#### Federal Energy Regulatory Commission

[Docket No. CP08-67-000]

### Tennessee Gas Pipeline Company; Notice of Request Under Blanket Authorization

February 6, 2008.

Take notice that on February 1, 2008, Tennessee Gas Pipeline Company (Tennessee), 1001 Louisiana, Houston, Texas 77002, filed in Docket No. CP08-67-000, a prior notice request pursuant to sections 157.205 and 157.212 of the Federal Energy Regulatory Commission's regulations under the Natural Gas Act for authorization to construct, own, and operate an interconnection with Golden Pass Pipeline LLC (Golden Pass), located in Calcasieu Parish, Louisiana, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at http:// www.ferc.gov using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TYY, (202) 502-8659.

Specifically, Tennessee proposes to establish a new interconnection with Golden Pass on Tennessee's pipeline designated as Line 800-1 at an existing side valve in Calcasieu Parish, Louisiana. Tennessee proposes to install a twenty-four inch flanged tee, as well as appurtenances constructed pursuant to section 2.55(a), including a ball valve, check valve, electronic gas measurement, chromatograph with sensing elements, communications for SCADA, and an 8 x 10 building. Tennessee estimates the cost of the interconnection facilities to be \$387,000, for which Tennessee will be fully reimbursed by Golden Pass. Tennessee states that the interconnection will allow Golden Pass to deliver and Tennessee to receive up to 600 MMcf/day.

Any questions regarding the application should be directed to Jay V. Allen, Senior Counsel, Tennessee Gas Pipeline Company, 1001 Louisiana, Houston, Texas 77002, call (713) 420–5589 or fax (713) 420–1601, or Debbie Kalisek, Analyst, Certificates & Regulatory Compliance, call (713) 420–3292 or fax (713) 420–1605.

Any person or the Commission's Staff may, within 60 days after the issuance of the instant notice by the Commission,

file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (http://www.ferc.gov) under the "e-Filing" link.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-ORD-2008-0067, FRL-8527-7]

Agency Information Collection Activities: Proposed Collection; Comment Request; Technology Performance and Product Information To Support Vendor Information Summaries (Renewal), EPA ICR Number 2154.03, OMB Control Number 2050–0194

**AGENCY:** Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et seq.), this document announces that EPA is planning to submit a continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB). This is a request to renew an existing approved collection. This ICR is scheduled to expire on May 31, 2008. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

**DATES:** Comments must be submitted on or before April 14, 2008.

**ADDRESSES:** Submit your comments, referencing docket ID number EPA-HQ-

ORD-2008-0067, by one of the following methods:

- http://www.regulations.gov: (Our preferred method) Follow the on-line instructions for submitting comments.
  - E-mail: ord.docket@epa.gov.
  - Fax: 202-566-9744.
- Mail: Office of Research & Development Docket, Environmental Protection Agency, Mail Code: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.
- Hand Delivery: EPA Docket Center, Public Reading Room, EPA West Building, Room 3334, 1301 Constitution Avenue, NW., Washington, DC 20004. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-ORD-2008-0067. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at http:// www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through http:// www.regulations.gov or e-mail. The http://www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at http:// www.epa.gov/epahome/dockets.htm.

#### SUPPLEMENTARY INFORMATION:

## How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for this ICR under Docket ID No. EPA–HQ–ORD–2008–0067, which is available for online viewing at http://www.regulations.gov, or in person viewing at the ORD Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202–566–1744, and the telephone number for the ORD Docket is 202–566–1752.

Use http://www.regulations.gov to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

## What Information Is EPA Particularly Interested In?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

- (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (iii) enhance the quality, utility, and clarity of the information to be collected; and
- (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork

burden for very small businesses affected by this collection.

# What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

- 1. Explain your views as clearly as possible and provide specific examples.
- 2. Describe any assumptions that you used
- 3. Provide copies of any technical information and/or data you used that support your views.
- 4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
- 5. Offer alternative ways to improve the collection activity.
- 6. Make sure to submit your comments by the deadline identified under **DATES.**
- 7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

# What Information Collection Activity or ICR Does This Apply To?

Affected entities: Entities potentially affected by this action are vendors and developers of technologies (commercially available and those under development) that are intended to be used to decontaminate structures (e.g., buildings (interior and exterior) and water distribution systems) contaminated with chemical, biological, or radiological materials and technologies for use in detecting, measuring, and monitoring these same materials in air, on surfaces, and in water.

*Title:* Technology Performance and Product Information To Support Vendor Information Summaries (Renewal).

ICR numbers: EPA ICR No. 2154.03 OMB Control No. 2050–0194.

ICR status: This ICR is currently scheduled to expire on May 31, 2008. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the Federal Register or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The U.S. EPA Office of Research and Development's National Homeland Security Research Center (NHSRC) is helping to protect human health and the environment from adverse impacts resulting from intentional acts of terror. With an emphasis on decontamination and consequence management, water infrastructure protection, and threat and consequence assessment, NHSRC scientists and engineers are working to develop tools and information that will help detect the intentional introduction of chemical, biological, and radiological contaminants in buildings or water systems, the containment of these contaminants, the decontamination of buildings and/or water systems, and the disposal of material resulting from cleanups.

An important facet of the NHSRC mission is identifying, testing, and evaluating technologies to support emergency response personnel, consequence managers, decisionmakers, and government officials. EPA has initiated this effort to develop brief vendor information summaries of available technologies relevant to the detection and decontamination of drinking water systems, building materials, building structures, and indoor air that may become contaminated with chemical, biological, or radiological contaminants. These summaries will be based upon vendorgenerated or -provided information including any independent, validated test data generated by governmental or other organizations and provided to EPA through this ICR. Information provided will be used to produce 4-10 page summaries on each of the technologies for which vendors voluntarily agreed to submit the requested information. These summaries will be shared with EPA and other emergency response personnel, building and facility managers, and water utility operators. The information provided by technology developers and vendors will also be used by the NHSRC's Technology Testing and Evaluation Program (TTEP) to identify technologies that may be suitable candidates for testing and evaluation and to track those technologies under development that may eventually be ready for rigorous testing and evaluation.

The submission of information is voluntary. Because the summarized information will be publicly available, technology vendors/developers will be discouraged from submitting CBI. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it

displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 15 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here: Estimated total number of potential respondents: 70.

Frequency of response: On occasion. Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 1050 hours.

Estimated total annual costs: \$82,460. This includes an estimated burden cost of \$82,040 and an estimated cost of \$420 for capital investment or maintenance and operational costs.

## What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another Federal Register notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under FOR FURTHER INFORMATION CONTACT.

Dated: January 24, 2008.
