a penalty imposed under section 6707A(e) is treated as a penalty imposed with respect to a listed transaction, the penalty is not subject to rescission.

To implement the pertinent provisions of the AJCA, the Treasury Department and the IRS proposed amendments to the rules relating to the disclosure of reportable transactions by taxpayers under section 6011 (see Prop. Treas. Reg. § 1.6011-4, 2006-49 IRB 1049) and finalized those proposed regulations in TD 9350 (72 FR 43146) published on August 3, 2007.

Sections 1.6011-4(a) and (d) generally require that a taxpayer file a disclosure statement on Form 8886, "Reportable
