INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731-TA-1131-1134 (Final)]

Polyethylene Terephthalate Film, Sheet, and Strip From Brazil, China, Thailand, and the United Arab Emirates; Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is threatened with material injury by reason of imports from Brazil, China, and the United Arab Emirates ("UAE") of polyethylene terephthalate film, sheet, and strip ("PET film"), provided for in subheading 3920.62.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV").² In addition, the Commission determines that it would not have found material injury but for the suspension of liquidation.

The Commission further determines that an industry in the United States is not materially injured or threatened with material injury, and the establishment of an industry in the United States is not materially retarded by reason of imports from Thailand of PET film that have been found by Commerce to be sold in the United States at LTFV.²

Background

The Commission instituted this investigation effective September 28, 2007, following receipt of a petition filed with the Commission and Commerce by DuPont Teijin Films, Hopewell, VA; Mitsubishi Polyester Film of America, Greer, SC; SKC America, Inc., Covington, GA; and Toray Plastics (America), Inc., North Kingston, RI. The final phase of the investigations was scheduled by the Commission following notification of a preliminary determination by Commerce that imports of polyethylene terephthalate from Brazil, China, Thailand, and the UAE were being sold at LTFV within the meaning of section

¹ The record is defined in Sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² Commissioner Charlotte R. Lane determines that an industry in the United States is materially injured by reason of imports of PET film from Brazil, China, Thailand, and the United Arab Emirates.

733(b) of the Act (19 U.S.C. 1673d(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of June 26, 2008 (73 FR 36353). The hearing was held in Washington, DC, on September 18, 2008, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on October 31, 2008. The views of the Commission are contained in USITC Publication 4040 (October 2008), entitled *Polyethylene Terephthalate Film, Sheet, and Strip from Brazil, China, Thailand, and the United Arab Emirates: Investigation Nos. 731-TA-1131-1134 (Final)*.

By order of the Commission.

Issued: November 3, 2008.

Marilyn R. Abbott,

Secretary to the Commission.

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under Comprehensive Environmental Response, Compensation and Liability Act

Under 28 CFR 50.7, notice is hereby given that on October 30, 2008, three proposed and related Consent Decrees in *United States v. American Hoechst Corp., et al.*, No. 3:08cv1509, *United States v. A. R. Sandri, Inc., et al.*, No. 3:08cv1508, and *United States v. M. Swift & Sons, Inc., et al.*, No. 3:08cv1507, were lodged with the United States District Court for the District of Connecticut.

The proposed Consent Decrees resolve claims of the United States, on behalf of the Environmental Protection Agency ("EPA"), under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9601 *et seq.*, in connection with the Solvents

Recovery Service of New England, Inc. Superfund Site in Southington, Connecticut ("Site"), against 272 defendants.

The proposed Consent Decree in *U.S. v. American Hoechst Corp., et al.* requires 58 defendants to perform the Remedial Design/Remedial Action ("RD/RA") set forth in the Record of Decision ("ROD") for the Site. The remedy includes heating, capturing and treating waste oils and solvents in the subsurface soils; excavating, consolidating and capping contaminated soil and wetland soil onsite; continuing to pump and treat contaminated groundwater; implementation of restrictions on uses of the site property and groundwater; and long term monitoring of the cap and groundwater to ensure that the cleanup remains protective of human health and the environment. EPA estimates the cost of the remedy at \$29.9 million. This Consent Decree also requires the defendants: (1) To pay \$2.2 million to EPA for its past response costs; (2) to pay \$3.7 million to EPA from a trust account containing funds which have been set aside for those parties that would later agree to implement the ROD, in further reimbursement of EPA's past costs; (3) to pay EPA for its future costs; (4) to pay the U.S. Department of the Interior \$200,000 for federal natural resource damages, including the costs of assessing those damages; and (5) to pay the State of Connecticut \$2,625,000 for damages to natural resources under the State's trusteeship, including the costs of assessing those damages.

The proposed Consent Decree in *U.S. v. A.R. Sandri, Inc., et al.* requires 213 *de minimis* defendants to pay \$23.3 million. These funds will be deposited into a trust and will be used to partially fund the performance of the remedy and the payments required under the settlement in *U.S. v. American Hoechst Corp., et al.*

The proposed Consent Decree in *U.S. v. M. Swift and Sons, Inc.* requires the sole settlor: (1) To pay \$903,861 to EPA in reimbursement of its past response costs; (2) to pay \$2,775 to DOI for federal natural resource damages including the costs of assessing those damages; and (3) to pay \$43,364 to the State for damages to natural resources under the State's trusteeship, including the costs of assessing those damages.

All three proposed Consent Decrees provide that the settlors are entitled to contribution protection as provided by section 113(f)(2) of CERCLA, 42 U.S.C. 9613(f)(2) for matters addressed by the settlements.

The Department of Justice will receive for a period of 30 days from the date of
