

breaker rule; however, FINRA's Board has authority to act in certain emergency or extraordinary market conditions pursuant to Article VII, Section 3 of FINRA's By-Laws.

FINRA is proposing to adopt new FINRA Rule 6121, which would authorize FINRA to halt OTC trading of NMS stocks if other major U.S. securities markets initiate market-wide trading halts in response to their rules or extraordinary market conditions or if otherwise directed by the SEC. FINRA believes that such generalized authority is appropriate and necessary to provide adequate flexibility to deal with extraordinary market conditions. FINRA also believes the proposed rule change will further the goal of coordinated SRO action to address potentially destabilizing market volatility, consistent with the circuit breaker trading halt authority of the exchanges.

FINRA has filed the proposed rule change for immediate effectiveness. The operative date of the proposed rule change is the date of filing.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁸ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change is consistent with the circuit breaker rules of other SROs and will further the goal of investor protection by providing a coordinated means to address potentially destabilizing market volatility.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change is effective upon filing pursuant to Section

19(b)(3)(A) of the Act⁹ and paragraph (f)(3) of Rule 19b-4 thereunder,¹⁰ in that the proposed rule change is concerned solely with the administration of the self-regulatory organization. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to UPC Advisory on Trading Halts in OTC Equity Securities

October 8, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 7, 2008, the Financial Industry Regulatory Authority, Inc. ("FINRA") (f/k/a National Association of Securities Dealers, Inc. ("NASD")) filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule under Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(1) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is filing a *Uniform Practice Code (UPC) Advisory* that provides

notice that FINRA will halt trading in OTC Equity Securities under FINRA Rule 6460(a)(3) (formerly NASD Rule 6660(a)(3)) if there is a market-wide halt in trading in NMS stocks.⁵

The text of the proposed *UPC Advisory* is attached as Exhibit 1. There are no changes to the text of FINRA rules.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

National securities exchanges generally have circuit breaker rules whereby the trading in all exchange-listed securities is halted based on a one-day decline of 10%, 20% and 30% of the Dow Jones Industrial Average ("DJIA"), with the percentage value based on the average closing value of the DJIA for the month prior to the beginning of the quarter, or have other general authority to halt trading in response to similar extraordinary market conditions.⁶ Unlike the exchanges, with respect to OTC Equity Securities (as that term is defined in the FINRA Rule 6400 Series (formerly NASD Rule 6600 Series)), FINRA does not have an express circuit breaker rule but relies on its authority under FINRA Rule 6460(a)(3) (formerly NASD Rule 6660(a)(3)), which provides that FINRA may halt quoting and trading in OTC equity securities if FINRA determines

that an extraordinary event has occurred or is ongoing that has had a material effect on the market for the OTC Equity Security or has caused or has the potential to cause major disruption to the marketplace and/or significant uncertainty in the settlement and clearance process. FINRA considers a market-wide halt in the trading of exchange-listed securities to be an extraordinary event under Rule 6460(a)(3) and has therefore published a *UPC Advisory* (attached as Exhibit 1) to give notice to members and other interested parties that FINRA will halt quoting and trading in OTC Equity Securities under these circumstances.

FINRA has filed the proposed rule change for immediate effectiveness and it is operative on the date of filing.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁷ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change is consistent with the circuit breaker rules of other SROs and will further the goal of investor protection by providing a coordinated means to address potentially destabilizing market volatility.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A) of the Act⁸ and paragraph (f)(1) of Rule 19b-4 thereunder,⁹ in that the proposed rule change is a stated policy, practice or interpretation with respect to the meaning, administration or enforcement of an existing rule. At

any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the NASDAQ OMX PHLX, Inc. Relating to Deleting Unnecessary Fees

October 8, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

¹⁰ 17 CFR 200.30-3(a)(12).

¹¹ On September 25, 2008, the SEC approved proposed rule change SR-FINRA-2008-021, in which FINRA proposed, among other things, to adopt the NASD Marketplace Rules (the NASD Rule 4000 through 7000 Series) as the FINRA Rule 6000 through 7000 Series in the Consolidated FINRA Rulebook. See Securities Exchange Act Release No. 58643 (September 25, 2008), 73 FR 57174 (October 1, 2008) (Order Approving SR-FINRA-2008-021; SR-FINRA-2008-022; SR-FINRA-2008-026; SR-FINRA-2008-028 and SR-FINRA-2008-029). As part of that proposed rule change, FINRA adopted the provisions of NASD Rule 6660 as new FINRA Rule 6460 relating to trading and quotation halts in OTC Equity Securities.

(“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 1, 2008, the NASDAQ OMX PHLX, Inc. (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange, pursuant to Section 19(b)(1) of the Act³ and Rule 19b-4 thereunder,⁴ proposes to update its fee schedules by deleting fees that the Exchange has deemed no longer necessary.

Specifically, the Exchange proposes to delete its Summary of Physical Delivery Currency Option Charges fee schedule. The Exchange also proposes to delete the following fees from Appendix A of its fee schedule: Foreign Currency User Fee; Transfer Fee for Foreign Currency Options (“FCO”) Participant; Direct Wire to the Floor; Wireless Telephone System; Tether Initial Connectivity Fee;⁵ Execution Services/Communication Charge; Phlx CCH Wall Street (“CCH”) Guide; Option Report Service (New York and Chicago); Instinet, Reuters Equipment; and the Hyperfeed fee.

While changes to the fee schedule pursuant to this proposal are effective upon filing, the Exchange has designated these changes to become effective on October 1, 2008.

The text of the proposed rule change is available on the Exchange's Web site at http://www.phlx.com/regulatory/reg_rulefilings.aspx.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to update the Exchange's fee schedule to delete fees that the Exchange believes are no longer necessary. Specifically, the Exchange no longer provides a trading venue for physical delivery FCOs. Thus, the Summary of Physical Delivery Currency Option Charges no longer applies to products traded at the Exchange.⁶

Additionally, the Exchange no longer offers FCO participations. Therefore, the Foreign Currency User Fee and the Transfer Fee for FCO Participants are no longer necessary.

For business purposes, the Exchange has determined not to assess the following fees: Direct Wire to the Floor; Wireless Telephone System; and Execution Service/Communication Charges. These fees, which relate generally to telephone access to the floor, are not deemed necessary at this time. Additionally, the Exchange believes the Tether Initial Connectivity Fee, which refers to establishing a hardwire connection to an existing communication network on the trading floor, is no longer necessary at this time. Currently, there is not a significant demand for this type of telephone access to the floor or for establishing a hardwire connection to an existing communication network on the trading floor.

With respect to the Phlx CCH Guide, which includes Phlx By-Laws and rules, the Exchange will no longer supply members with a hard copy of the Phlx CCH Guide because the guide is now available on-line through the Phlx Web site.⁷ The fees relating to the Option Report Service (New York and Chicago), Instinet, Reuters Equipment, and Hyperfeed are not required because these services are no longer being offered by the Exchange.

While changes to the fee schedule pursuant to this proposal are effective upon filing, the Exchange has designated these changes to become effective on October 1, 2008.

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(1).

⁴ 17 CFR 240.19b-4.

⁵ The \$150 Tether Monthly Service Fee will continue to be assessed.

⁶ Exchange members, however, may still trade foreign currency options. The Exchange currently has a separate fee schedule for U.S. dollar-settled foreign currency options.

⁷ There is no fee to access the Phlx CCH Guide on-line.
