DEPARTMENT OF ENERGY

Fusion Energy Sciences Advisory Committee

AGENCY: Department of Energy, Office of Science.

ACTION: Notice of Open Meeting.

SUMMARY: This notice announces a meeting of the Fusion Energy Sciences Advisory Committee. The Federal Advisory Committee Act (Pub. L. 92-463, 86Stat.770) requires that public notice of these meetings be announced in the **Federal Register**.

DATES: Thursday, November 6, 2008, 9 a.m. to 6:30 p.m. and Friday, November 7, 2008, 9 a.m. to noon.

ADDRESSES: The Gaithersburg Hilton, 620 Perry Parkway, Gaithersburg, Maryland, 20877, USA.

FOR FURTHER INFORMATION CONTACT: Albert L. Opdenaker, Office of Fusion Energy Sciences; U.S. Department of Energy; 1000 Independence Avenue, SW.; Washington, DC 20585-1290; Telephone: 301-903-4927.

SUPPLEMENTARY INFORMATION:

Purpose of the Meeting: The Office of Fusion Energy Sciences (OFES) is developing a new strategic plan for the Fusion Energy Sciences (FES) program. The Fusion Energy Sciences Advisory Committee (FESAC) recently completed its report on scientific themes and issues facing the magnetic fusion portion of the FES program. At this meeting, FESAC will hear a final report from its panel that is identifying the scientific themes and issues facing the four major alternate confinement concepts. The output from this panel along with the previous FESAC report

on the themes and issues facing the magnetic fusion program will provide a major portion of the information that OFES will use to produce a Strategic Overview Plan. The Committee will also hear a status report from its panel that is identifying the scientific themes and issues facing the high energy density laboratory plasma (HEDLP) program, and other reports as listed in the agenda shown below.

Tentative Agenda

Thursday, November 6, 2008

- Presentation on DOE Perspectives by the Deputy Director for Science Programs.
- Presentation on OFES Perspectives and Plans for Development of Long-Range Strategic Plans including Research Needs Workshops.
- Presentation on the Final Report of the Toroidal Magnetic Alternates Panel.
- Presentation on the status of the HEDLP Panel activities.
- Presentation on ITER Status.
- Presentation by OFES on the Draft Strategic Overview Plan.
- Public Comments.

Friday, November 7, 2008

- Report on Fusion Diagnostics Development Needs.
- Status on the Research on Plasma-Materials Interactions in Fusion.
- Adjourn

Public Participation: The meeting is open to the public. If you would like to file a written statement with the Committee, you may do so either before or after the meeting. If you would like to make oral statements regarding any of the items on the agenda, you should contact Albert L. Opdenaker at 301-903-8584 (fax) or albert.opdenaker@science.doe.gov (e-mail). Reasonable provision will be made to include the scheduled oral statements on the agenda. The Chairperson of the Committee will conduct the meeting to facilitate the orderly conduct of business. Public comment will follow the 10-minute rule.

Minutes: The minutes of the meeting will be available on the U.S. Department of Energy's *Office of Fusion Energy Sciences* Web site (<http://www.science.doe.gov/ofes/>).

Issued at Washington, DC, on October 3, 2008.

Rachel Samuel,

Deputy Committee Management Officer.

Federal Energy Regulatory Commission

[Docket No. CP08-480-000]

Northern Natural Gas Company; Elk City Oklahoma Pipeline, L.P.; Notice of Application

October 2, 2008.

Take notice that on September 29, 2008, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124, and Elk City Oklahoma Pipeline, L.P. (ECOP), c/o Atlas Pipeline Mid-Continent LLC, 110 West 7th Street, Suite 2300, Tulsa, Oklahoma 74119, filed a joint application in Docket No. CP08-480-000. Northern, pursuant to section 7(b) of the Natural Gas Act (NGA), requests permission and approval to abandon by sale to Saleco, a new yet to be named Delaware limited liability company, 16 miles of 16-inch pipeline in Northern's Field Area and receipt point facilities (Beckham System), with appurtenances facilities located in Roger Mills and Beckham counties, Oklahoma. Northern also requests Commission approval to abandon the primary firm service it provides with respect to a receipt point located on the facilities proposed for abandonment. Once Saleco is transferred to ECOP, the Beckham System will be operated by ECOP as part of its non-jurisdictional gathering system. Northern and ECOP also request in the filing a determination that, upon transfer to ECOP, the facilities in question will be classified as "gathering" under Section 1(b) of the NGA, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Any questions regarding this application should be directed to Michael T. Loeffler, Senior Director of Certificates and External Affairs for Northern, 1111 South 103rd Street, Omaha, Nebraska 68124, at (402) 398-7103.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and

place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission.
