

seasonally adjusted total unemployment rate rose to the 6.5 percent threshold and exceeded 110 percent of the corresponding rate in the prior year. This causes North Carolina to be triggered "on" to an EB period beginning October 5, 2008.

Information for Claimants

The duration of benefits payable in the EB Program, and the terms and conditions on which they are payable, are governed by the Federal-State Extended Unemployment Compensation Act of 1970, as amended, and the operating instructions issued to the states by the U.S. Department of Labor. In the case of a state beginning an EB period, the State Workforce Agency will furnish a written notice of potential entitlement to each individual who has exhausted all rights to regular benefits and is potentially eligible for EB (20 CFR 615.13(c)(1)).

Persons who believe they may be entitled to EB, or who wish to inquire about their rights under the program, should contact their State Workforce Agency.

DEPARTMENT OF LABOR

Employment and Training Administration

Labor Surplus Area Classification Under Executive Orders 12073 and 10582

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: The purpose of this notice is to announce the annual list of labor surplus areas for Fiscal Year (FY) 2009.

DATES: Effective Date: The annual list of labor surplus areas is effective October 1, 2008, for all states, the District of Columbia, and Puerto Rico.

FOR FURTHER INFORMATION CONTACT:

Anthony D. Dais, Office of Workforce Investment, Employment and Training Administration, 200 Constitution Avenue, NW., Room S-4231, Washington, DC 20210. Telephone: (202) 693-2784 (This is not a toll-free number).

SUPPLEMENTARY INFORMATION: The Department of Labor's regulations implementing Executive Orders 12073 and 10582 are set forth at 20 CFR Part 654, Subparts A and B. These regulations require the Employment and Training Administration (ETA) to classify jurisdictions as labor surplus areas pursuant to the criteria specified in the regulations and to publish annually a list of labor surplus areas. Pursuant to those regulations, ETA is hereby publishing the annual list of labor surplus areas.

In addition, the regulations provide exceptional circumstance criteria for classifying labor surplus areas when catastrophic events, such as natural disasters, plant closings, and contract cancellations are expected to have a long-term impact on labor market area conditions, discounting temporary or seasonal factors.

Eligible Labor Surplus Areas

Procedures for Classifying Labor Surplus Areas

The Department of Labor (DOL) issues the labor surplus area list on a fiscal year basis. The list becomes effective each October 1 and remains in effect through the following September 30. The reference period used in preparing the current list was January 2006 through December 2007. The national average unemployment rate during this period was 4.7 percent. Applying the "floor" concept (see regulations), the unemployment rate for an area to qualify as having a surplus of labor for FY 2009 is 6.0 percent. Therefore, areas included on the FY 2009 labor surplus area list had an average unemployment rate of 6.0 percent or above during the reference period. This year the balance of county areas are not listed since all of the balance of county areas eligible to be a labor surplus area were in counties that also qualified as a labor surplus area. A second listing would be

unnecessarily redundant and potentially confusing. The FY 2009 labor surplus area list can be accessed at: <http://www.doleta.gov/programs/lisa.cfm>.

Petition for Exceptional Circumstance Consideration

The classification procedures also provide for the designation of labor surplus areas under exceptional circumstance criteria. These procedures permit the regular classification criteria to be waived when an area experiences a significant increase in unemployment, which is not temporary or seasonal and was not reflected in the data for the 2-year reference period. Under the program's exceptional circumstance procedures, labor surplus area classifications can be made for civil jurisdictions, Metropolitan Statistical Areas or Primary Metropolitan Statistical Areas, as defined by the Office of Management and Budget. In order for an area to be classified as a labor surplus area under the exceptional circumstance criteria, the state workforce agency must submit a petition requesting such classification to the DOL ETA. The current criteria for an exceptional circumstance classification are: An area's unemployment rate of at least 6.0 percent for each of the three most recent months; a projected unemployment rate of at least 6.0 percent for each of the next 12 months; and documentation that the exceptional circumstance event has already occurred. The state workforce agency may file petitions on behalf of civil jurisdictions, as well as Metropolitan Statistical Areas or Primary Metropolitan Statistical Areas. The addresses of state workforce agencies are available on the ETA Web site at: <http://www.doleta.gov/programs/lisa.cfm>. State workforce agencies may submit petitions in electronic format to dais.anthony@dol.gov, or in hard copy to the U.S. Department of Labor, Employment and Training Administration, Office of Workforce Investment, 200 Constitution Avenue, NW., Room S-4231, Washington, DC 20210. Data collection for the petition is approved under OMB 1205-0207, expiration date March 31, 2011.

Signed at Washington, DC this 30th day of September, 2008.

Brent R. Orrell,

Deputy Assistant Secretary for Employment and Training Administration.
